*Family...*

A keepsake is a great way for each family member to keep their loved one close. Often keepsakes are shared with all family members and close friends to remember their loved one and to celebrate their life.

The family is  
shown holding the

Memorial Scattering  
Keepsake Capsules.  
p. 73

After choosing cremation, a family has many decisions to make. There are many ceremonial options available: choose a cemetery for a permanent resting place or create a personal memorial for placement in the home or garden. Another option is a Natural Return by burying the cremains in a special place. All can be personalized in some way to share the loved one's passions with family and friends - telling and preserving their life story.

**Questions to consider in the process:** *Will there be a traditional viewing or a simple family gathering? What will be your loved one's final resting place?*

The next few pages will help in those decisions and show many of the options available.

# Together Forever Companion Urn

## 30-R-1007

This new urn from The Everafter Collection, is truly a work of art! It holds approximately 410 cubic inches of cremated remains and comes with a removable interior divider. It loads from the bottom and is only 9 7/8" high and 9 7/8" wide by 7" in depth, allowing it to easily fit into any Cemetery Niche. The upper corners of this urn can be engraved with your beloved partner's information. As an option to engraving on the urn, we have created a 5" x 2" curved stone plaque that can be engraved any time in the future and simply glued directly over the center framed area of the urn. This avoids having to re-ship the urn back and forth, for any future engraving requirements.

The leather-like design wraps around the entire urn, helping create the appearance of holding two vessels together. It comes standard with the engraving "Together Forever" and is beautifully embellished with two hearts, representing two unique and loving partners. Across the center of the top is another beautiful carved scroll design that compliments the carvings on the front. A truly remarkable companion urn, sure to touch the hearts of all who see it...

RANDY KOUFALIS

Master sculptor and mold maker Randy Koufalis, has over 25 years experience in sculpting and design. He was born in Vancouver, British Columbia where he continues to reside. Randy blends old motifs and traditions with his own unique style to create both functional and decorative works of art and inspiration. He laboriously builds every mold that is used to reproduce all of our original pieces. These urns are a stunning celebration of artistry and imagination, captured in stone, timeless for all to enjoy. The concept and design process of each piece begins long before any actual sculpting takes place. "Most of our designs come from our interpretation of architectural elements found in our environment. Hours of research, both technical and historical, go into every piece we design. Initial concept sketches are compiled and modified and prototypes are completed. Using these rough 3-D models as references, we begin the creative process of turning our models into finished sculptures. Our products are completely hand made and hand painted by a very talented team of artisans. Each piece is made of actual re-constituted stone, taking great pride in making sure the quality of our products is unsurpassed."

Our Father, Who art in heaven, Hallowed be Thy name.  
Thy Kingdom come. Thy will be done on earth as it is in heaven.  
Give us this day our daily bread. And forgive us our trespasses,  
as we forgive those who trespass against us. And lead us not into  
temptation, but deliver us from evil. For Thine is the kingdom,
