

FIRST AID TRAINING COURSES

FAA Approved Trainers

Our first aid courses, delivered by experienced trainers, are a combination of theoretical knowledge and practical sessions that are designed to teach current best practice and build practical confidence.

At GH Safety, we can offer a full range of first aid training to suit your requirements including:

- **Emergency First Aid at Work 1 Day (EFAW)**
- **First Aid At Work 3 Days (FAW)**
- **First Aid at Work Requalification 2 days**
- **Paediatric First Aid**
- **Annual Refresher Training**
- **Outdoor First Aid L3**
- **Bespoke First Aid Courses**

Our team has a wide range of experience delivering first aid training at all levels and integrates their real life experience of delivering emergency first aid in the workplace.

As FAA approved trainers, we always train to the latest protocol and regulations. We can offer a range of courses and through our OFQUAL regulated awarding body we can offer accredited, nationally recognised Level 2 and 3 qualifications.

Our first aid training is flexible and can fit in with your needs. We train both 'in house' groups or individuals either at your premises or by attending one of our 'open' training events. If you are a training organisation, we can also simply provide a trainer for your own events.
