Valuing Diversity and Promoting Inclusion and Equality Policy

Policy statement

Binfield Preschool is committed to ensuring that our service is fully inclusive in meeting the needs of all children.

We recognise that children and their families come from a wide range of backgrounds with individual needs, beliefs, and values. They may grow up in family structures that include one or two parents of the same or different sex. Children may have close links or live with extended families of grandparents, aunts, uncles, and cousins; while other children may be more removed from close kin or may live with other relatives or foster carers. Some children come from families who experience social exclusion, severe hardship; discrimination and prejudice because of their ethnicity, disability and/or ability, the languages they speak, their religious or personal beliefs, their sexual orientation and marital status. Some individuals face discrimination linked to their gender and some women are discriminated against because of their pregnancy and maternity status. We understand that all these factors can affect the well-being of children within these families and may adversely impact on children’s learning, attainment, and life outcomes.

We are committed to anti-discriminatory practice to promote equality of opportunity and valuing diversity for all children and families using our setting. We aim to:

- promote equality and value diversity within our service and foster good relations with the local community
- actively include all families and value the positive contribution they make to our service
- promote a positive non-stereotyping environment that promotes dignity, respect and understanding of difference in all forms
- provide a secure and accessible environment in which every child feels safe and equally included
- improve our knowledge and understanding of issues relating to anti-discriminatory practice
- challenge and eliminate discriminatory actions on the basis of a protected characteristic, as defined by the Equality Act (2010) namely:
  - age
  - gender
  - gender reassignment
  - marital status
  - pregnancy and maternity
  - race
▪ disability
▪ sexual orientation
▪ religion or belief

▪ where possible, we take positive action to benefit groups or individuals with protected characteristics who are disadvantaged, have a disproportional representation within the service or need different things from the service

Procedures

Admissions

Our setting is open and accessible to all members of the community.

▪ We base our Admissions Policy on a fair system
▪ We do not discriminate against a child or their family in our service provision, including preventing their entry to our setting based on a protected characteristic, as defined by the Equality Act (2010)
▪ We advertise our service widely
▪ We provide information in clear, concise language, whether in spoken or written form and provide information in other languages (wherever possible)
▪ We reflect the diversity of our community and wider society in our publicity and promotional materials
▪ We provide information on our offer of provision for children with special educational needs and disabilities
▪ We ensure that all parents are made aware of our Valuing Diversity and Promoting Inclusion and Equality Policy
▪ We make reasonable adjustments to ensure that disabled children can participate successfully in the services and in the curriculum offered by the setting
▪ We ensure, wherever possible, that we have a balanced intake of boys and girls in the setting
▪ We act against any discriminatory, prejudice, harassing or victimising behaviour by our staff, volunteers or parents whether by:
  ▪ direct discrimination – someone is treated less favourably because of a protected characteristic e.g. preventing families of a specific ethnic group from using the service
  ▪ indirect discrimination – someone is affected unfavourably by a general policy e.g. children must only speak English in the setting
  ▪ discrimination arising from a disability – someone is treated less favourably because of something connected with their disability e.g. a child with a visual impairment is excluded from an activity
  ▪ association – discriminating against someone who is associated with a person with a protected characteristic e.g. behaving unfavourably to someone who is married to a person from a different cultural background
  ▪ perception – discrimination on the basis that it is thought someone has a protected characteristic e.g. making assumptions about someone's sexual orientation
We will not tolerate behaviour from an adult who demonstrates dislike or prejudice towards individuals who are perceived to be from another country (xenophobia)

Displaying of openly discriminatory xenophobic and possibly offensive or threatening materials, name calling, or threatening behaviour are unacceptable on, or around, our premises and will be dealt with immediately and discreetly by asking the adult to stop using the unacceptable behaviour and inviting them to read and to act in accordance with the relevant policy statement and procedure. Failure to comply may lead to the adult being excluded from the premises

**Employment**

- We advertise posts and all applicants are judged against explicit and fair criteria
- Applicants are welcome from all backgrounds and posts are open to all
- We may use the exemption clauses in relevant legislation to enable the service to best meet the needs of the community
- The applicant who best meets the criteria is offered the post, subject to references and suitability checks. This ensures fairness in the selection process
- All our job descriptions include a commitment to promoting equality and recognizing and respecting diversity as part of their specifications
- We monitor our application process to ensure that it is fair and accessible

**Training**

- We seek out training opportunities for staff and volunteers to enable them to develop anti-discriminatory and inclusive practices
- We ensure that our staff are confident and fully trained in administering relevant medicines and performing invasive care procedures on children when these are required
- We review our practices to ensure that we are fully implementing our policy for Valuing Diversity and Promoting Equality

**Curriculum**

- The curriculum offered in our setting encourages children to develop positive attitudes about themselves, as well as about people who are different from themselves. It encourages development of confidence and self-esteem, empathy, critical thinking, and reflection

We ensure that our practice is fully inclusive by:

- creating an environment of mutual respect and tolerance
- modelling desirable behaviour to children and helping children to understand that discriminatory behaviour and remarks are hurtful and unacceptable
- positively reflecting the widest possible range of communities within resources
- avoiding use of stereotypes or derogatory images within our books or any other visual materials
- celebrating locally observed festivals and holy days
ensuring that children who are learning English as an additional language have full access to the curriculum and are supported in their learning

ensuring that disabled children with and without special educational needs are fully supported

ensuring that children speaking languages other than English are supported in the maintenance and development of their home languages

We will ensure that our environment is as accessible as possible for all visitors and service users. We do this by:

undertaking an access audit to establish if the setting is accessible to all disabled children and adults. If access to the setting is found to treat disabled children or adults less favourably, then we make reasonable adjustments to accommodate the needs of disabled children and adults

fully differentiating the environment, resources, and curriculum to accommodate a wide range of learning, physical and sensory needs

Valuing diversity in families

We welcome the diversity of family lifestyles and work with all families

We encourage children to contribute stories of their everyday life to the setting

We encourage mothers, fathers, and other carers to take part in the life of the setting and to contribute fully

For families who speak languages in addition to English, we will develop means to encourage their full inclusion

We offer a flexible payment system for families experiencing financial difficulties and offer information regarding sources of financial support

We take positive action to encourage disadvantaged and under-represented groups to use the setting

Food

We work in partnership with parents to ensure that dietary requirements of children that arise from their medical, religious, or cultural needs are met wherever possible

We help children to learn about a range of food, and of cultural approaches to mealtimes and eating, and to respect the differences among them

Meetings

Meetings are arranged to ensure that all families who wish to may be involved in the running of the setting

We positively encourage fathers to be involved in the setting, especially those fathers who do not live with the child

Information about meetings is communicated in a variety of ways - written, verbal and where resources allow in translation – to ensure that all mothers and fathers have information about, and access to, the meetings

Monitoring and reviewing

So that our policies and procedures remain effective, we monitor and review them annually to ensure our strategies meet our overall aims to promote equality, inclusion and to value diversity

We provide a complaints procedure and a complaints summary record for parents to see
