

HUSQVARNA T536Li XP®

For professional users who want a lightweight, extremely easy-to-use top handle chainsaw with high performance. Perfect for arborists. A robust chainsaw with excellent ergonomics, high performance and high chainspeed.

Efficient brushless motor
Our in-house developed, advanced brushless motor is 25 % more efficient than a standard brush motor. This means that the motor provides a high and consistent torque.

Petrol performance
The 36V Li-ion battery pack provides an equally high power, reliable operation and long lifetime as petrol-driven machines - without any direct emissions. Also, you get as much done on a single charge, as you would manage on one tank of petrol.

One battery fits all
The 36V Li-ion battery pack is designed for demanding, long lasting professional use. It fits all our handheld machines, which allows you to quickly switch the same battery between a trimmer, blower, chainsaw and hedge trimmer and keep working.

Gear up for nonstop operation
Our battery accessories allow you to carry on and get the job done as quickly and efficiently as possible.

Li-ion power
The Li-ion battery provides long lasting power and top class performance.

savE™
Choose savE™ for maximum runtime.

Additional features

Intuitive key pad

The key pad is very easy to operate.

TechLite™

The light and strong TechLite™ bar makes the saw easier to manoeuvre. This bar is up to 18 % lighter compared to a conventional bar.

Rope attachment

A sturdy point for fastening a rope, making it easy to hoist the saw up into a tree.

Flip-up tank cap

The flip-up tank cap is easy to open.

High chain speed

High chain speed for fast, smooth cutting

Belt eye let

Makes it quick and easy to connect the saw to the climbing harness.

Inertia chain brake

Effective inertia-activated chain brake.

Retained bar nuts

The retaining function prevents losing the bar nuts.

Technical data**Battery**

Battery type	Li-Ion
Battery voltage	36 V
Cells per battery	20
Battery model name	--
Number of batteries included	--
Battery charger model name	--
Motor type	BLDC (brushless)

Lubricants

Oil tank volume	0.2 lit / 0.42 US pint
Oil pump type	Automatic
Oil pump capacity	0-200 ml/min

Vibration & noise data

Equivalent vibration level (ahv, eq) front / rear handle	2/2.4 m/s ²
Sound pressure level at operators ear	93 dB(A)
Sound power level, guaranteed (LWA)	106 dB(A)

Cutting equipment

Chain pitch	3/8"
Recommended bar length, min-max	25-35 cm / 10"-14"
Chain speed at max power	20 m/s / 65.62 fts

Overall dimensions

Weight (excl. battery and cutting equipment)	2.4 kg / 5.29 lbs
--	-------------------

Logistical Data

Product size, LxWxH	265x215x230 cm / 104.33x84.65x90.55 inch
Packaging size, LxWxH	480x260x280 mm / 18.9x10.24x11.02 inch

Standard equipment**501 95 95-45 - PIXEL 3/8" MINI Laminated Small bar mount**

The gentle curve and small nose radius reduce the risk of kickback and facilitate good cutting control. Bars are epoxy coated to protect against scratches and corrosion. Available in 3/8 inch pitch in lengths 10 inch to 16 inch.

**501 84 23-45 - Saw chain PIXEL H38 3/8" MINI Pitch 1,1 mm**

H38 is made for small saws and have chamfer-chisel cutters. It is a low-vibration/low-kickback chain. This chain is ideal for homeowners or consumer but also commercial users such as arborists. Designed for use on electric and on small gasoline-powered saws.
