

FAMILY OWNED & OPERATED SINCE 1948

Located in the heart of Fayetteville serving the community, since 1948. Lafayette Memorial Park offers 2 park locations to choose from here in the city. LMP takes pride in upholding traditions, but also bringing forth new visions and improvements.

At LMP we try to share the same values and beliefs as the families we service here at the park. Our Families are not just customers. Once you choose LMP, your family becomes our family.

WHY

Choose LMP

Not only does LMP care for your family as if it were our own, but we are a perpetual care cemetery. This means no matter what happens with ownership or to the office, a fund has been created to ensure you and your families spaces will be maintained and cared for indefinitely.

Our staff is composed of highly certified and licensed professionals, who are carefully selected, trained and supervised. One of the unique intangibles about LMP is the strong sense of community that is created within our gates. Our counselors strive to ensure each family is fully taken care of and leaves our facility with peace of mind knowing they are under our care.
