Subject: Section 106 Review for Chinese Elm Tree Removal and Replacement at Golden Gate Village

To interested parties:

Golden Gate Village was listed in the National Register of Historic Places in 2017. It is, therefore, a historic property for the purpose of Section 106 of the National Historic Preservation Act (Section 106). With the assistance of its qualified consultant, Marin Housing Authority (MHA) has conducted a review of an undertaking at Golden Gate Village to determine its conformance with the Secretary of the Interior’s Standards for the Treatment of Historic Properties (Standards) and its effects under Section 106. The undertaking would include the replacement of two Chinese elm trees along the driveway between the high-rise buildings at 69 and 79 Cole Drive.

We have determined that the undertaking conforms to the Standards and will have no adverse effect on the historic property. Detailed analysis supporting this conclusion is provided in the attached Finding of Effect (FOE) Memorandum and on MHA’s website at: https://www.marinhousing.org/section-106-compliance.

Should you have comments on the proposed undertaking please submit them to Tammy Taylor, Planner with the County of Marin, at ggvpubliccomment@marincounty.org. We request your comment within 30 days of the posting of this notice.

Sincerely,

Evan Smith
