Our Warranty

While the electric motor and timer are covered by a one year manufactures warranty every other component is covered by the Range Miner guarantee.

Serial numbers, receipts, registration, warranty cards, or any other proof of purchase is not required to take advantage of our Lifetime Warranty. We do not care if you are the original owner or received the unit second-hand; all our machines come with a lifetime warranty. If any component, large or small, breaks, becomes damaged, or simply wears-out, it will be fixed or replaced. Basically, whatever needs to be done to get the machine back to you in working order will be done. If a minor part is all that's required, just let us know and we will ship it out to you as soon as possible. If it is a major component becomes damaged or broken, or the machine as a whole just stops working, contact us and we will arrange for the return of the item for repair. The only thing you will be asked to pay for is the shipping or for parts or components that were obviously damaged by misuse or modification. We will fix or replace your machine, as warranted. Guaranteed.
