

Give a Priceless Gift to Your Loved One

When you pre-plan or outline your final wishes, you do more than make sure your life will be celebrated in a way that reflects your personality and passions – you also help lessen distress for your loved ones in their time of grief. Planning ahead safeguards the assurance of a celebration of life service that's unique to you. This planning also helps you lock-in today's funeral prices and protects against rising costs. A [pre-planning program](#) at Small's Mortuary ensures comfort to the family at a difficult time. It also gives your family and you the opportunity to openly express your wishes and ensure they are precisely followed when they are planning your funeral service.

Our Commitment to You

We have witnessed the difficulties that many families encounter during a time of loss. At Small's Mortuary we are committed to doing all we can to help ease the burden on your family during their time of bereavement. You will be able to outline your wishes in writing and file them with our funeral home. We offer this complimentary service because we have seen how meaningful these simple plans can be to grieving families at the time of loss. You can also decide whether paying for services in advance is right for you. A plan can be customized to fit your current budget and made possible for you to pay for your anticipated funeral expenses.
