

PTFA Autumn Newsletter

At St Bonifaces, we are fortunate to have an excellent PTFA, (Parents, Teachers and Friends Association). This is thanks to the enthusiasm and energy of the parents and teachers on the committee, and to the support and contributions of parents, carers and friends.

Early 2016 saw the completion of Project Motiv 8, when we succeeded in raising over £8000 to refurbish the fitness suite. The college paid for a new roof, flooring and mirrors, while we funded all the new machines and equipment. This was a massive achievement, and one which we are all extremely proud of. Apart from all the PE classes, it is widely used by the students before school and at lunchtime .

Not all our projects can be so spectacular, so this year, we are funding a number of smaller ones. Departments were invited to submit requests to the PTFA . We DO NOT pay for essential repairs and supplies which parents would expect the college to fund.

Our aim is to help with requests which will “enhance the students time at St Bonifaces and recognize their achievements there”. With this in mind, we have just begun project Gener8, which aims to raise £7000 . A full list of what we are hoping to fund is on our web site. It is ambitious and we really need your help. Apart from fundraising, we also promote St Bonifaces at open evenings and at college performances. We meet several times during the year and warmly welcome new parents, so please come along. We look forward to meeting you and working with you in the coming year on behalf of all our boys and girls at St Bonifaces.
