Speakers Bio

Neil Stolovitsky, Senior Solutions Specialist, Genius Inside :

Neil has 12 years of IT experience with end-user, consulting, and vendor organizations, along with extensive expertise in business development, software selection, and channel strategies. He has published numerous white papers and articles covering Enterprise Resource Planning (ERP) for service industries, Project Portfolio Management, Professional Services Automation, IT Governance, and New Product Development to a global audience. Neil currently holds the position of Senior Solution Specialist with Genius Inside.

Neil Tumber, Industrial Director, Technical Operations, Bunge

Neil Tumber has 25 years experience managing projects in a variety of industries including Plate glass manufacturing, Electric motor & pump manufacture, Water treatment processing and Nuclear power generation. These projects include not only the introduction of new processes and procedures but also the cultural change necessary to allow the organization adapt and prosper. Neil has implemented the Genius Project Management Tool for Bunge Europe and Brazil.

He has a degree in Electrical Engineering from Imperial College, London and an MBA from Anglia Ruskin University.

Frank Schneider, Corporate Information Technology, Schott AG Mainz

Frank has three and a half years of experience with Genius Project. He was involved in the first implementation of Genius Project at SCHOTT AG as part of his Diploma for Diplom-Betriebswirt (FH) of Business Administration at the University of Applied Sciences in Mainz. He is responsible for the development of new Genius Project functionality for SCHOTT Corporate IT and for training project and service managers on Genius Project functionalities. Frank also leads the administration and Service & Support team of Genius Project and the Incident & Change Management team for SCHOTT.

He recently lead a project implementing Genius Project for a SCHOTT Corporate Service unit which processes incidents and change requests using Genius.
