

IDENTIFY RISKS

& HAZARDS

with the help of

ELECTRICAL CONTRACTORS & MANUFACTURERS SINCE 1984

It is easy to overlook existing HAZARDS when a machine is used in an every-day context. When assessed by an outsider, these can be more easily identified.

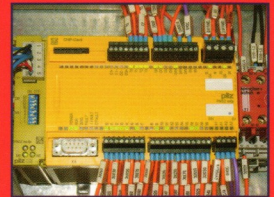

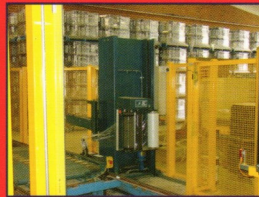

- **AUS-TECH can assist you with your RISK ASSESSMENTS to ensure that ALL hazards are IDENTIFIED.**

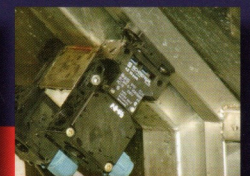

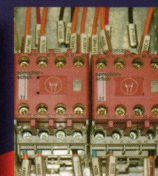

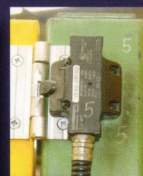

QUALITY products of the **HIGHEST** standards are the **ONLY** products AUS-TECH will use.

Products & Services to suit all applications:

- Door/Guard interlocks
- Lockable interlocks
- Hinge and cam interlocks
