Ailesbury Clinic

Keeping Everyone Safe at Ailesbury Clinic
Dublin & Cork
Health & Safety Step by Step at Ailesbury Clinic

1. If you’ve been unwell within 14 days, please call us to reschedule your appointment.

2. If you have been in close contact with someone who is a suspected/confirmed case of COVID-19 in the past 14 days, please call us to reschedule your appointment which we will happily do with no extra cost.

3. For the health and safety of patients and staff we are now doing rapid COVID-19 antigen test on all patients prior to your treatment.

4. Come prepared. Please arrive 30 minutes before your appointment at the designated area for your rapid antigen Covid test.
Our Promise To You

Ailesbury Clinic will take all necessary and appropriate measures to fulfill our duty of care and protect the health of our clients and our employees.

Ailesbury Clinic commits to:

1. Closely monitoring local conditions and developments along with national and international news, as the coronavirus situation continues to evolve.

2. Deciding on an ongoing basis if the instructions we have given employees are appropriate or if we need to order further measures.

3. Making sure that employees are aware of the bespoke policies, protocols and practices that apply to our workplace, for example, regarding travel or face-to-face contact with the public and customers.

4. Continuing to provide a safe place and system of work, and ensuring that common work areas are clean and cleaned regularly and that clean hand washing facilities are available.

5. Issuing regular instructions concerning hygiene in the workplace.
Health & Safety

Appointments have been spaced such that staff can perform thorough cleaning and disinfection between each patient. All surfaces will be frequently cleaned. Each staff member will have temperature checks twice a day and also have a PCR test regularly.

Ailesbury have added an extra layer of safety for all of our patients. All patients will now be tested on arrival with a rapid COVID-19 antigen test which will give results in 15 minutes. The cost will be €20. For more information on this type of testing visit www.pkmedica.ie.

Symptoms

If you have had any of the following symptoms or have been in close contact with anybody with any of the following symptoms within the last 14 days, please call the clinic and we will happily reschedule your appointment or treatment with no extra cost:

- High Fever
- Chills or sweats
- Loss of taste or smell
- Shortness of breath
- Headache
- Sore throat
- Aches and pains that are new

Appointment Times

In order to reduce proximity between visitors to the clinic, we have devised timing protocols that will ensure distancing and improve safety for you. It is important to arrive at your scheduled appointment time. We kindly ask that you arrive at your appointment time and not earlier or later. If you think you will be more than 5 minutes late, please call the clinic prior to entering as your appointment may need to be rescheduled. Ideally you should give yourself plenty of time to arrive at the clinic, and if you are a few minutes early, either call the clinic to check if you can enter or wait until your exact appointment time.

Being Prepared

Please do not wear makeup to the clinic if you are having a consultation for skin or face procedures. Make sure that your skin is thoroughly cleansed prior to arriving.
Clients visiting

Please come alone to your appointment. If you do need to bring someone along, please let us know. If you are undergoing a procedure where you cannot drive afterwards, please organise someone to arrive at a designated time to collect you.

Ailesbury Clinic are taking all the necessary and appropriate measures to protect the safety of our patients and staff.

Testing

Every patient visiting the clinic will require a Rapid Antigen Detection Test. This is a very quick test called Drop Tech that uses a nasopharyngeal swab which will be performed by one of our nurses. Upon arrival you will be directed to a designated area and swabbed. We will ask you to return to your car until the result is available, the nurse will then phone you to come in the main entrance.

- When arriving please go to the back entrance where the nurse will greet you.
- You will be brought in for your COVID Test and sent back out to your car.
- After 15 minutes the nurse will phone you with your result.
Please clean your hands thoroughly when entering the clinic using the hand sanitiser provided.
If you do not have a mask upon arrival, Ailesbury Clinic will supply you with one.
Masks have to be worn at all times unless medical staff ask you to remove them.
Your temperature will be taken by reception when you arrive at the clinic. If you have an elevated temperature, we will reschedule your appointment for you.
