

HILTON LAMINATING

Combo wire + comb

The combo has both WIRE and COMB punching dies, this versatile and easy-to-use combo binder allows you to punch and bind both Wires in 3:1 Pitch and Plastic Comb in one single machine, without ever changing punching dies.

FEATURES

Heavy-duty / Multi-Functional (versatile) / Reliable / Easy to use.

Die Disengagement Pins: All dies can be independently disengaged, allows punching of any size document while preventing partial side-end perforation.

Side Margin Control: Provides an evenly centered punch for all document sizes. Vertical Wire Closer.

Wire Holder: Holds wire in place for easier inserting of sheets.

Waste Drawer

Diameter Scale: Measures document's thickness in order to select best wire/comb size option.

Master Selector: Determines the correct wire diameter, closing position, depth margin and wire pitch.

Wire Closer Control: With continuous adjusting scale for an exact and secure closure every time.

Punch Throat and Ruler for Comb & Wire.

Open Punching Throat & Continuous Punching Guide.

Depth Margin Control: Provides the correct punch margin depth for each wire/comb size.

Wire & Comb Punch handle & closer.
