Fridays Ratings Results For 2015

Immediately below you will find all of the ratings covering Fridays racing in 2015.

You will also find below helpful open and honest summaries of exactly how the day has gone. If we have had a great day we will tell you and if we have had an average day we will tell you as well. Nothing is hidden on the site everything you see is exactly what you get.

Results: Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

The Live Results on the website are very important as you can constantly see at a quick glance how things are going. For example if Exotics are doing well at a certain venue then you may like to play the Exotics there. For example at a certain venue if only Win Bets are doing well then you may like to try that approach, if the Top Selections are doing well at a certain venue then you may like to back the next Top Selection. If the 3rd and 4th selections are only doing well at a certain venue then you may like to even try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

* You will see the [Exacta](#) mentioned a lot on this site but it is for a reason as [the win rate for boxed exacta's on the site averages between 30% and 50% of all races run each day.](#) And if you can get the exacta logic will tell you that if you have the field for 3rd you then have the trifecta and if you have the field for 4th you then have the first 4. Dependant on field sizes and thanks to the flexi dividend if you tie the race up right you can get as much as 33% of the div for as little as \$10. And [please](#) if you are considering joining this website make sure you have [read](#) the information on the site about [Money Management](#) before doing so. Thanks.

Fridays December 4th 2015 Horse Racing Tips:

The results are in...

And it was a pretty good Friday and sets us up nicely for a great Saturday fingers crossed. So lets have a look at the numbers with 54 races covered on the site. Exotics players had a good day with the 21 Exacta's recorded in total which is strike rate of 44% of all races run with the best paying out at \$136.00. I mention the Exacta a lot on the site because quite simply if you can get the Exacta you also have a chance at the Trifecta and First 4' which is very important if you like paying those type of bets. You can read all about this on the [Ratings Help Page](#) plus I have added some interesting extra's today including about money management simply explained and I can guarantee 99% if you follow the information on the website you will never lose all of your money on the one day again and there are absolutely no excuses. The best straight tipped Trifecta on site paid out at \$317.80 and the best straight tipped First 4 paid out at \$1951.00. With Win Bets the strike rate for the Top Selections was sitting at 30% with the strike rate for the Top 2 Selections sitting at 40% and it was again not a day of really big dividends for the Top Selection and Top 2 Selections but Saturday will soon be here and that story should suddenly change.

Results:

Results: Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

The Live Results on the website are very important as you can constantly see at a quick glance how things are going. For example if Exotics are doing well at a certain venue then you may like to play the Exotics there. For example at a certain venue if only Win Bets are doing well then you may like to try that approach, if the Top Selections are doing well at a certain venue then you may like to back the next Top Selection. If the 3rd and 4th selections are only doing well at a certain venue then you may like to even try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

Special Suggested Bet Of The Day:

Nothing stands out today.

Where The Money Is: Those runners which stand out as being really well supported early.

Just nothing to report at the moment.

Best Longshot's Of The Day:

Nothing to report.

Best Quaddie Of The Day:

Ok hopefully we can go a bit better today and get a better payout dividend then we did yesterday. There is really is not a great deal of choice today and Mornington does look the best chance but what it will pay I do not know so let's have a try.

Mornington Quadrella:

Race 5: 2, 3, 8, 7

Race 6: 3, 9, 6, 2

Race 7: 7, 1, 3, 4

Race 8: 5, 8, 4, 12, 2

Total Cost: \$14 buys a 5% share of a hopefully decent dividend.

Fridays October 23rd 2015 Horse Racing Tips:

The results are in...

And it was a generally decent Friday except for the Sunshine Coast meeting which did not even register much of a blip on the radar. There were a few surprises however today especially at the Sunshine Coast were a 150-1 shot won only just though but it won which makes it 2 days in a row where a very long priced runner has saluted which is very unusual and they say these things always run in three so don't be surprised to see something at those long odds salute again very shortly. Anyways let's have a look at today's numbers with 47 races covered on the site. The best priced tipped winner was at \$12.90 with the strike for the Top Selection sitting today at 32% with the strike rate for the Top 2 sitting at 47% of all races run. There were 20 Exactas in total which is a strike rate of 43% with the best paying out at \$159.10 with the best tipped Trifecta paying out at \$149.90 and the best tipped First 4 paid out at \$202.40

All of the results are constantly updated below so you can view at a quick glance how things are going. For example if exotics are doing well at a certain venue then you may like to play the exotics there. For example at a certain venue if only win bets are doing well then you may like to try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Results:

All of the results are constantly updated below so you can view at a quick glance how things are going. For example if exotics are doing well at a certain venue then you may like to play the exotics there. For example at a certain venue if only win bets are doing well then you may like to try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

* Results: The winner result which is displayed on the website may not necessarily be the on-top selection it may come from one of the 4 selections given. Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

That's it from me. Great luck and happy punting this Friday.

Special's Of The Day:

I have been really hardpressed to find a decent priced special today and the best I can find is in Hamilton Race 2 No 12 The Last Angel currently at \$3.00 fixed price this one has been well supported early and has been working up to a win so today may well be the day with Yendall onboard. Of the rest at Bathurst there are 3 runners which really stand out but they are too short to back for most people but may be worth a mutli ticket and they are Bathurst Race 1 No 12 Queen Tara at \$1.45 fixed, Bathurst Race 2 No 1 BetterThanThee at \$1.45 fixed and finally Bathurst Race 4 No 2 Moroccan Ruby at \$1.65 fixed. That's it from me. Great luck and happy punting this Friday.

All of the results are constantly updated below so you can view at a quick glance how things are going. For example if exotics are doing well at a certain venue then you may like to play the exotics there. For example at a certain venue if only win bets are doing well then you may like to try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

* Results: The winner result which is displayed on the website may not necessarily be the on-top selection it may come from one of the 4 selections given. Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

Suggested Bets:

No specials are available today as there is nothing which is suitable at all. So it is a day to just watch the quadrella's, with value selections in each leg we will go close once again to a nice collect. It only costs \$14 for 5% of the dividend so this is always a nice safe way to play. That's it from me. Great luck and happy punting this Friday!

Suggested Bets:

There will be quite a few specials listed today and it really may pay to follow them, they could also be a great banker in your exacta's, trifecta's

and first 4's. We had a great quadrella win yesterday and hopefully today will bring more of the same. It only cost \$14 for 5% of the dividend so this is a nice cheap bet, which has the potential to really pay well. That's it from me. Great luck & happy punting this Friday!

Best Suggested Bets:

You will not go far wrong to follow the specials (*) given today as they all have a very good chance of winning so I would advise to back them for the win and to take them into the exactas with the other tips provided. Also there is a big watch on Rockhampton Race 1 No 7 Betty Isabell as it was scratched from Townsville yesterday to be kept for this race and there is some good money around for it. Also there has been a big go on Rockhampton Race 6 No 11 Shepiktus so it may pay to keep a close eye on this one. Thats it from me, also don't forget the quaddies, good luck and great betting today!
