PGS Law are a modern forwarding thinking firm with over 140 years' experience of helping people resolve legal disputes. We serve clients from across the North East of England and beyond and provide a legal service with a difference.

We believe in transparency, so we will confirm the costs you can expect before we begin any work. Our clients want straightforward, practical advice from people they can trust, so that's exactly what we deliver.

Our breadth of expertise means we can take on highly complex cases. We have a reputation for a high standard of professional service, regardless of the nature or value of the case and we will ensure you receive a personal, tailored service that is right for you.

One of the largest obstacles to dispute resolution is often funding because it can cost huge sums of money to launch a claim. We are committed to ensuring that clients have a clear understanding of their costs before they proceed with any claim which is why we offer fixed fee services.

Additionally, we offer a range of funding alternatives, including no-win no-fee arrangements, and we can make an application for after the event insurance to protect you against costs.
