

McGregor

LOGISTICS LTD

McGregor Logistics was established in 2006 by Managing Director Keith Law. Keith boasts over three decades of experience in the transport industry. The business first began by investing in one vehicle, providing dedicated transport carrying fruit and vegetables for local markets. Since its inception McGregor Logistics has grown exponentially via diversification and rapid expansion further into the transport industry.

In 2013 the company invested in a new site 17.5 acre site with over 110,000 square foot of warehousing in Doncaster, and a new site in West Thurrock with over 120,000 square foot of warehousing. Furthermore the company has invested over £70,000 invested into warehouse racking to facilitate growth.

Over the last 24 months the company has invested over £30,000 in recruitment for industry experienced transport operators to further improve the strength of our team.

In 2014 McGregor Logistics decided to join the UK's largest Pallet Network, Palletways, enabling the business to offer palletised next day deliveries through UK and Europe.

Warehousing

Following the move into both Doncaster and West Thurrock, we invested over £70,000 into modernising the facilities and installing racking throughout. We installed a state of the art warehousing system, providing real-time information as well as customer portals.

We can provide Racked / Floor Storage in Doncaster or West Thurrock. With access to over 210,000sq foot between the two sites, the services we can offer are:

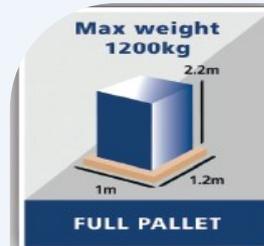

- | | |
|-------------------------|---------------------------|
| Long/Short Term Storage | Container Services |
| Palletising | Floor Storage |
| Racked Storage | Pick/Pack |
| Fine Pick | Quality Control |
| Cross Dock Services | Integration of Palletways |

Our Palletways division enables us to provide a domestic and international, collection and delivery service overnight!

With over 300 members throughout the UK and Europe, Palletways offers a fast and cost effective solution to smaller consignment deliveries, as well as ensuring the best customer service levels.

We have recently introduced two new pallet sizes, the Mini Quarter, for a smaller consignment and a Light Pallet, for the taller but lighter consignments, giving our customers an edge against competitors.

For more information on any of our services, please call now on [01302 570347](tel:01302570347)
