Cristalma

TRASPARENZA E COLORE

Il vetro è uno dei più antichi materiali lavorati dall'uomo. La realizzazione dei bicchieri di qualità richiede un'esperienza di anni e di grande abilità artigianale. Forme moderne e di design si sovrappongono a forme classiche nella lavorazione sempre uguale delle fornaci. Il vetro fuso a 1400°C, viene poi lavorato da una squadra di artigiani che con abilità forma il bicchiere. Ideazione e realizzazione Artigianale sono la tradizione della Cristalma.

Glass is one of the oldest material shake by man. The production of glasses with good quality requie years of exsperience and high craftmanship. Modern design forms alternates classical forms in the unchanged making of the furnaces. Glass melted at 1400°C, is afterworks shake by a workers team that with ability make glasses. Craftmen ideas and carring out are the tradidition of Cristalma.

Le verre est l'un des matériaux les plus anciens du monde. La fabrication de verres de qualité exige une très longue expérience et une grande habilité artisanale. Formes modernes et de design superposent à formes classiques dans le travail toujours pareil des jours. Le verre fondu à 1400°C, est travaillé par une équipe de verriers qui forme le verre habilment. L'artisanat et la création sont la tradition de Cristalma.

MADE IN ITALY

La ditta Cristalma, è un'azienda nata nel 1968 dai fratelli, Enzo, e Michele Mastantuoni a Monza, è da sempre impegnata nella progettazione e produzione di bicchieri, caraffe ed oggetti in vetro.

La CRISTALMA presenta la collezione "Trasparenza e colori", studiata e realizzata essenzialmente per l'attività di gelaterie e bar-pasticceria, "Trasparenza e colori" fonde le tradizionali forme di design attuali e impreziosisce la sempre attuale trasparenza del vetro con intarsi e inserimenti di nuovi colori.

Le nuove prospettive commerciali e la globalizzazione dei mercati internazionali portano la ditta CRISTALMA alla ricerca di soluzioni sempre nuove e originali, nel solco della lavorazione artigianale del vetro soffiato, al servizio della funzionalità e della eleganza nella presentazione di gelati e bevande in genere. Funzionalità che, con la perfetta unione di tempera e soffiatura del vetro, rende i manufatti CRISTALMA particolarmente adatti ad sostenere choc termici e infiniti lavaggi.

Personalizzazioni e centinaia di bicchieri esclusivi sono altre possibilità che la dinamica azienda monzese offre ai suoi clienti, vecchi e nuovi; le coppe, i bicchieri e i contenitori con coperchio si moltiplicano in molteplici colorazioni; con possibilità infine di rendere unici ed esclusivi i vostri "vetri di lavoro" con molature marchi personalizzati, molature che fratelli Mastantuoni eseguono personalmente con cura e certissima precisione.
