Introduction

Many people choose to arrange a memorial to provide a special place for family and friends to visit and spend time remembering.

At Spencer & Peyton we have our own monumental masonry team, workshops and showroom. Our stone masons are fully qualified, NAMM (National Association of Memorial Masons) and BRAMM (British Register of Accredited Memorial Masons) registered and have many years of experience working in the Basingstoke and surrounding areas.

Our staff will help guide you through the process of choosing or designing a lasting memorial for your loved one and this brochure shows a range of the many styles and finishes available.

We also offer Stone Insurance and Grave Tending services, please ask for details.

Headstones

The following pages are examples of some of the styles and finishes available. Use these in conjunction with the stone colours and shapes later in the brochure to help chose your memorial design. Many of the styles can also be adapted for cremation memorials.

Designing a Memorial

Shape

Choose the general shape of the stone using our guide on page 9.

Colour

Select the stone colour from our guide on page 10 but talk to our stone masons as some granites are not accepted in churchyards.

Ornamentation

To add extra ornamentation or a photo plaque, see page 11.

Colour Chippings

(If Kerb Set)

See our colour guide on page 12.

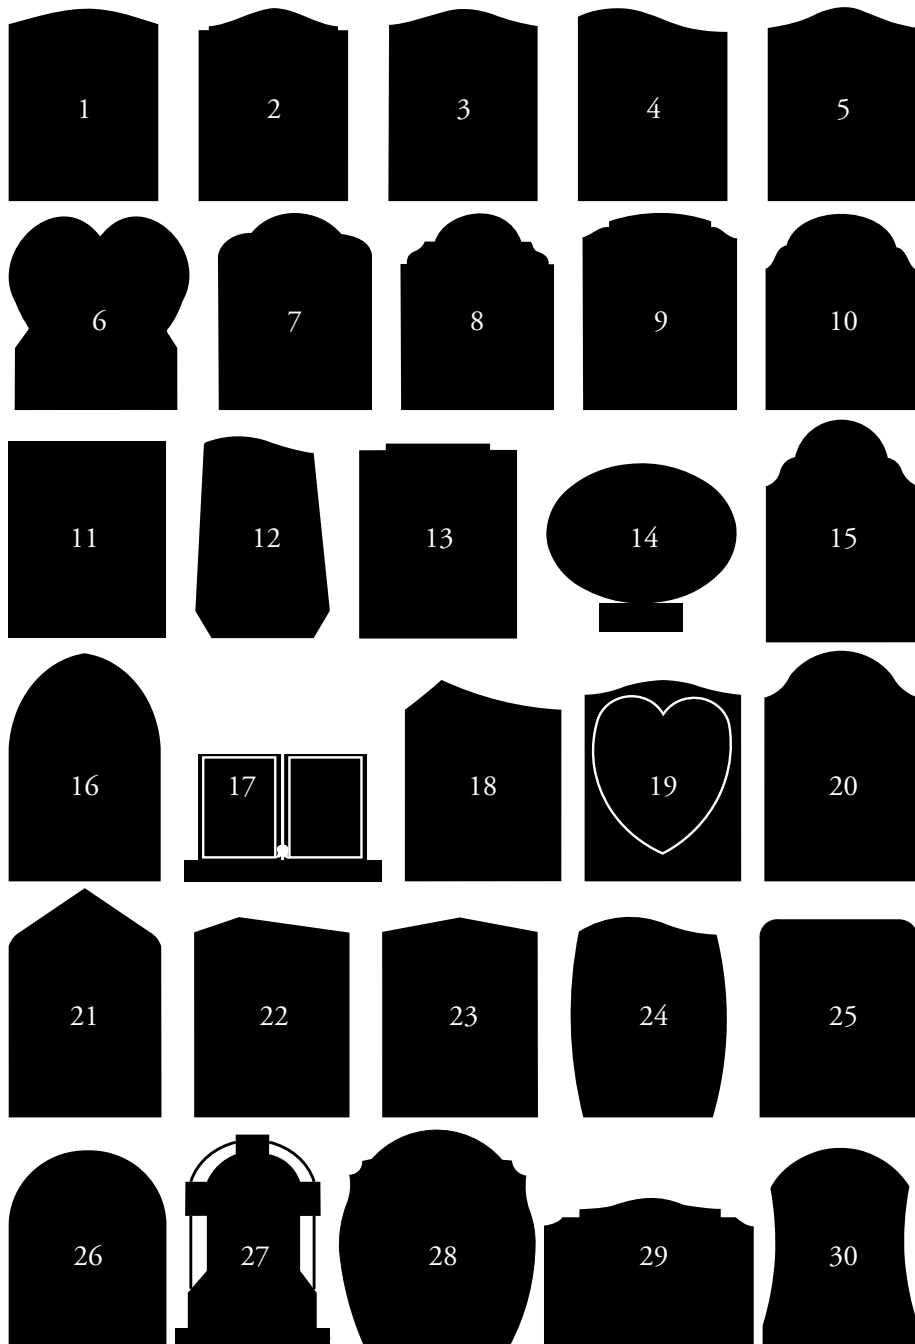

Wording

Our stone masons will gladly help you with the wording and we also have some example verses on page 13.

Once these decisions have been made, our stone masons will be able to provide you with a quote and drawing and move forward with applying for permission from the church or cemetery.

However if you need further help in making any of these decisions our team will gladly advise you.
