

Rolling Hills Pheasant Ranch

Fly Hard... Fly Fast... Fly with the Best

At Rolling Hills, the starter chicks come from a hatchery with 30 years of experience.

Rolling Hills Pheasant Ranch has all new, "State of the Art" brooder housing.

During the 0 to 7 week growth stages, there is generous space for the pheasant chicks to be raised indoors. After 7 weeks we transfer the pheasants to outdoor pens.

Combine our facilities with 30 years of feed rotation and raising experience and, you are assured to get quality birds that are sure to keep your customers 100% satisfied!

The Rolling Hills Advantage

- 30 years of experience
- Proven program from "hatchling" to quality mature flight birds!
- Delivery: "On time, Every time"
- Volume Pricing
- **100% MONEY BACK GUARANTEE**

ABOUT US

Rolling Hills Pheasant Ranch
takes great pride in growing the
"best of flight"
game birds in the industry.

With over 30 years of experience in raising pheasants for game farms all across the Midwest; Rolling Hills Pheasant Ranch produces birds that explode into the air and fly better for exciting sport shooting. High quality is no accident. 30 years of testing feed ratio mixes, has led us to the best pheasant feed mix in the industry. This mix is our key to success in raising quality, explosive flight birds.

To you this means not just a better bird some of the time, but ALL OF THE TIME.

By housing over 280,000 flight birds, we will have your pheasants to you "on time, every time." and allows us to give you the best buying price in the pheasant growing/supplying industry. Delivery prices vary upon circumstances. Call and partner with us to provide your customers with the best quality flight game birds in the industry.
