## Saturdays Ratings Results For 2015

Immediately below you will find all of the ratings covering Saturdays racing in 2015.

You will also find below helpful open and honest summaries of exactly how the day has gone. If we have had a great day we will tell you and if we have had an average day we will tell you as well. Nothing is hidden on the site everything you see is exactly what you get.

**Results:** Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

The Live Results on the website are very important as you can constantly see at a quick glance how things are going. For example if Exotics are doing well at a certain venue then you may like to play the Exotics there. For example at a certain venue if only Win Bets are doing well then you may like to try that approach, if the Top Selections are doing well at a certain venue then you may like to back the next Top Selection. If the 3rd and 4th selections are only doing well at a certain venue then you may like to even try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

\* You will see the [Exacta](#) mentioned a lot on this site but it is for a reason as [the win rate for boxed exacta's on the site averages between 30% and 50% of all races run each day.](#) And if you can get the exacta logic will tell you that if you have the field for 3rd you then have the trifecta and if you have the field for 4th you then have the first 4. Dependant on field sizes and thanks to the flexi dividend if you tie the race up right you can get as much as 33% of the div for as little as \$10. ## Results:

Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

The Live Results on the website are very important as you can constantly see at a quick glance how things are going. For example if Exotics are doing well at a certain venue then you may like to play the Exotics there. For example at a certain venue if only Win Bets are doing well then you may like to try that approach, if the Top Selections are doing well at a certain venue then you may like to back the next Top Selection. If the 3rd and 4th selections are only doing well at a certain venue then you may like to even try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

### Results:

Results: Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

The Live Results on the website are very important as you can constantly see at a quick glance how things are going. For example if Exotics are doing well at a certain venue then you may like to play the Exotics there. For example at a certain venue if only Win Bets are doing well then you may like to try that approach, if the Top Selections are doing well at a certain venue then you may like to back the next Top Selection. If the 3rd and 4th selections are only doing well at a certain venue then you may like to even try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

### Special Suggested Bet Of The Day:

None available for today.

Where The Money Is: Those runners which stand out as being really well supported early.

- Randwick Race 1 No 6 Regimental Force at \$1.50 - I don't like posting runners like this as they are simply obvious but the support keeps coming for it even at the \$1.50 so it does look like an obvious choice as a banker in your exotics.

- Morphetville Race No 3 No 9 Vicki's Boy at \$16.00 - Nice support for this one who is having its first start today which does bring it under some notice.

### Best Longshot's Of The Day:

- Sandown Race 2 No 8 Vizhaka at \$21.00 There is support coming for this one at the long odds and has firmed from \$33.00 and don't be surprised to see it firm even more and why I can't figure that one out yet.

### Best Quaddie Of The Day:

Ok we shall try the melbourne quadrella again today and I am really hoping for more than you know of not getting beaten in just 1 leg and we shall give it our very best try.

#### Saturdays October 31st 2015 Horse Racing Tips:

The results are in...

And it was a good day a little tough in places for sure, but generally a good Saturday out at the races. So lets have a look at the figures with 77 races covered on the site. The best priced tipped winner was at \$10.00 with the

strike rate for the Top Selection sitting at 23% of all races run with the strike rate for the Top 2 sitting at 38% of all races run. There were 32 Exacta's in total which is a strike rate of 42% with the best one paying out at \$106.30. You will see the Exacta stat mentioned a lot on the website as it is a real pointer to gaining Trifecta's and First 4's so keep an eye on these stats and you can read all about the ratings and how to better use them on the [Ratings Help Page](#). That's it from me and we shall be back again this Sunday doing it all over again and as always only better. Thanks.

### Results:

All of the results are constantly updated below so you can view at a quick glance how things are going. For example if exotics are doing well at a certain venue then you may like to play the exotics there. For example at a certain venue if only win bets are doing well then you may like to try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

\* Results: The winner result which is displayed on the website may not necessarily be the on-top selection it may come from one of the 4 selections given. Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

All of the results are constantly updated below so you can view at a quick glance how things are going. For example if exotics are doing well at a certain venue then you may like to play the exotics there. For example at a certain venue if only win bets are doing well then you may like to try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

\* Results: The winner result which is displayed on the website may not necessarily be the on-top selection it may come from one of the 4 selections given. #### Saturdays August 22nd 2015 Horse Racing Tips:

The results are in...

And it was another really great Saturday, actually more of a bookmaker massacre than anything else, anyways enough of the smalltalk lets have a closer look at the figures with 68 races being covered on the site today. The best priced tipped winner was at \$13.90 with the strike rate for the on-top selection at 31% of all races run with the strike rate for the top 2 at 44% of all races run. There were 37 exacta's in total which is a strike rate of 54% of all races run with the best paying out at \$104.10 there were also 19 tipped trifecta's 28% strike rate with the best paying out at \$459.20 and the best tipped first 4 on site today paid out at a healthy \$1347.20. All in all another dream of a Saturday and now we look forward to the last racing day of the week Sunday with 8 really nice meetings set down for decision.

#### Results:

All of the results are constantly updated below so you can view at a quick glance how things are going. For example if exotics are doing well at a

certain venue then you may like to play the exotics there. For example at a certain venue if only win bets are doing well then you may like to try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

\* Results: The winner result which is displayed on the website may not necessarily be the on-top selection it may come from one of the 4 selections given. Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

Its been a machine like week with great results and today was no different it was really ...really good so lets have a closer look at the numbers with 77 races being run in total. The best priced tipped runner won at \$11.40 with the strike rate for the on-top runner at a very good 30% of all races run with the top 2 strike rate at an unbeatable 49% of all races run today. There were 34 exacta's in total which is a strike rate of 44% of all races run with the best paying out at \$88.50 the best tipped trifecta on site today paid out at \$206.70 and the best tipped first 4 paid out at \$379.80 there were also a few quadrella's in the mix as well although the dividends for this exotic were rather low with the best one paying out at just \$373.30. All in all another solid Saturday at the races which people have come to expect so it is nothing unusual. Now we turn our heads to this Sundays racing where we always have a brilliant day out and fingers are crossed for a great results showing.

#### Results:

All of the results are constantly updated below so you can view at a quick glance how things are going. For example if exotics are doing well at a certain venue then you may like to play the exotics there. For example at a certain venue if only win bets are doing well then you may like to try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

\* Results: The winner result which is displayed on the website may not necessarily be the on-top selection it may come from one of the 4 selections given. Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

#### Saturdays August 1st 2015 Horse Racing Tips:

The results are in...

At the time of the results being published there were still quite a few races to go at both Toowoomba and Broome so lets have a look at the numbers leaving those races obviously out of the calculations with 85 races being covered . It was another really good Saturday with the best priced tipped winner getting up at \$14.40 with the strike rate for the on-top selection sitting at a very good 26% with the top 2 strike rate at a more than excellent 42% of all races run. There were 34 exacta's in total which is a strike rate of 40% of all races run with the best paying out at \$101.50. The best tipped trifecta on site today paid out at \$1194.10 and the best tipped first 4 paid out at \$1748.40. All in all a very solid day out at the races and now it is on to the best day of the racing week Sunday where we touch wood always have a very good day.

#### Results:

All of the results are constantly updated below so you can view at a quick glance how things are going. For example if exotics are doing well at a certain venue then you may like to play the exotics there. For example at a

certain venue if only win bets are doing well then you may like to try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

\* Results: The winner result which is displayed on the website may not necessarily be the on-top selection it may come from one of the 4 selections given. Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

### Special's Of The Day:

Only 1 special today and that is in Doomben Race 2 No 1 Satirical Lass currently quoted at a fixed odds price of \$1.70 heavily supported in early betting everything points to this one. Maybe a little short to back so the exacta will be the ideal strategy so No 1 banked from 10, 7 & 2 should be ideal and will pay really well if it salutes. That's it from me. Great luck and happy punting this Saturday!

### Saturdays July 18th 2015 Horse Racing Tips:

The results are in...

I did not manage to have a bet today for myself so it is a little hard to give you a value judgement of exactly how well the day went so I will let you make up your mind for yourself. Let's have a look at the numbers and see how things went with 96 races run today. The best priced tipped winner today was at \$17.50 with the strike rate for the on-top selection at 28% with the strike rate for the top 2 selections at a staggering 47% of all races run and I actually had to recheck the numbers to make sure that figure was correct and it is. With exacta's today there were 37 in total which is a strike rate of 39% of all races run with the best paying out at \$217.80. The best tipped trifecta on site paid out at \$175.40 and the best tipped first 4 paid out at \$1378.60. Now on seeing the figures I wish I could have had a chance to have a bet anyways there is always tomorrow and Sunday is the best day of all.

### Results:

All of the results are constantly updated below so you can view at a quick glance how things are going. For example if exotics are doing well at a certain venue then you may like to play the exotics there. For example at a certain venue if only win bets are doing well then you may like to try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

\* Results: The winner result which is displayed on the website may not necessarily be the on-top selection it may come from one of the 4 selections given. Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

#### Saturdays June 20th 2015 Horse Racing Tips:

The results are in...

And it was a pretty solid Saturdays racing now lets get to the numbers there were 84 races run in total today and the best paying win bet at \$19.80. The on-top selection strike rate was at 28% with the top 2 strike rate being at a really high 44% of all races run. There were 19 exacta's which is a 22% strike rate which was down on what we normally achieve each Saturday with the best one paying out at \$96.90. Overall a very good and solid day.

#### Results:

All of the results are constantly updated below so you can view at a quick glance how things are going. For example if exotics are doing well at a certain venue then you may like to play the exotics there. For example at a certain venue if only win bets are doing well then you may like to try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

\* Results: The winner result which is displayed on the website may not necessarily be the on-top selection it may come from one of the 4 selections given. Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

### Saturdays June 6th 2015 Horse Racing Tips:

The results are in...

And it was another saturday of racing the toughest day of the week to have a bet so how did we go? Well not too badly considering luck was not always on our side. The best priced winner of the day was at \$14.70. There were 30 exacta's in total with the best paying out at \$107.40 which was an almost 30% exacta strike rate covering all of the races today, which would have also opened the door to 30 trifecta's and first 4's if following the tips and strategies from the website. We also managed one good quadrella at Belmont which paid out at \$5000. Overall a tough day, but we escape unscathed.

### Special's Of The Day:

3 specials today and that is Randwick Race 1 No 2 Holler who is currently quoted at a fixed odds price of \$1.60 this one has been heavily backed early and there are big wraps on this one so it really will be an obvious banker for your exacta's, trifecta's and first 4's. Moonee Valley Race 6 No 6 Yesterday's Songs currently quoted at a fixed odds price of \$1.95 again this one has been heavily backed and this really looks like its race. And finally Doomben Race 2 No 3 Flippant who is currently quoted at a fixed odds price of \$1.65 again this one has been heavily backed as if it is the only runner in the race. That's it from me. Great luck and happy punting this Saturday!

### Longshot's Of The Day:

- Sunshine Coast Race 4 No 8 Show Command at \$17.00
- Swan Hill Race 5 No 13 Run Neil Run at \$18.00

More longshots will be published as the ratings are posted so watch this space.

#### Saturdays May 30th 2015 Horse Racing Tips:

The results are in...

Saturdays can be the toughest day of the week to have a bet, so how did we go today? Well not too badly. The best priced winner of the day was at \$36.90. There were 36 exacta's with the best paying out at \$144.30 which would have also opened the door to 36 trifecta's and first 4's. Overall not

bad for a day which is deemed really tough. To pick almost 30% of the exacta's covering all races is pretty outstanding.

### Saturdays May 23rd 2015 Horse Racing Tips:

The results are in...

Looking at today's results I was really disappointed but they can't have been as bad as I thought when a member told me they had won \$1500 today so I will try to be upbeat. There were 51 winners most of those coming from the 1st and 2nd selections with the highest win price of the day being \$16.20. There were 24 exacta's the best paying out at \$146.30 which would have meant also 24 trifecta's and first 4's if following the systems from the website. Not our best saturday ever by a long ...long way but you can only work with what you are given so I guess it was not that bad afterall.

### Special's Of The Day:

Only 1 special today and that is in Flemington Race 1 No 1 Kryptonian who is currently listed at a fixed odds price of \$2.35 this one has been well backed early and looks very well placed in this field so you would have to say it does look the one. That's it from me. Great luck and happy punting

this Saturday!

### Saturdays March 21st 2015 Horse Racing Tips:

The results are in...

And yes it was a very tough Saturday.

### Suggested Bets:

Only 1 special again today and that is Rosehill Race 2 No 1 Rising Romance which has been very well backed early and is currently at a fixed odds quote of \$1.80 its the horse that they all have to beat and will make an ideal banker in your exacta's, trifecta's and first 4's. Well its golden slipper day and although not marked as a special Vancouver is another horse they all have to beat. The only reason its not odds on is the fact that it has barrier 18 but I doubt this will stop it. Gai Waterhouse is over the top confident about the horse, which is also a good sign to its chances, as she says the best horse always wins the slipper and there is no doubt she has the best horse. Also as is usual watch the quadrella's as we are well and truly due for a great result and today could quite well be the day. That's it from me. Great luck and happy betting!

#### Saturdays February 21st 2015 Horse Racing Tips:

The results are in...

And we only scored one \$1300 quaddie win.

#### Suggested Bets:

Follow the specials they have all been very well supported so have a great chance of winning and will make good bankers in your exacta's, trifecta's and first 4's. Well we are now 3 days without gaining a quadrella win which has never happened before on the site so we are well and truly due for a result today so a good way to play might be \$14 for 5 % of the dividend as we will go very close today. That's it from me. Great luck and very happy punting this Saturday!

#### Suggested Bets:

Follow the specials today. I would suggest following them for the win and they would also make a great banker in your exacta's, trifecta's and first 4's. We have had 2 great days of quadrella wins and are hoping for more of the same today. It does not cost a heap of money to play as its cost only \$14 for 5% of the dividend and this might be a great way to have a win without spending a huge amount of money. Thats it from me. Great luck and very happy punting this Saturday!

#### Suggested Bets:

The specials for today of which there only 2 are Randwick Race 3 No 1 Centre Pivot & Randwick Race 8 No 11 Harrier Jet both of these horses have been very heavily supported in early betting and represent a great win bet at there current fixed odds quotes and could also be a great banker in your exacta's, trifecta's and first 4's. Again yesterday we managed to strike a good paying quadrella, will we do it again today, well I really hope so. It only costs \$14 for 5% of the dividend to play so this may also be a worthy bet to also have. That's it from me again for today. Great luck and happy punting this Saturday!

And what a tough day it was.

#### Best Suggested Bets:

Again today follow the specials (\*) back them for the win and take them

from the other tips in the exacta. Also don't forget the quadrella's we had one nice win of \$5000 yesterday and are hoping for some more nice dividends today. They only cost \$14 for 5% of the dividend so it is not much of a spend for a nice return.

Thanks guys and have an amazing day on what really looks like a day of good value.

The results are in...

A very tough days racing yet we still managed to seek out more than a few winners with the top tip of the day paying out at over \$15.00. It was overall a day when the form did not match up at all, but on a positive note all of todays specials did manage to win well and we picked the first 4 at Narrogin and it paid over \$7800.00. Now its onto Sundays racing always a bit of a lottery but we shall find some better priced winners that is certain.
