CURTAINS • BLINDS • ROLLERS • SHUTTERS • PELMETS • WALLPANELS

Sheer curtains are our most popular window covering. They add a softness and elegance to any home, and allow you to let the light in, while still providing daytime privacy. As well as looking gorgeous, sheer curtains are long-lasting and provide protection from UV rays, reducing glare and protecting your furnishings from fading.

Screen – clear view and heat protection. Screen fabrics allow natural light to flow gently into your room. They block out most of the UV rays, so there's no glare.

Translucent – natural light and privacy. Translucent blinds create a relaxed atmosphere, letting some light into your home, while also providing privacy, day and night.

Blockout – Total privacy. As the name suggests, blockout blinds provide maximum privacy and insulating properties.

Pelmets are a thoroughly modern way of framing your windows and finishing your window treatments beautifully. They also add fantastic thermal efficiency by stopping air escaping around your windows, reducing the heating and cooling costs of your home. Our qualified upholsterers make all our pelmets in-house. We can make almost any shape and design, even pelmets for corner, curved and bay windows.
