RESPECT THIS GIFT
Riding bikes on public or private lands is a gift, not a right. That bike is for you and me! Please use it wisely. With every ride, we remember to be grateful for the landowners and others who make it possible.

PROTECT NATURE
Enjoy where you don’t want to keep on the trails. Erosion is our single highest impact when we’re out riding. Building corners can cut off access. Riding muddy trails means it up for everyone. If we see animals, don’t bother them, remember them. Pick up trash, pack it out, inspect holes and back.

CARE FOR OTHERS
We share the trails with others, and they have the same rights and responsibilities as each of us. If someone needs help, we help; if someone needs encouragement, we share our reflections. And if it’s going to make the situation better, we do what we can, stick to ethics, and give a smile.

BE THE EXAMPLE
Being aggressive has no place in mountain biking. We know our limits, and we ride within them. But we also have a responsibility to keep the house in a good state, and leave the trails for others. Patches of plants around us. Break off behavior. A simple, polite call out will do.

DON’T BE A MILLIONAIRE
It is critical that you tell them that the injured person is on the Kingdom Trails. 2. Have at least one person stay with the injured person.
