

MONICA DAN  
FOUNDER OF VOLUNTEERS FOUNDATION

THANK YOU SAUTIKUU  
FOR HELPING THE VF  
STUDENTS SHOW OFF  
THEIR POWERFUL VOICES

A group of students, part the Volunteers Foundation's program, had the beautiful opportunity offered by SautiKuu and its partner in LA to be part of a ten days theatre workshop.

From the moment they were informed they'd be travelling to Alego from Kibera to the moment they arrived back and long after, the excitement could not be contained. The travel, the learning of Shakespeare, in Swahili, the many programs run at SautiKuu during the ten days helped build confidence and a new learnings took place. The students developed the love for reading and acting, they discovered, enhanced and increased the use of their voice and created new friendships. The ten days were transformational. Two years after that event the words of Shakespeare still go around Kibera, in Swahili!

Thank you SautiKuu for helping the VF students show off their powerful voices. To many more similar workshops
