Wednesdays Ratings Results For 2015

Immediately below you will find all of the ratings for Wednesdays racing in 2015.

You will also find below helpful open and honest summaries of exactly how the day has gone. If we have had a great day we will tell you and if we have had an average day we will tell you as well. Nothing is hidden on the site everything you see is exactly what you get.

Results: Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

The Live Results on the website are very important as you can constantly see at a quick glance how things are going. For example if Exotics are doing well at a certain venue then you may like to play the Exotics there. For example at a certain venue if only Win Bets are doing well then you may like to try that approach, if the Top Selections are doing well at a certain venue then you may like to back the next Top Selection. If the 3rd and 4th selections are only doing well at a certain venue then you may like to even try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

* You will see the [Exacta](#) mentioned a lot on this site but it is for a reason as [the win rate for boxed exacta's on the site averages between 30% and 50% of all races run each day.](#) And if you can get the exacta logic will tell you that if you have the field for 3rd you then have the trifecta and if you have the field for 4th you then have the first 4. Dependant on field sizes and thanks to the flexi dividend if you tie the race up right you can get as much as 33% of the div for as little as \$10. For example at a certain venue if only Win Bets are doing well then you may like to try that approach, if the Top Selections are doing well at a certain venue then you may like to back the next Top Selection. If the 3rd and 4th selections are only doing well at a certain venue then you may like to even try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

Wednesdays December 2nd 2015 Horse Racing Tips:

And the results are in...

And it was an unusual day there was little money around in early betting which is not normal for a wednesday and then we took off to a very slow start. Anyways lets have a look at the numbers with 47 races covered. The best priced tipped winner was at \$14.10 and the strike rate for the Top Selection was sitting at 30% with the strike rate for the Top 2 Selections

sitting at 45%. The Exacta strike rate today was sitting at 34% with the best paying out at \$46.10 with the best straight tipped Trifecta paying out at \$147.40 and the best straight tipped First 4 paid out at \$217.60. Overall not a perfectly ideal day and a little too much of a grind for my liking.

Results:

All of the results are constantly updated below so you can view at a quick glance how things are going. For example if exotics are doing well at a certain venue then you may like to play the exotics there. For example at a certain venue if only win bets are doing well then you may like to try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

* Results: Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

Special Suggested Bet Of The Day:

Today we shall be trying for an Exacta the banker should win well and it all just depends on what manages to run 2nd and with the ones that we have chosen to have that best chance it should pay from \$6 to \$10 which means for a \$10 investment a \$20 to \$40 overall profit.

Canterbury Race 2 Exacta:

2 / 7, 8

So its 2 for 1st
and 7 and 8 for 2nd

Total Cost: \$10 = 500% of the dividend.

Where The Money Is: Those runners which stand out as being really well supported early.

- Canterbury Race 7 No 14 Muheeb at \$7.50 nice early support for this one at solid odds.

Best Longshot's Of The Day:

Unfortunately nothing to report today.

Best Quaddie Of The Day:

Ok we shall try our luck again in Melbourne and once again we should go very close to a nice collect. Yesterday we again missed by just 1 leg only finishing 2nd and 3rd so we are getting mighty close to a decent result.

Sandown Quadrella:

Race 5: 6, 11, 4, 10
Race 6: 10, 2, 8, 13
Race 7: 3, 6, 9, 14
Race 8: 12, 1, 11, 5

Total Cost: \$13 = a 5% share of the total dividend.

P.S. Just to remind everyone so they don't get the wrong impression Quadrella's are a low percentage bet and they will always be which is why we have the suggested bet as only \$13. They are meant to be a bit of fun and although we do sometimes with the best quaddie of the day get a run going the average win result is 1 in 7. But in saying this when we do get a result it normally does put you well in-front overall for a small spend. With the recommended bet of \$13 for 5% for example a 10k result which does happen from time to time will payout at \$500 so its all about having a little fun while waiting for that good result to come.

Wednesdays November 25th 2015 Horse Racing Tips:

The results are in...

And it was a pretty good day so let's have a look at the numbers with 39 races covered on the site. The best priced tipped winner was at \$7.50 with the strike rate for the Top Selection sitting at 38% of all races run with the strike rate for the Top 2 Selections sitting at 51% of all races run. There were 14 Exacta's in total which is a strike rate of 36% with the best one paying out at \$91.60. There were also not too many straight tipped Trifecta's and First 4's recorded today which is unusual. The best Quadrella of the Day also was a non-result with 3 legs winning and finishing 2nd in the other leg which was a little disappointing. At Launceston at the night meeting we also had a 70-1 chance selected as the Top Selection and it completely slipped by us so was not nominated as a longshot of the day and it ran a very good race finishing 3rd and paying 15-1 the place. And that's the story of the day and we shall line up tomorrow and do it all over again only better.

Wednesdays July 29th 2015 Horse Racing Tips:

The results are in...

We were looking for a good day and what we got was a really good solid Wednesday at the races so lets have a look at the numbers with 54 races being run in total. The best priced tipped winner paid out at \$16.80 with the strike rate for the on-top runner at 24% with the strike rate for the top 2 at a more than good 41% of all races run today. There were 22 exacta's in total which is a strike rate of 41% of all races run with the best paying out at \$87.00 the best tipped trifecta on site today paid out at \$153.20 and the best tipped first 4 paid out at \$51.60. All in all a great days betting and now its onto Thursday racing with 4 solid meetings up for decision and we can't wait.

Results:

All of the results are constantly updated below so you can view at a quick glance how things are going. For example if exotics are doing well at a certain venue then you may like to play the exotics there. For example at a certain venue if only win bets are doing well then you may like to try that

approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

* Results: The winner result which is displayed on the website may not necessarily be the on-top selection it may come from one of the 4 selections given. Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

Wednesdays July 15th 2015 Horse Racing Tips:

The results are in...

I did not have a bet today so its hard for me to give a value judgement of the day so lets have a close look at the numbers which should tell the tale. There were 46 races run today with the strike rate for the on-top runner at a low 16% with the strike rate for the top 2 at an ok 26%. There were 13 exacta's in total which is a strike rate of an ok 28% with the best paying out at \$63.10. There were also 9 tipped trifecta's on the site today with the best paying out at \$169.00 and there were also 3 tipped first 4's with the best paying out at \$369.00. So overall according to the figures there was not too much to get excited about as it was just an average day with better results aimed for and tipped for this Thursday.

Wednesdays May 20th 2015 Horse Racing Tips:

The results are in...

A really good day at Randwick. Murray Bridge and Belmont, but Ipswich and Mornington did let us down. The best priced winner of the day was at \$8.70 we had a bit of a drought today on exotics's with only 14 exacta's recorded with the best paying out at \$32.00 although in a bit of a highlight we did manage the first 4 in the last at Belmont which paid \$4200. Overall not too bad of a day but not up to our usual consistent standard which we pride ourselves on.

Special's Of The Day:

Only 1 special today and that is in Mornington Race 2 No 7 Claudine currently quoted at a fixed odds price of \$2.90 this one has been very heavily supported early, looks ideally suited in this field and will have every chance to win at the good odds price. That's it from me. Great luck and happy punting this Wednesday!

- Belmont Race 2 No 8 Tukurua at \$41.00
- Belmont Race 6 No 12 Unicorns Do Exist at \$31.00

Wednesdays March 18th 2015 Horse Racing Tips:

The results are in...

Suggested Bets:

I don't like spruiking horse which are so short but Newcastle Race 1 No 4 Nazir should win and is at a \$1.20 quote and will be an ideal banker in your exotics. Balaklava Race 1 No 4 Husson's Shout will be another at a short quote of \$1.50 and is another which will make an ideal banker in your exotic bets. Now for 1 at some value Sandown Race 1 No 2 The Thug currently quoted at \$13.00 will make a good eachway bet at a very good price. Also today once again watch the Quadrella's as we are going very close to a very big collect and today might well be the day. They only cost \$14 to play for a 5% of the dividend so this is always a nice safe way to play. That's it from me. Great luck and happy punting this Wednesday.

Suggested Bets:

On a day which will provide a lot of value we have only one special at the moment there may be more once the tips for both Pinjarra and Launceston have been posted so watch out for those. Ipswich Race 7 No 10 Vienna Queen which has been heavily backed early so it may be wise to follow this one for both the win and banked in your exacta's, trifecta's and first 4's. We managed to get a very nice quadrella yesterday from the 1 meeting on offer and we are hoping for more of the same today. It only costs \$14 for 5% of the dividend so this may be a nice way to play today as we have provided value selections in each leg. That's it from me. Great luck and happy betting this Wednesday!
