ATV & Motorcycle Map

Birding & Wildlife Pictures

Bird watchers find many species of birds at Downata Hot Springs. You can observe the

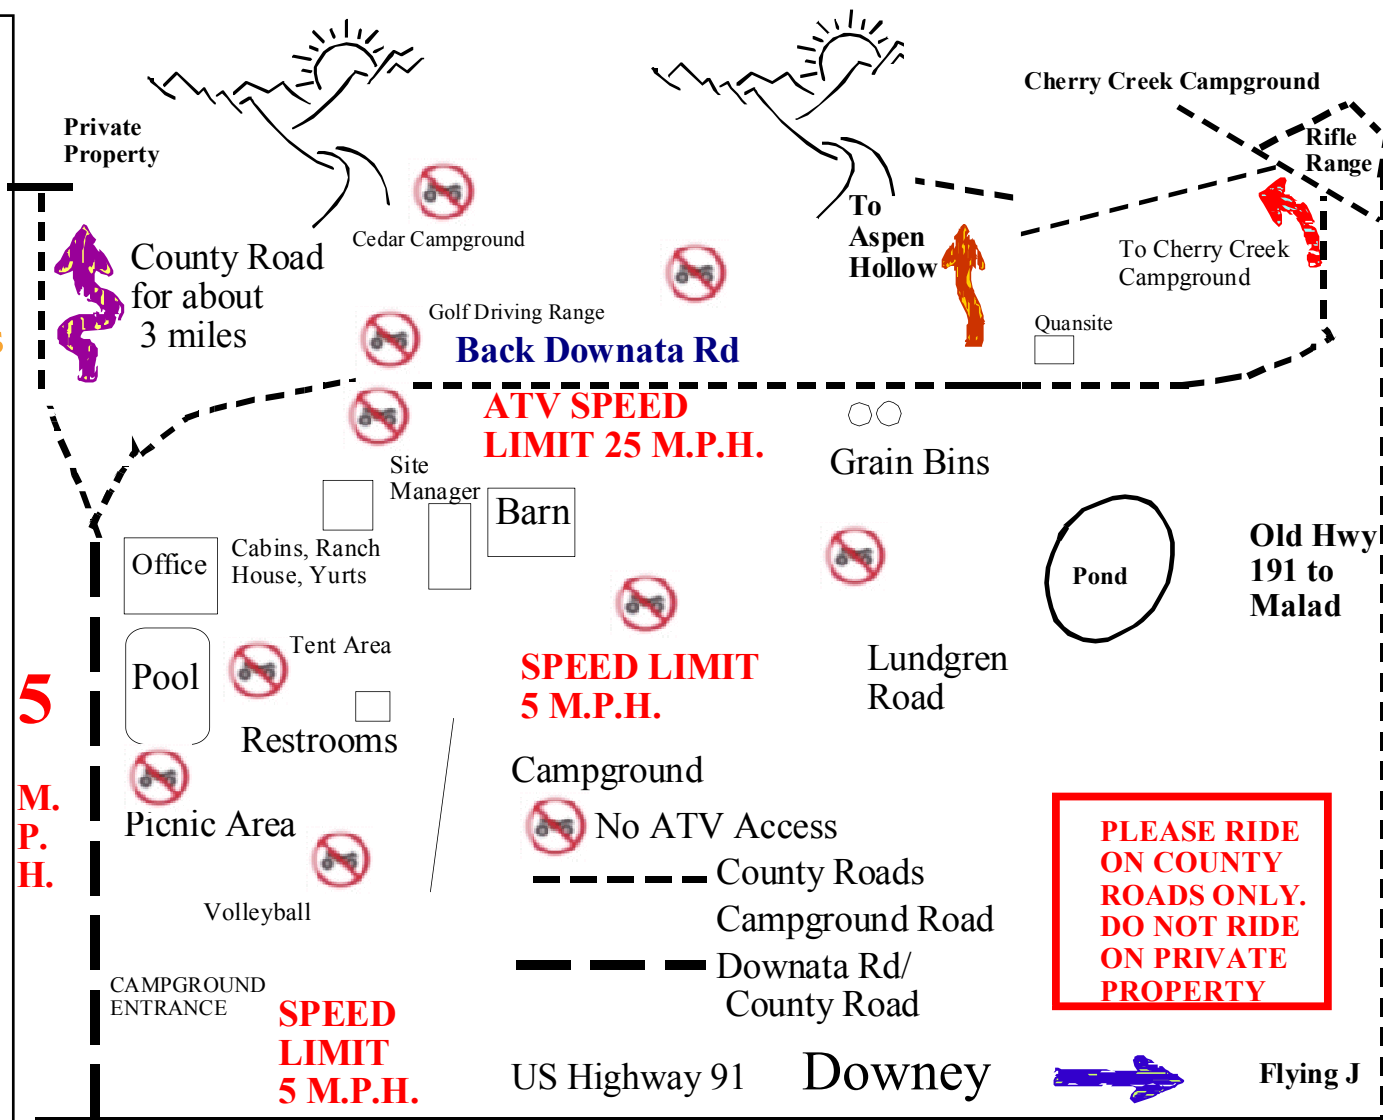

Sandhill Cranes dancing, hear Owls hooting and see the American Coot swimming. Watch the Eagle soar and the Blue Heron fly. Often Killdeer can be found in the grass and an Egret on a fence. Many kinds of water fowl can be seen and photographed on the Marsh Creek and marsh near the hot springs. Enjoy a peaceful walk while observing the wild life and peaceful surroundings.
