

WE CAN'T WAIT TO
SEE THEM ALL
AGAIN!

The Shakespeare Youth Festival and Sauti Kuu share a common mission - empowering young people. Last August, our staff and teen volunteers were welcomed into the Sauti Kuu family where, in this nurturing and supportive environment created by Dr. Auma and her extraordinary staff, we enjoyed a deep and successful collaboration in a cross-cultural exchange of classic stories, language, customs, disciplines and performing traditions. The process of re-working Shakespeare's famous Hamlet in three languages, coupled with the relationships forged in this unforgettable week, created an unbreakable bond between our two communities. We can't wait to see them all again!
