

HUSQVARNA 536LiB

Well-balanced, comfortable and efficient professional battery blower. The machine's low noise level allows you to work in the most public of settings. An easy tap on the keypad starts the machine instantly at all times and the cruise control means full focus on blowing leaves and debris away. The blower also has a boost power mode that gives you a little extra power when needed.

Li-ion power

The Li-ion battery provides long lasting power and top class performance.

Ergonomic handle

Ergonomically shaped handle for greater comfort and easy access to the controls.

Cruise control

Blowing speed can be set at optionally rpm for optimum handling.

Boost effect

Maximized blowing speed during limited time through easy accessible boost mode.

Advanced motor fan design

Best performance in pro battery class due to the advanced electric motor fan design.

Lightweight design

Low total weight through less components and lightweight electric motor in comparison with petrol machines.

Additional features

Excellent ergonomics

Excellent ergonomics through its exceptional product balance, comfortable handle grip and intuitive keypad.

Efficient brushless motor

Our in-house developed, advanced brushless motor is 25 % more efficient than a standard brush motor. This means that the motor provides a high and consistent torque.

In lined outlet

The fan housing is designed so that the air stream is in lined with the handle. This makes the machine very easy to manoeuvre.

Comfortable working position

Working with harness and eyelet equipped machine gives a comfortable working position.

Gear up for nonstop operation

Our battery accessories allow you to carry on and get the job done as quickly and efficiently as possible.

Low noise levels

Low noise levels enable longer working hours and the possibility to work in noise sensitive and restricted areas.

One battery fits all

The 36V Li-ion battery pack is designed for demanding, long lasting professional use. It fits all our handheld machines, which allows you to quickly switch the same battery between a trimmer, blower, chainsaw and hedge trimmer and keep working.

Adjustable tube length

The blowing tube length is adjustable for best performance.

Low maintenance

No refilling of fuel, less parts to serve and an electronically controlled drive system means less downtime and low operation costs.

Technical data

Battery

Battery voltage	36 V
Battery type	Li-Ion
Battery runtime (free run)	21 min
Motor type	BLDC (brushless)

Air

Air flow in housing	13.6 m ³ /min / 480.28 cfm
Air flow in pipe	12.5 m ³ /min / 441.43 cfm
Air speed	54 m/s / 120.79 mph

Vibration & noise data

Equivalent vibration level (ahv, eq) front / rear handle	0/0.5 m/s ²
Sound pressure level at operators ear	82 dB(A)
Sound power level, guaranteed (LWA)	98 dB(A)

Overall dimensions

Weight (excl. battery and cutting equipment)	2.4 kg / 5.29 lbs
--	-------------------

Logistical Data

Product size, LxWxH	90x12x27 cm / 35.43x4.72x10.63 inch
---------------------	-------------------------------------

Accessories

967 24 19-01
Battery BLi150

The Li-ion battery provides long lasting power and top class performance.

966 77 59-01
BLi520X

The large Li-ion battery provides long lasting power and top class performance, and allows you to work efficiently with fewer breaks for changing battery. Wide, padded straps and hip belt make the harness comfortable to wear even through long shifts. Several adjustment possibilities to fit both tall and short users. The battery adapter fits all Husqvarna handheld battery products.
