Sundays Ratings Results For 2015

Immediately below you will find all of the ratings covering Sundays racing in 2015.

You will also find below helpful open and honest summaries of exactly how the day has gone. If we have had a great day we will tell you and if we have had an average day we will tell you as well. Nothing is hidden on the site everything you see is exactly what you get.

Results: Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

The Live Results on the website are very important as you can constantly see at a quick glance how things are going. For example if Exotics are doing well at a certain venue then you may like to play the Exotics there. For example at a certain venue if only Win Bets are doing well then you may like to try that approach, if the Top Selections are doing well at a certain venue then you may like to back the next Top Selection. If the 3rd and 4th selections are only doing well at a certain venue then you may like to even try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

* You will see the [Exacta](#) mentioned a lot on this site but it is for a reason as [the win rate for boxed exacta's on the site averages between 30% and 50% of all races run each day.](#) And if you can get the exacta logic will tell you that if you have the field for 3rd you then have the trifecta and if you have the field for 4th you then have the first 4. Dependant on field sizes and thanks to the flexi dividend if you tie the race up right you can get as much as 33% of the div for as little as \$10. And [please](#) if you are considering joining this website make sure you have [read](#) the information on the site about [Money Management](#) before doing so. Thanks.

Sundays December 6th 2015 Horse Racing Tips:

The results are in...

And was a really Excellent Sunday so let's have a look at the numbers with 63 races covered on the site today. For Exotics palyer there were 25 Exacta's in total which is a strike rate of 40% of all races run with the best paying out at \$70.80 with the best tipped straight Trifecta paying out at \$236.30 and the best straight tipped First 4 paid out at \$554.20. For Win Bet players the best priced tipped winner was at \$17.00 with the strike rate for the Top Selection sitting at 30% with the strike rate for the Top 2 Selections sitting at 44%. In other news there were quite a few Quadrella's today with the best one paying out at \$2244.70

Results:

Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

The Live Results on the website are very important as you can constantly see at a quick glance how things are going. For example if Exotics are doing well at a certain venue then you may like to play the Exotics there. For example at a certain venue if only Win Bets are doing well then you may like to try that approach, if the Top Selections are doing well at a certain venue then you may like to back the next Top Selection. If the 3rd and 4th selections are only doing well at a certain venue then you may like to even try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

Special Suggested Bet Of The Day:

Something different in Hobart race 1 an exacta and with the right luck if it does get up see up to a \$100 return for a \$10 investment.

Hobart Race 1 Exacta:

1 / 6 and 7

so its 1 for 1st
and 6 and 7 to run 2nd

Total Cost: \$10 buys a 500% share of the total dividend.

Where The Money Is: Those runners which stand out as being very well supported early.

- Rockhampton Race 7 No 8 Espirit Light at \$8.50 good money being placed on the runner in early betting.

Best Longshot's Of The Day:

- Hobart Race 2 No 10 Millie Mateba at \$17.00 some money floating around for this one eachway.

- Hobart Race No 5 Berry Wise Fox at \$41.00 again some money around for this 1st starter at very long odds but will have its work cut out to beat the favorite in this race so may make a good place bet at the \$9.00

Best Quaddie Of The Day:

Pakenham Quadrella:

The Pakenham quadrella should go very ...very close to getting up today but the question is what will it pay if it does. We have changed the total costings for the quadrella to something which everybody can afford and will be now just playing the quad's for 5% and with the selections we have most days at very good prices in each leg 5% translates to a very good return if we can manage to find the right results.

Race 6: 4, 2, 11, 9

Race 7: 3, 6, 2, 10

Race 8: 9, 8, 7, 4

Race 9: 8, 11, 5, 1

Total Cost: \$13 buys a 5% share of the total dividend.

Sundays November 8th 2015 Horse Racing Tips:

The results are in...

And it was a really excellent day to end a big week in racing so let's have a closer look at the stat's with 45 races covered on the site today. The best priced tipped winner was at \$21.40 with the strike rate for the Top Selection sitting at a little low today at 20% of all races run with the strike rate for the Top 2 Selections sitting at a much better 40% of all races run. There were 25 Exacta's in total which is a strike rate of 56% of all races run with the best one paying out at \$179.20 with the best tipped Trifecta paying out at \$320.00 and the best tipped First 4 paid out at \$675.60 and the best tipped Quadrella today on site paid out at \$2654.60

And also an interesting point came up today and its a question which nobody ever asks and that is...

What do you do with your winnings?

Well there are only 3 ways you could deal with this question.

1. Use it to build a betting bank
- 2 Spend it
3. Or do I what I do and put my winnings in a superannuation account. Its amazing what even \$50 a week can do over 20 to 30 years. So really that winner in the 1st race at Doomben could be earning you money each and everyday for many years to come.

The point of the question and the answer is to make you think outside of the box and remember anything is possible and there really is a solution to every problem.

Thanks and I hope this helps.

Sundays October 25th 2015 Horse Racing Tips:

The results are in...

And it was a somewhat toughish day at the office so lets have a look at the numbers with 60 races covered on the site. The best priced tipped winner was at \$17.10 with the strike rate for the Top Selection sitting at a low 18% with the strike rate for the Top 2 sitting at 38% of all races run.

There were 25 Exactas in total which is a strike rate of 42% of all races run with the best one paying out at \$88.30 with the best tipped Trifecta paying out at \$185.70.

Results:

All of the results are constantly updated below so you can view at a quick glance how things are going. For example if exotics are doing well at a certain venue then you may like to play the exotics there. For example at a certain venue if only win bets are doing well then you may like to try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

* Results: The winner result which is displayed on the website may not necessarily be the on-top selection it may come from one of the 4 selections given. Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

Sundays August 16th 2015 Horse Racing Tips:

The results are in...

And we followed up what was an awesome saturday with what could be best described as just an average sunday at best which is unusual as sunday normally is a great day of the week on the website anyway lets have a closer look at the numbers with 62 races being run in total today. The best priced tipped runner won at \$11.60 with the strike rate for the on-top selection at an ok 27% and the top 2 strike rate at a better 39% of all races run. There were 17 exacta's in total which is a strike rate of an ok 27% which is down on the normal average of between 40-50% with the best paying out at \$64.20. The best tipped trifecta on site today paid out at \$295.90 and the best tipped first 4 paid out at a just miserly \$53.60 plus also just the 1 tipped quadrella on site today which paid out at \$1260.30. All in all a pretty tough day to end the week but we can now put today aside and move onto a brand new week and it all kicks off this monday with 3 nice country meetings and we shall do it all over again only much better.

Results:

All of the results are constantly updated below so you can view at a quick glance how things are going. For example if exotics are doing well at a certain venue then you may like to play the exotics there. For example at a certain venue if only win bets are doing well then you may like to try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic

when it comes to this information as PATTERNS are very IMPORTANT!

* Results: The winner result which is displayed on the website may not necessarily be the on-top selection it may come from one of the 4 selections given. Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

Sundays July 26th 2015 Horse Racing Tips:

The results are in...

And it was thankfully another good day with the ratings and a great end to the racing week so lets jump to the numbers with 41 races being run today. The best priced tipped winner paid out at \$23.20 with the strike rate for the on-top selection at 19% with the strike rate for the top 2 at a more than good 39% of all races run today. There were 13 exacta's recorded in total which is a strike rate of 32% of all races run with the best paying out at a very healthy \$328.00, there were also 8 tipped trifecta's which is a 19% strike rate with the best one paying out at \$351.10 and unusually there were no tipped first 4's recorded today. We have been having a lot of success

since we added the best quaddie of the day feature to the website and today we recorded a \$15691.80 collect which is not the biggest quadrella we have recorded on the site but it is getting up there. All in all another very good day at the races and yes we get to do it all over again Monday with 2 solid meetings taking place.

Results:

All of the results are constantly updated below so you can view at a quick glance how things are going. For example if exotics are doing well at a certain venue then you may like to play the exotics there. For example at a certain venue if only win bets are doing well then you may like to try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

* Results: The winner result which is displayed on the website may not necessarily be the on-top selection it may come from one of the 4 selections given. Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. Sundays July 5th 2015 Horse Racing Tips:

The results are in...

And it was another very solid Sunday which is a day that has always been good for us right from the beginning of the website. So lets get straight into the numbers. There were 66 races run today and the best priced winner of the day was at \$22.80 with the strike rate for the on-top selection at 23% with the top 2 at a very high 47% of all races run today. There were 29 exacta's in total which is a strike rate of a very high 44% with the best one paying out at \$118.00. There were also 16 tipped trifecta's on the site today which is a strike rate of 24% of all races run and we also managed some nice first 4 results as well with the best tipped one paying out at \$667.80. All in all another very good day out at the races and I am starting to sound like a broken record as we don't have too many bad days on the site thankfully.

Results:

All of the results are constantly updated below so you can view at a quick glance how things are going. For example if exotics are doing well at a certain venue then you may like to play the exotics there. For example at a certain venue if only win bets are doing well then you may like to try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

* Results: The winner result which is displayed on the website may not necessarily be the on-top selection it may come from one of the 4 selections given. Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

Special's Of The Day:

Only 1 special today and that is in Launceston Race 1 No 2 Brightness currently quoted at a fixed odds price of \$1.85 well supported early you would have to say all things point well to this one performing first up after a spell. That's it from me. Great luck and happy punting this Sunday!

Sundays May 31st 2015 Horse Racing Tips:

The results are in...

Not a bad Sunday at all with the best priced winner saluting at \$10.70. There were 21 exacta's with the best paying out at \$82.30 which would have also opened the door to 21 trifecta's and first 4's if following the systems from the website. Overall another solid sunday as most sundays are.

Special's Of The Day:

Only 1 special today and that is in Ballarat Race 4 No 1 Thubiaan who is currently quoted at a fixed odds price of \$1.90 I don't normally tip hurdlers but this really is its race and the \$1.90 is too good to walk away from. Heavily backed and with the form to match it really has the best chance in the race of winning. That's it from me. Great luck and happy punting this Sunday.

Sundays May 24th 2015 Horse Racing Tips:

A really good sunday as sundays always are anyway the best priced winner of the day was at \$12.50 there were 32 exacta's with the best paying out at \$71.80 there were a ton of trifecta's and first 4's as well so overall another very good sunday where if you didn't find a winner I don't know what you were doing wrong.

Special's Of The Day:

Only 1 special today and that is in Bendigo Race 3 No 3 Got you Double who is currently quoted at a fixed odds price of \$1.95 heavily supported early and with the form to match you would have to say this one has an excellent chance of being first past the post. The results are in...

Suggested Bets:

Follow the specials today as bankers in your exacta's, trifecta's and first 4's. We also managed to break our drought of quadrella's losses yesterday with a \$1300 collect and are hoping we can once again strike a good win today. They only cost \$14 for 5% of the dividend so this is a nice safe way to play. That's all from me. Great luck and happy punting this Sunday!
