Fabric colors (**) See the color card at the beginning of catalogue.

Unicanvas has previously installed metal zippers on the bag awning. Two 96" zippers for the sides and two zippers of equal length joining in the center to complete the front. This will allow your customer to buy a screen room or add-a-room at a later date. Your new trailer tent client will be happy to know he can increase his living space so easily. The bag will exceed the fabric of 3 1/2" on each side and has a height of 6 1/4". To replace the fabric on other models of bag awnings, the old fabric must be supplied.
