Wiremac EX

All-In-One Electric Wire Punch and Manual Wire Closer

With its heavy-duty punch motor, built-in wire closer and complete system of functions, the WireMac EX makes wire binding fast, easy, convenient and professional.

FEATURES:

All Electric Operation: Powerful punching & inserting capability with a simple press of foot pedal.

Extended Single Punching Length (14"): With open ends & continuous punch guide to easily punch longer documents.

High Volume Punch Capacity: Suggested up to 25-sheet for 80 gsm paper, or 2.6mm hardboard 28-sheet equivalent.

Industrial-Grade Roller Motor: Heavy-Duty motor (3 times heavier-duty than other similar machines in its class).

Super Strength Punch Mechanism with exclusive "Precision Guiding

System™" Blade Set: Cast-hardened & heat-treated steel dies provide superior strength & hardness. Exclusive "precision guiding system" guarantees a sharp & clean perforation everytime. **Electric**

Reverse (Anti-Jam) Function: For trouble-free punching.

U-shaped Alignment Channel: Assists the operator to properly shape the document's spine, for faster & easier coil insertion.

Side Margin Control: Provides an evenly centered punch for all document sizes.

Punching Margin Control: Provides the correct punch-margin-depth for each coil size and maximizes the document's tear resistance.

Rugged ALL Metal Construction: Makes it the most reliable & durable coil binding system in its class.
Extra-High-Capacity Waste Drawer
6 Height-Adjustable Non-Skid Metal Feet

CE Certification: All components certified & approved by CE for most stringent safety requirements.

ISO9001 & 14001 Quality: Manufactured under ISO9001 & 14001 guidelines for highest quality control & environmental management standards
