Tuesdays Ratings Results For 2015

Immediately below you will find all of the ratings covering Tuesdays racing in 2015.

You will also find below helpful open and honest summaries of exactly how the day has gone. If we have had a great day we will tell you and if we have had an average day we will tell you as well. Nothing is hidden on the site everything you see is exactly what you get.

Results: Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

The Live Results on the website are very important as you can constantly see at a quick glance how things are going. For example if Exotics are doing well at a certain venue then you may like to play the Exotics there. For example at a certain venue if only Win Bets are doing well then you may like to try that approach, if the Top Selections are doing well at a certain venue then you may like to back the next Top Selection. If the 3rd and 4th selections are only doing well at a certain venue then you may like to even try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

* You will see the [Exacta](#) mentioned a lot on this site but it is for a reason as [the win rate for boxed exacta's on the site averages between 30% and 50% of all races run each day.](#) And if you can get the exacta logic will tell you that if you have the field for 3rd you then have the trifecta and if you have the field for 4th you then have the first 4. Dependant on field sizes and thanks to the flexi dividend if you tie the race up right you can get as much as 33% of the div for as little as \$10. Tuesdays December 1st 2015 Horse Racing Tips:

The results are in...

There were 17 races on the card today and it was a really tough and good old fashioned grinding day with loads of low dividends thrown in but as they say a tradesmen can't blame his tools. Overall Kilmore went pretty well but could have always went better and Tuncurry was a place of not much luck at all. Anyways let's have a look at the numbers the best priced tipped winner was at just \$6.20 today with the strike rate for the Top Selection sitting at 35%, the Top 2 Selection % result I won't post today as the low div's negated its value. Exacta's wise the strike rate sat also at 35% with the best paying out at \$47.30 but in saying that the 2nd best one paid out at \$44.40 and the rest were only marginal profits but in this game every dollar counts. And that was the story of the day. Now its onto Wednesday and statistcially we should be right back to business as normal and I am really looking forward to it all.

Results:

All of the results are constantly updated below so you can view at a quick glance how things are going. Special Suggested Bet Of The Day:

This one looks to be the safest banker bet of the day and we shall have a play at an exacta and it will go mighty close to winning and should pay well.

Kilmore Race 3 Exacta:

1 / 2, 9, 12

So its 1 for 1st
and 2, 9, 12 for 2nd

Total Cost: \$15 = 500% of the dividend.

Where The Money Is: Those runners which stand out as being really well supported early.

No information to report today.

Best Longshot's Of The Day:

Nothing to report today.

Best Quaddie Of The Day:

There are 2 quadrella's on offer today and Kilmore does looks the safest bet and we will go mighty close again today and it will pay well with the selections we have.

P.S. Just to remind everyone so they don't get the wrong impression Quadrella's are a low percentage bet and they will always be which is why we now have the suggested bet as only \$13. They are mean't to be a bit of fun and although we do sometimes with the best quaddie of the day get a run going the average win result is 1 in 7. But in saying this when we do get a result it normally does put you well in-front overall for a small spend. With the recommended bet of \$13 for 5% for example a 10k result which does happen from time to time will payout at \$500 so its all about having a little fun while waiting for that good result to come.

Kilmore Quadrella:

Race 6: 1, 4, 5, 8
Race 7: 1, 9, 11, 2
Race 8: 7, 8, 10, 4
Race 9: 10, 8, 4, 11

Total Cost: \$13 = 5% of the total dividend.

Tuesdays September 8th 2015 Horse Racing Tips:

The results are in...

Only the 15 races covered on site today and there was nothing too exciting to report but let's have a look at the numbers anyway. The strike rate for the Top Selection was a little low today at 27% with the strike rate for the Top 2 Selections at a better 47%. There were 6 Exacta's tipped in total which is a strike rate of 40% with the best paying out at \$33.20 and that was about as good as it got. Overall not much choice at all today and not too much to get over excited about, but all that will change this Wednesday as some very nice fields are taking part over 5 very good meetings and we shall do it all over again only much better.

Results:

All of the results are constantly updated below so you can view at a quick glance how things are going. For example if exotics are doing well at a certain venue then you may like to play the exotics there. For example at a certain venue if only win bets are doing well then you may like to try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

* Results: The winner result which is displayed on the website may not necessarily be the on-top selection it may come from one of the 4 selections given. Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

Only 1 special today and that is in Geelong Race 1 No 2 Faatinah currently quoted at a fixed odds price of \$2.00 well there must be good wraps on this unraced 3 year old as the money has really come for this one early. The

main danger in the race looks to be No 8 Beachley who has been slightly easy in early betting so all things do point to the horse with a hard name to spell. That's it from me. Great luck and happy punting this Tuesday!

Really looking forward to this Wednesdays racing there are 5 classy meetings in play and there will be no excuses if we don't have a great day. But first things first things first what happened this Tuesday. Well we had 3 meetings today and to say they were low grade horses racing is a compliment anyway today was ok but with nothing outstanding to report. Stats wise the were 22 races run and the strike rate for the top 2 was at a just ok 27% the exacta strike rate was at a lowly 22% with the best one paying out at \$64.50. The best tipped trifecta was at \$272.60 and the best tipped first 4 of which there was only 1 paid out at \$196.60. All in all just an average day at best but with better racing starting tomorrow I am starting to get excited.

For example if exotics are doing well at a certain venue then you may like to play the exotics there. For example at a certain venue if only win bets are doing well then you may like to try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

* Results: The winner result which is displayed on the website may not necessarily be the on-top selection it may come from one of the 4 selections given. Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. Special's Of The Day:

2 specials today and the first is in Hawkesbury Race 1 No 9 Stop The Press currently quoted at a fixed odds price of \$2.70 well trained by the hawkes team and ridden by a jockey in-form it is hard to go past this one with the weight of early money behind it, I don't usually bet on first starters in maidens but this one does stand out. The second is in Hawkesbury Race 4 No 4 Elle Lou currently quoted at a fixed odds price of \$1.80 this one has also been well backed early and on paper looks to have only 2 main rivals no's 1 & 2 which have been both easy in early betting markets so this one is a no brainer and logical banker for your exotic bets. That's it from me. Great luck and happy punting this Tuesday and before I go don't forget the quadrella's today as with only 3 meetings being run there will be quite large betting pools involved so this may be a good way to flutter going for a decent return.

Longshot's Of The Day:

- Wagga Race 2 No 7 Ossie Snip at 20-1 Eachway
- Wagga Race 5 No 13 Supreme Lyne at 80-1 Eachway
- Wagga Race 7 No 11 Border Chic at 18-1 Eachway

Results:

All of the results are constantly updated below so you can view at a quick glance how things are going. For example if exotics are doing well at a certain venue then you may like to play the exotics there. For example at a certain venue if only win bets are doing well then you may like to try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information.

Suggested Bets:

Only 2 specials today and they are Benalla Race 1 No 11 Choctaw Ridge currently at a fixed odds price of \$1.70 and Scone Race 3 No 1 Invienna currently at a short fixed odds price of \$1.65 both should win all things being equal and both will make ideal bankers in your exacta's, trifecta's and first 4's. Yesterday we managed to get a \$2300 quadrella and hopefully today will bring more of the same as we have value runners in each leg and with the right results we should hopefully score a nice dividend. That's it from me. Great luck and happy betting this Tuesday!

No specials again for today but to watch closely the quadrella's as with only 3 meetings being run there will be very large pools involved and we will go very close to gaining a share, it only costs \$14 for a 5% dividend so this might be a nice safe way to play. That's it from me. Great luck and

Suggested Bets:

Follow the specials there are only 2 today and they both have been heavily backed early and will make ideal wins bets and bankers in your exacta's, trifecta's and first 4's. Also with only the 2 meetings being run today there will be a lot of money in both quadrella pools so this could be a wise investment as well. That's it from me. Great luck and happy punting this Tuesday!

Suggested Bets:

There are no specials today, but it is advised to maybe have a play at the quadrella's. With some large fields running the results are bound to pay well and with a bit of luck we can hopefully manage to gain a win. It only costs \$14 for 5% of the dividend so this may be a nice safe way to play. That's it from me. Great luck and happy punting this Tuesday!

And it would have to be one of the toughest days racing I have seen in a long while.

Suggested Bets:

Only the 2 specials (*) today and both have been well backed early but they will start short Taree Race 1 No 4 Danish Twist and Warrnambool Race 1 No 3 Chu Chu Charlie so they really should be your main bankers in your exacta's, trifecta's and first 4's. We came very close to getting both

quadrella's yesterday so will today be the day, well its only going to cost \$14 for 5% of the dividend to have a try and you just never know we may just jag a decent one. Thats's it from me for today. Great luck and great punting this Tuesday!
