Join us as we help celebrate the **1st Annual Kids Music Day!** We are partnering with the organization **"Keep Music Alive"** and music schools across the country to help focus attention on the importance of including music as part of our children's education. The benefits of music has been well documented for many years and as music professionals we believe it is a very important part of a child's life that will be long-lasting.

**"Keep Music Alive"** is on a MISSION to promote how valuable and important music is in ***all of our lives***; academically, therapeutically or just overall making us a happier society!

To celebrate this day we are holding a:
