

PBI DOORS
■ PORTES BERTHIER INC. ■

*Open the door
to your
life's most beautiful
Moments*

A woman with long, flowing brown hair, wearing a white, strapless, floor-length dress, is shown in profile from the waist up. She is reaching out with her right hand to grasp a silver handle on a white door. The background is a white brick wall. To the left, a portion of a white tufted chair is visible. The overall scene is bright and clean, suggesting a modern interior or outdoor space.

PBI opens our doors to you!

You open and close doors to enter and exit rooms, to keep in the warm or cool air, to protect private moments, to divide spaces and to hide messes. Behind any door you'll find memorable moments. Not only do doors define your space, they also give personality to your daily life. They enhance your design and reflect your style.

PBI Doors manufactures and distributes superior quality doors with endless possibilities.

Follow these easy steps to choose your PBI doors

1 Is your style classic or contemporary?

Classic styles are more traditional, with added details built into door components. Contemporary styles feature angular shapes and minimalist lines. Our Colonial models offer more classic character, while Shaker models are more contemporary.

2 Choose your model according to your style.
