

Leamington & County Golf Club aims to operate a contemporary and forward-thinking dress policy, commensurate with a modern-day private members' golf club. Fashions and trends change in the golfing industry, and at Leamington & County Golf Club we do our best to embrace these without abandoning the traditional values our members expect.

A good standard of dress is expected of members and visitors both on the course, practice areas and in the clubhouse.

**On the Course:** Recognised golfing attire that can be bought in a Professional Shop should be worn in the correct and appropriate manner. If wearing shorts these should be knee length and tailored with no external pockets accompanied by white ankle or trainer socks. Men's golf shirts should be tucked in. It is accepted that dress regulations may differ for ladies, but all golfers are asked to adhere to what is traditionally acceptable. If in doubt, please contact the club before playing.

**Centenary Lounge and Patio Area:** Attire meeting the "On Course" dress code is acceptable on the patio area and in the Centenary Lounge including clean soft spiked or rubber soled golf shoes. In addition, smart casual wear is also acceptable including clean un-ripped jeans, trainers with socks or trainer socks and flip flops. Headwear is acceptable on the patio but should be removed in the Centenary Lounge. Some smart casual shirts are designed to be worn outside of the trousers and these are acceptable.

**Clubhouse Main Lounge:** Smart Casual is the preferred dress code for the Main Lounge. Attire meeting the criteria for the Centenary Lounge is acceptable provided it is clean and accompanied with formal footwear. ie: no golf shoes of any type. Members and guests are asked to be mindful of other users.

**General:** Some golf club functions may require alternative dress codes. (see Diary / Notice Board)

**Private Functions / Room Hires:** For private functions the hirer will be responsible for any dress codes they may wish to enforce. The club dress codes will not apply to private bookings that have exclusive use of sections of the clubhouse. Where there is joint use then the above dress codes shall apply.

Dress codes can be contentious, the above are a guideline as to what is acceptable at Leamington & County Golf Club, designed to enhance all members' and visitors' experience when at the club.

*Please note that all club staff and any fellow members may approach somebody if the dress regulations are not being adhered to. The dress codes should be enforced using common sense, such enforcement should not cause discourse or embarrassment to either a member or visitor when their attire is being questioned and they should only be asked to change when this is a practical resolution to the situation. How this situation is approached can have a profound impact on how our members and visitors perceive the club so please be polite and handle the situation sensitively, as member it may be better to report something you are uncomfortable with and ask a member of staff to deal with it.*

Members and visitors are asked not to change clothing or footwear in the club car parks (the practice ground car park is excluded).
