

Trial Addendum to the Marina Animal Policies

To all marina dogs and other 4-legged friends, please inform your owners of some new policies:

We love animals although we do have to have some rules. Based on input from customers, we are modifying some of the animal policies.

DOGS:

- All people must be attached to you with a leash at all times any time you are at the marina
- Dogs, you are now able to visit with your humans on the tent side of the deck, as long as there isn't a party or other function, the marina office may at times ask you to have your owners to take you off the deck
- Dogs, you are not allowed on the pool side of the deck, this is for the safety of the humans
- Dogs, you are not allowed in the bathrooms, you may be leashed to the tent side of the deck while your owner uses the laundry or bathrooms
- The marina provides Mutt Mitts at each of the gangways, dogs, if you are unable to pick up after yourself, please have your owner do it.....
