COMPOSITE DOOR COLLECTION

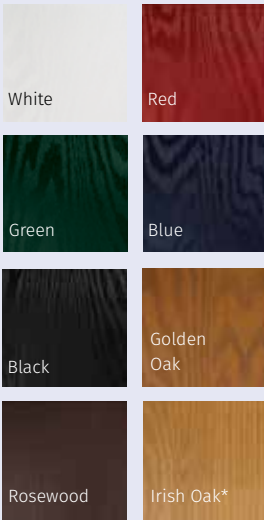

# THE WIDEST RANGE OF COLOURS

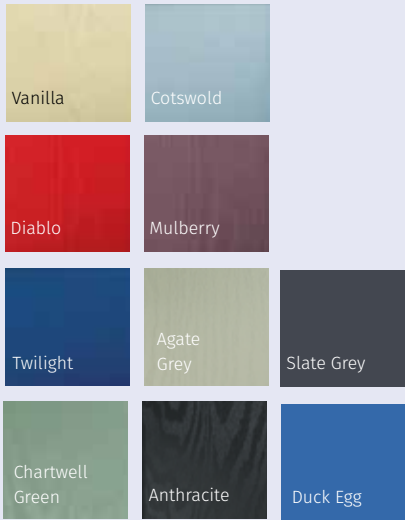

With our high performance paint technology, we can offer a wide range of colours for doors and colour foils for door frames giving you a fantastic choice for your home.

Doors are white inside. Frames are smooth white inside. Actual product colours may vary from colours shown on your monitor or printed brochure. Colours can be verified by ordering a colour swatch sample from your installer.

All of our composite doors come in a wide range of different colours, from traditional to flamboyant, so we've made sure you can now colour match your door and drip bar in most colours from our colour collection. Please ask your installer for more details.

# LOCK POSITION OPTIONS

Sometimes the small details really make the difference. That's why we've even considered lock positions when it comes to creating the perfect door. Simply choose the option that best suits you to add the personal finishing touch.

The Heritage Lock option allows you to place the lock higher up the door for all slam shut designs.

The Standard Lock option places the lock in the middle of the door for all slam shut designs.

# PULL BAR LENGTH OPTIONS

Big and chunky, small and dainty, the choice is yours. We have various pull bar lengths to let you add yet another personal stamp on your chosen door. Simply choose an option and we'll do the rest!

# TRADITIONAL DOORS

The range of traditional doors are designed to replicate the most popular timber doors and come with highly defined mouldings and realistic wood-grain embossing on the surface. Whether used in a Victorian home, a modern townhouse or a farmhouse cottage, these doors always add to the appearance of the entryway and with the widest range of styles available in the market, there is a door for everyone.

These doors are transformed by the choice of decorative glass and colour and with 16 door colours available and a huge range of glass options from the simple diamonds of Classic through to the stunning multi-faced bevelling and black chrome of Reflections, these doors can make a real statement.

With the range of Traditional door styles, we can also tailor the furniture to suit your tastes. Finger pulls are an option should you wish to change from the standard lever handle.

# DOOR LOCKS AND FURNITURE

Our multipoint lock range offers outstanding protection against attempted burglary with our doors having passed the rigorous PAS 24: 2012 tests including: manual attack, mechanical load, soft and hard body impact, plus a key/thumb cut through test. The lock will comprise of a series of hooks with a centre deadbolt lock case.

The hooks are engaged into receivers in the outer frame upon lifting the handle or by a semi-automatic function on 'slam-shut' variants. The designs protect the door from forced entry by remaining firm inside the receiver.

Thumb turn cylinders are supplied as standard with pull bar or pull eschuteon doors

On door sets with lever handles, the lock is centrally set with hook locks set close to the top and bottom of the door, whilst on part of the Contemporary and Inox range, we offer a multipoint lock with a high level cylinder and escutcheon offering the same security features as standard doors.

All locks are manufactured in Europe to exceptional quality standards and exceed current regulations. The manufacturers are quality controlled to ISO9001 and ISO14001.
