

MATERIAL MOVES

****Please read
before attending
classes**

- **Social Distancing**

I have created a new sewing studio upstairs which allows us a more spacious learning environment and enables appropriate social distancing.

- **Face coverings**

For your safety I will be wearing a visor, please wear a visor or face covering.

- **Gloves**

Please do not come into the shop wearing your own gloves. You will be required to use hand sanitizer on arrival.

- **Sanitisation**

Door handles, hand rails, classroom areas and equipment will be sanitised frequently and after each class.

- **Bathroom**

If you need to use the bathroom during classes, please use the soap dispenser and a single use towel as provided. Used towels can be put in the basket below the sink for washing.

- **Emotional and mental wellbeing.**

I will continue to provide a peaceful and welcoming environment.

Please leave the news of the world outside.
