

RN-CODER NETWORK

PROVIDES NURSES THE ADVANCED CODING TRAINING NOT AVAILABLE ELSEWHERE TO PREPARE YOU FOR CLINICAL DOCUMENTATION IMPROVEMENT & CODING COMPLIANCE CAREERS

You earn 40 CE contact hours for your nursing license upon successful completion of each RN-Coder Network online program. Approved CE provider of the California Board of Registered Nursing CEP# 13482 since 2001.

RN-CODER NETWORK Program Features and Benefits

Your participation in the RN-CODER ICD10 & the RN-CODER CPT BASIC TRAINING PROGRAMS prepare you for advanced RN-Coder programs: RN-Auditor Compliance and RN-Coder Documentation Specialist.

RN-CODER NETWORK has adopted MIND-TAP, a personal learning environment that contains Activities (readings, assignments, apps) that RN-Coder students use in these unique online continuing education programs. MIND-TAP includes homework and assessments, too. MIND-TAP Empowers You to produce your best work – consistently. MIND-TAP is designed to help you master the coding concepts you need to excel on the job. Interactive videos, animations, and activities to guide you through the RN-Coder program and focus on what's important.

MIND-TAP enables you to stay organized and efficient by giving you the study tools to master the material. MIND-TAP empowers and motivates you with information that shows you where you stand at all times – both individually and compared to the highest performers in class.

You also receive a printed password for a 59-day trial of Optum EncoderPro.com – Expert, giving you fast searching capabilities across all code sets.

However, you are encouraged to purchase and learn how to use all coding manuals during the RN-Coder online programs.

- INPATIENT AND OUTPATIENT CODING CASES have been created for intermediate and advanced levels (nurses). They include images to help present real-world clinical scenarios. Clinical Coding Cases are posted on the Student Companion Website and scoring is tracked for your Instructor's review.
- MOST UP-TO-DATE, ACCURATE INFORMATION ON CODING GUIDELINES PREPARES NURSES FOR PROFESSIONAL SUCCESS. This program details the most recent information on the latest coding guidelines and today's certification requirements.
- COVERAGE HIGHLIGHTS BOTH COMPUTER-ASSISTED CODING (CAC) AS WELL AS E&M CODING. NURSES learn about the nuances of computer-assisted coding (CAC) to ensure accurate review and validation, while clear illustrations and solid explanations detail E&M coding for reimbursement.

- **COMPREHENSIVE COVERAGE DETAILS BOTH INPATIENT AND OUTPATIENT CODING INFORMATION IN ONE RESOURCE.** This all-in-one coding textbook devotes a full chapter to inpatient coding and another to outpatient coding. In addition, the author provides key coverage of insurance and reimbursement and coding conventions, guidelines, and procedures.
- **INTERESTING EXAMPLES, NOTES, AND TIPS REINFORCE EACH CODING CONCEPT.** NURSES quickly retain and can easily review the book's most important concepts with the proven, helpful learning features throughout this program.
- **HANDY TABLES ORGANIZE CODING CONVENTIONS IN AN "AT-A-GLANCE" FORMAT.** These accessible tables offer instant tools for immediate and long-term reference and review.
- **IMMEDIATE FOCUS ON CODING CAREERS EQUIPS NURSES TO ADVANCE PROFESSIONALLY.** Whether NURSES are beginning coders at the start of their coding careers or experienced professionals, this program's opening chapter provides a useful career overview with corresponding exercises to help NURSES create effective resumes and become actively involved in professional associations and online forums.
- **EXCLUSIVE ENCODERPRO.COM SOFTWARE GIVES NURSES HANDS-ON PRACTICE USING A LEADING WEB-BASED CODING TOOL.** NURSES learn how to use leading commercial software to look up codes in seconds and save time while still complying with today's demanding coding guidelines.

Some Study Topics:

1. Overview of Coding.
 2. Introduction to ICD-10-CM and ICD-10-PCS Coding.
 3. ICD-10-CM and ICD-10-PCS Coding Conventions.
 4. ICD-10-CM and ICD-10-PCS Coding Guidelines.
 5. ICD-10-CM and ICD-10-PCS Hospital Inpatient Coding.
 6. ICD-10-CM Physician Office and Outpatient Coding.
 7. HCPCS Level II National Coding.
 8. Introduction to CPT Coding.
 9. CPT Evaluation and Management.
 10. CPT Anesthesia
 11. CPT Surgery I.
 12. CPT Surgery II.
 13. CPT Surgery III.
 14. CPT Surgery IV.
 15. CPT Surgery V.
 16. CPT Radiology.
 17. CPT Pathology and Laboratory.
 18. CPT Medicine.
 19. Insurance and Reimbursement.
- Appendix I. E/M CodeBuilder.

Appendix II. Coding Practice Using www.EncoderPro.com.

Quick Notes: Inpatient ICD-10-CM and ICD-10-PCS Coding; Outpatient ICD-10-CM Coding; CPT Coding.
