Cover-Tech™ Portable Containers
Safe, Accessible, Storage for Disaster Recovery

Our portable storage containers are designed for easy set up, and can be used anywhere – off-site, on-site, inside or out. Disaster recovery companies will enjoy increased profit by providing rental of containers for individual insurance claims.

Storage containers from Cover-Tech™ will protect assets, allow businesses to operate, and provide families with a safe way to store valuables. Delivery is simple – simply load the container on a flatbed with the built in forklift guides and its ready for the next job.

• Available in lengths of 40”, 7’, 10’, 13’, 16’, 20’
• Heavy duty steel construction
• Effective short or long term storage solutions
• Fast on-site delivery
