may issue a bench warrant for the arrest of the person named on the citation to require his appearance on the charge specified.

If the defendant pleads guilty, the court may proceed to judgment and sentence or may continue the matter for subsequent disposition. If the plea is not guilty, and the case is not for jury trial, the court may proceed to try the case, or may set it for hearing at a later date.

Section 6-125  TRIALS AND JUDGMENTS.

A. Before trial commences, either party, upon good cause shown, may obtain a reasonable postponement thereof.

B. The defendant must be present in person at the trial or be represented by counsel if permitted by the judge.

Procedures relating to suspension of the judgment or costs or both shall be as provided in Section 27-123 of Title 11 of the Oklahoma Statutes. Upon completion of the probation term, the defendant shall be discharged without a court judgment of guilt, and the verdict, judgment of guilty or plea of guilty shall be expunged from the record and the charge dismissed with prejudice to any further action. Upon a finding of the court that the conditions of probation have been violated, the municipal judge may enter a judgment of guilty. The judge may continue or delay imposing a judgment and sentence for a period of time not to exceed six (6) months from the date of sentence. DIVISION 2

COMPETITIVE BIDDING

Section 7-109 PURPOSE AND EFFECT.

The primary purpose of Division 2 of this Article is to codify in the Tonkawa Municipal Code 2017, the essential statutory requirements of the Competitive Bidding Act of 1974 (Title 61, Section 101 et seq. of the Oklahoma Statutes) and the essential requirements of the Title 60, Section 1076 H, known as competitive bidding requirements of the “Public Trust Law.” A secondary but equally important purpose of this Division is to establish local competitive bidding procedures, which procedures are guidelines, but not requirements, to be considered for use during those times that neither the Competitive Bidding Act of 1974 nor any other state law requires competitive bidding. In that state law does not require municipalities to competitively bid professional services or the purchase of equipment, materials and supplies, in order to “fill the gap” and thereby reduce the potential for improprieties, these local competitive bidding procedures are adopted. Since such local competitive bidding procedures are merely guidelines. In addition, since these local competitive bidding procedures are discretionary and not mandatory, no resident, competing vendor or seller, or any other person, firm or corporation, may secure a temporary
restraining order, injunction (temporary or permanent), or sue for damages, costs, or attorney fees, based on the Mayor and/or City Council’s action with respect to local competitive bidding, or any other failure to follow the procedure contained herein, unless such person proves that a violation of federal or state law has occurred.

Section 7-110 DEFINITIONS

For the purposes of this Division, the following terms, phrases, words and their derivations shall have the meaning given herein:

"City" means this city and means the city government in all its forms, including not only the city departments but also any agency, the city council, or other persons or entities acting for or on behalf of the city but shall not include the Tonkawa Municipal Authority, Tonkawa Housing Authority and the Tonkawa Industrial Authority (hereinafter referred to as public trust authorities”). Provided however, with respect to only Section 7-111, the term “City” shall be interchangeable with “public trust authority” and the term “Mayor and City Council” shall be interchangeable with “Chairman and Trustees” of the public trust authority.

B. "Contractual services" mean all non-professional services including but not limited to uniform and cleaning services; insurance; leases for all grounds, buildings, offices or other space required by the using agencies; and the rental, repair or maintenance of equipment, machinery and other city-owned personal property. The term shall not include professional or other contractual services which are in their nature unique and not subject to competition;

C. "Emergency" means the conditions resulting from a sudden unexpected happening or unforeseen occurrence or a condition and situation wherein the public health or safety is in endangered;

D. “Personal property” for purpose of this Division shall include but not be limited to:

   (A) Portable, or otherwise moveable, buildings and structures;
(B) Prefabricated metal buildings and structures, along with necessary utility services for such buildings or structures;

3. Roofs placed over existing roof structures; provided, lease purchase of retrofit metal roofs shall be awarded by competitive bids and the City shall comply with the Act where the total payment of principal and interest provided by the lease-purchase contract are anticipated to exceed Twenty-five Thousand Dollars; and

4. Other structures that can be disassembled after installation and removed without permanent damage to existing property.

E. "Public construction contract" or "contract" for purposes of Section 7-111 and the Public Competitive Bidding Act of 1974, as amended (hereinafter the "Act"), shall mean any contract, exceeding Fifty Thousand Dollars ($50,000.00) in amount, awarded by the City or any of its public trust authorities for the purpose of making any public improvements or constructing any public building or making repairs to or performing maintenance on to same, except where the improvements or buildings leased to a person or other legal entity exclusively for private and not for public use and no public tax revenues shall be expended on or for the contract unless the public tax revenues used for the project are authorized by a majority vote of the applicable public agency voting at an election held for that purpose and the public tax revenues do not exceed twenty-five percent (25%) of the total project cost. The amount of public tax dollars committed to the project will not exceed a fixed amount established by resolution of the governing body prior to or concurrent with approval of the project;

F. "Public improvement" means any beneficial or valuable change or addition, betterment, enhancement or amelioration of or upon any real property, or interest therein, belonging to a public agency, intended to enhance its value, beauty or utility or adapt it to new or future purposes. The term does not include the direct purchases of materials, provided the materials are not purchased in increments for an amount less
than Fifty Thousand Dollars ($50,000.00) and used for the purposes of completing a single project, equipment or supplies by the City or any of its public trust authorities or personal property as defined herein.

G. "Supplies" means and includes property except real property, materials and equipment that the City acquires for its use or consumption; and

H. "Using agency" means any department, board, Mayor and City Council, agency, division, Section, bureau or other unit in the city government using supplies or procuring contractual services as provided for herein and for purpose of Section 7-111, includes public trust authorities.

In providing for such written bids, the City Clerk may solicit bids from qualified bidders after posting a notice at city hall for at least three (3) days preceding the last day set for the receipt of bids or by causing the notice inviting bids to be published in the local newspaper of the city, at least once, three (3) days preceding the last day set for the receipt of proposals. The notice required herein, shall include a general description of the services required and shall state

Ch. 1 Pg. 21

C. The City Clerk will develop a bidder's list. Bid solicitations will be made equally and uniformly known to all prospective bidders and the public:

1. For public construction contracts exceeding Fifty Thousand Dollars ($50,000.00), notice will be mailed twenty (20) days prior to the bid opening date to prospective bidders who have made known, in writing, to the using agency their interest in bidding within twelve (12) months immediately preceding the date of opening the bids;

D. One complete set of bid documents will be kept on file in the City Clerk's office twenty (20) days prior to the bid opening date. Copies may be obtained by prospective bidders after paying a reasonable deposit as set by the City Manager.

E. A bidder on a public construction contract exceeding Fifty Thousand Dollars ($50,000.00) will accompany the bid with:

2. An irrevocable letter of credit containing terms the Department of Central Services prescribes, issued by a financial institution insured by the Federal Deposit Insurance Corporation for the benefit of the state, on behalf of the awarding public agency, in an amount equal to five percent (5%) of the bid. The City shall deposit the irrevocable letter or credit with the Department of Central Service.

The cost of republication of the notice to bidders, actual expenses incurred by reason of the bidder’s default and the difference between the low bid of the defaulting bidder and the amount of the bid of the bidder to whom the contract is subsequently awarded, but not to exceed the amount of the certified check, bid bond or irrevocable letter of credit may, at the discretion of the City, be forfeited to the City in the event the apparently successful bidder fails to execute the contract or fails to provide the required bonds or irrevocable letters of credit and insurance to the City.

F. A non-collusion affidavit and a business relationship affidavit shall also accompany bidder proposals.

G. Any bid received by the City or an officer and employee thereof, more than ninety-six (96) hours, excluding Saturdays, Sundays and holidays, before the time set for the opening of the bids, or any bid so received after the time set for opening of the bids, shall not be considered by the City and shall be returned unopened to the bidder submitting the same.

H. All bids shall be sealed and opened only at the time and place mentioned in the bid Section, and read aloud in the presence of an administrative officer of the City. Such bid openings shall be open to the public and to all bidders.

I. Except as otherwise provided by law, within such period of time, not to exceed sixty (60) days, as shall be specified in the bid notice by the City, a contract embodying the terms set forth in the bidding documents shall be executed by the City and the successful bidder. No bidder shall obtain any property rights in a contract awarded under the provisions of
the Public Competitive Bidding Act of 1974 until the contract has been fully executed by both the bidder and the City.

J. Bonds, irrevocable letters of credit and insurance as provided by Section 113 of Title 61 of the Oklahoma Statutes, shall be provided by the successful bidder to the City.

L. All invoices submitted for work performed shall be accompanied by a sworn certification by the architect or engineer that the work has been completed in accordance with specifications.

M. The City Council by a majority vote may reject any and all bids and rebid the project if the public interest would be better served.

N. If no timely bid is received on any public construction contract not exceeding Fifty Thousand Dollars ($50,000.00), the City Council may direct the City Manager to negotiate a contract with the prospective bidder. The amount of the contract which may be awarded by the governing body pursuant to this Section shall not exceed Fifty Thousand Dollars ($50,000.00) and the work to be performed shall be as specified in the initial bidding documents. The contract shall be executed within six (6) months after the date initially set for opening of bids. The contract and contract procedure shall conform to all the other applicable provisions of the Public Competitive Bidding Act of 1974.

O. The City shall return the certified or cashier’s check, bid bond, or irrevocable letter of credit to the successful bidder on execution and delivery of the contract and required bonds or irrevocable letters of credit and insurance. Checks of unsuccessful bidders shall be returned at them in accordance with the terms of the bid solicitation.

P. Nothing herein shall be construed so as to prevent the City or the courts from exonerating the bidder and other parties to the bid security document from liability upon a timely showing
that the bidder committed what the courts have determined under the common law to be an excisable bidding error and for that reason it would not be equitable to enforce the bid security.

Q. Change Orders.

1. Change orders or addenda to public construction contracts of One Million Dollars ($1,000,000.00) or less shall not exceed a fifteen percent (15%) cumulative increase in the original contract amount.

2. Change orders or addenda to public construction contracts of over One Million Dollars ($1,000,000.00) shall not exceed the greater of One Hundred Fifty Thousand Dollars ($150,000.00) or a ten percent (10%) cumulative increase in the original contract amount.

3. Change orders or cumulative change orders which exceed the limits of Subsection Q1 and Q2 of this Section shall require a re-advertising for bids on the incomplete portions of the contract.

4. If a construction contract contains unit pricing, and the change order pertains to the unit price, the change order will not be subject to Subsection Q1 and Q2 of this Section.

5. When the unit price change does not exceed Ten Thousand Dollars ($10,000.00), the unit price change order computation may be based on an acceptable unit price basis in lieu of the following cost itemization, which shall be performed as follows in all other incidents.

If, in his or her discretion, such employee determines that identity theft or attempted identity theft is likely or probable, such employee shall immediately report such red flags to the City Clerk or her designee. If, in her discretion, such employee deems that identity theft is unlikely or that reliable information is available to reconcile red flags, the employee shall convey this information to the City Manager or his designee, who may

Section 7-913 Treatment of Address Discrepancies; Purpose.

Pursuant to 16 CFR § 681.1, the purpose of this and the following sections shall be to establish a process by which the city will be able to form a reasonable belief that a consumer report relates to the consumer about whom it has requested a consumer credit report when the city has received a notice of address discrepancy.

Section 7-914 Definitions.

For purposes of the following sections in this Article, the following definitions apply:

(1) ‘Notice of address discrepancy’ means a notice sent to a user by a consumer reporting agency pursuant to 15 U.S.C. § 1681(c)(h)(1), that informs the user of a substantial difference between the address for the consumer that the user provided to request the consumer report and the address(es) in the agency’s file for the consumer.1

(2) ‘City’ means the City of Tonkawa, Oklahoma, and the Tonkawa Municipal Authority, a public trust, as appropriate.

(2) Verify the information in the consumer report with the consumer.

Section 7-916 Furnishing Consumer’s Address to Consumer Reporting Agency.

This information is required to be provided to the consumer reporting agency when:

a. The city is able to form a reasonable belief that the consumer report relates to the consumer about whom the city requested the report;

b. The city establishes a continuing relation with the consumer; and

c. The city regularly and in the ordinary course of business provides information to the consumer reporting agency from which it received the notice of address discrepancy.

(2) Such information shall be provided to the consumer reporting agency as part of the information regularly provided by the city to such agency for the reporting period in which the city establishes a relationship with the customer.

Section 7-917 Methods of Confirming Consumer Addresses.

(1) The city employee charged with confirming consumer addresses may, in his or her discretion, confirm the accuracy of an address through one or more of the following methods:

In addition, a copy of the statement shall be mailed to the mortgage holder at the address provided in Section 8-502. At the time of mailing of the statement of costs to any property owner or mortgage holder, the City shall obtain a receipt of mailing from the postal service, which receipt shall indicate the date of mailing and the name and address of the mailee. If the City dismantles or removes any dilapidated buildings, the cost to the property owner shall not exceed the actual cost of the labor, maintenance, and equipment required for the dismantling and removal of the dilapidated buildings. If dismantling and removal of the dilapidated buildings is done on a private contract basis, the contract shall be awarded to the lowest and best bidder.

B. When payment is made to the City for costs incurred, the City Clerk shall file a release of lien, but if payment attributable to the actual cost of the dismantling and removal of the buildings is not made within six (6) months from the date of
the mailing of the statement to the owner of such property, the City Clerk shall forward a certified statement of the amount of the cost to the county treasurer of the county in which the property is located. The costs shall be levied on the property and collected by the county treasurer as are other taxes authorized by law. Until finally paid, the costs and the interest thereon shall be the personal obligation of the property owner from and after the date of the notice of dilapidation and lien is filed with the county clerk. In addition the cost and the interest thereon shall be a lien against the property from the date the notice of the lien is filed with the county clerk. The lien shall be coequal with the lien of ad valorem taxes and all other taxes and special assessments and shall be prior and superior to all other titles and liens against the property. The lien shall continue until the cost is fully paid. At the time of collection, the county treasurer shall collect a fee of Five Dollars ($5.00) for each parcel of property. At any time prior to collection as provided for in this paragraph, the City may pursue any civil remedy for collection of the amount owing and interest thereon including an action in personam against the property owner and an action in rem to foreclose its lien against the property. A mineral interest, if severed from the surface interest and not owned by the surface owner, shall not be subject to any tax or judgment lien created pursuant to this Section. Upon receiving payment, the City Clerk shall forward to the county treasurer a notice of such payment and shall direct discharge of the lien.

C. Nothing in the provisions of this Article shall prevent the municipality from abating a dilapidated building as a nuisance or otherwise exercising its police power to protect the health, safety, or welfare of the general public.

D. The officers, employees or agents of the City shall not be liable for any damages or loss of property due to the removal of dilapidated buildings performed pursuant to the provisions of this Article or as otherwise prescribed by law.

E. The provisions of this Article shall not apply to any property zoned and used for agricultural purposes.

Section 8-504  BOARDING AND SECURING DILAPIDATED BUILDINGS, PROCEDURE, NOTICE.
A. After a building has been declared dilapidated, as provided in this Article, and before the commencement of the tearing and removal of a dilapidated building, the City Council may authorize such a building to be boarded and secured. However, if the dilapidated building is vacant and unfit for human occupancy, the City may authorize the structure to be demolished pursuant to this Article.

B. The City may cause the premises on which an unsecured building is located to be cleaned of trash and weeds in accordance with Article 1.

C. The zoning officer is hereby designated by the City Council to carry out the following duties of the City Council. The zoning officer may cause an unsecured building to be boarded and secured in accordance with the following procedures:

1. Before the City orders such action, at least ten (10) days's notice that such unsecured building is to be boarded and secured shall be given by mail to any property owners and mortgage holders as provided in Section 8-502. At the time of mailing of notice to any property owner or mortgage holder, the City Clerk shall obtain a receipt of mailing from the postal service, which receipt shall indicate the date of mailing and the name and address of the mailee. A copy of the notice shall also be posted on the property to be affected. However, if neither the property owner nor mortgage holder can be located, notice may be given by posting a copy of the notice on the property or by publication as defined in 11 O.S. Section 1-102. Such notice shall be published one time, not less than ten (10) days prior to any hearing or action by the City or zoning officer pursuant to the provisions of this Section. If a municipal governing body anticipates summary abatement of a nuisance in accordance with subsection C.9. of this Section, the notice shall state: that any subsequent need for boarding and securing the building within a six-month period after the initial boarding and securing of the building pursuant to such notice may be summarily boarded and secured by the municipal governing body; that the costs of such boarding and securing shall be assessed against the owner; and that a lien may be imposed on the property to secure such payment, all without further prior notice to the property owner or mortgage holder.

2. The owner of the property may give his written consent to the City authorizing the boarding and securing of such unsecured
building and to the payment of costs incurred thereby. By giving the written consent, the owner waives any right the owner has to a hearing by the City Council;

3. If the property owner does not give his written consent to such actions, a hearing may be held by the City Council to determine whether the boarding and securing of the unsecured building would promote and benefit the public health, safety or welfare. Such hearing may be held in conjunction with a hearing on the accumulation of trash or the growth of weeds or grass on the premises of such unsecured building held pursuant to the provisions of Article 1. In making such determination, the City Council shall apply the following standard: the City Council may order the boarding and securing of the unsecured building when the boarding and securing thereof would make such building less available for transient occupation, decrease a fire hazard created by such building, or decrease the hazard that such building would constitute an attractive nuisance to children. Upon making the required determination, the municipal governing body may order the boarding and securing of the unsecured building.

4. After the City Council orders the boarding and securing of the unsecured building, the City Clerk shall immediately file a notice of lien with the county clerk describing the property, stating the findings of the City at the hearing at which such building was determined to be unsecured, and stating that the City claims a lien on the property for the costs of boarding and securing the building and that such costs are the personal obligation of the property owner from and after the date of filing the notice;

5. Pursuant to the order of the City Council, the agents of the City are granted the right of entry on the property for the performance of the boarding and securing of the building and for the performance of all necessary duties as a governmental function of the City;

6. After an unsecured building has been boarded and secured, the City Council shall determine the actual costs of such actions and any other expenses that may be necessary in conjunction therewith including the cost of the notice and the mailing. The City Clerk shall forward a statement of the actual costs attributable to the boarding and securing of the unsecured building and a demand for payment of such costs to any property
owners and mortgage holders as provided in Section 8-503. At the time of mailing of the statement of costs to any property owner or mortgage holder, the City Clerk shall obtain a receipt of mailing from the postal service, which receipt shall indicate the date of mailing and the name and address of the mailer. If the City boards and secures any dilapidated building, the cost to the property owner shall not exceed the actual cost of the labor, materials and equipment required for the performance of such actions. If such actions are done on a private contract basis, the contract shall be awarded to the lowest and best bidder.

7. When payment is made to the City for costs incurred, the City Clerk shall file a release of lien, but if payment attributable to the actual costs of the boarding and securing of the dilapidated building is not made within six (6) months from the date of the mailing of the statement to the owner of such property, the City Clerk shall forward a certified statement of the amount of the costs to the county treasurer of the county in which the property is located. The costs shall be levied on the property and collected by the county treasurer as are other taxes authorized by law. The costs and the interest thereon shall be the personal obligation of the property owner from and after the date the notice of unsecured building and lien is filed with the county clerk. In addition the costs and the interest thereon shall be a lien against the property from the date the notice of the lien is filed with the county clerk. The lien shall be coequal with the lien of ad valorem taxes and all other taxes and special assessments and shall be prior and superior to all other titles and liens against the property. The lien shall continue until the costs and interest are fully paid. At any time prior to collection as provided for in this paragraph, the municipality may pursue any civil remedy for collection of the amount owing and interest thereon including an action in personam against the property owner and an action in rem to foreclose its lien against the property. A mineral interest if severed from the surface owner, shall not be subject to any tax or judgment lien created pursuant to this Section. Upon receiving payment, the municipal clerk shall forward to the county treasurer a notice of such payment and shall direct discharge of the lien.

8. The property owner or mortgage holder shall have a right of appeal to the City Council from any order of the zoning officer. Such appeal shall be taken by filing written notice of
appeal with the City Clerk within ten (10) days after the
administrative order is rendered.

9. If the City causes a structure within the City limits to be
boarded and secured, any subsequent need for boarding and
securing within a six-month period constitutes a public
nuisance and may be summarily boarded and secured without
further prior notice to the property owner or mortgage holder.
At the time of each such summary boarding and securing, the
City Clerk shall notify the property owner and mortgage holder
of the boarding and securing and the costs thereof. The notice
shall state that the property owner may request an appeal with
the City Clerk within ten (10) days after the mailing of the
notice. The notice and hearing shall be as provided for in
subsection 1 of this Section. Unless otherwise determined at
the hearing the cost of such boarding and securing shall be
determined and collected as provided for in subsection 7.

10. The City Council may determine that a building is unsecured and
order that such building be boarded and secured in the manner
provided for in this Section even though such building has not
been declared, by the governing body, to be dilapidated.

11. For the purposes of this subsection:

a. "Boarding and securing" or "Boarded and secured" means the
closing, boarding or locking of any or all
exterior openings so as to prevent entry into
the structure,

b. "unsecured building" shall mean any structure which is not
occupied by a legal or equitable owner thereof,
or by a lessee of a legal or equitable owner,
and into which there are one or more unsecured
openings such as broken windows, unlocked
windows, broken doors, unlocked doors, holes in
exterior walls, holes in the roof, broken
basement or cellar hatchways, unlocked basement
or cellar hatchways or other similar unsecured
openings which would facilitate an unauthorized
entry into the structure, and

c. "unfit for human occupancy" means a structure that due to
lack of necessary repairs is considered
uninhabitable and is a hazard to the health, safety, and welfare of the general public.

Section 8-505 OTHER POWERS.

Nothing in the provisions of this Article shall prevent the City from abating an unsecured dilapidated building as a nuisance or otherwise exercising its police power to protect the health, safety, or welfare of the general public.

Section 8-506 EXCEPTION.

The provisions of this Article shall not apply to any property zoned and used for agricultural purposes.

Section 8-507 REMOVAL OF GRAFFITI.

A. The City may cause graffiti to be removed from property within the City limits in accordance with the following procedures:

1. The property owner and the tenant, if any, may give their written consent to the City authorizing removal of the graffiti. By giving such written consent, the owner and the tenant each waives the right to notice and a hearing by the City as otherwise required by this Section;

2. If the consent of the property owner and the tenant, if any, to remove graffiti from the property cannot be obtained, the City may remove the graffiti without such consent pursuant to the procedures set forth in this Section;

3. To remove graffiti from property without the consent of the property owner and the tenant, if any, at least ten (10) days' notice shall be given by mail directed to the address shown by the current year's tax rolls in the county treasurer's office. Notice to the tenant, if any, shall be given by mail directed to the property address. The notice shall order the property owner and the tenant, if any, to remove graffiti from the property and shall further state that unless such work is performed within twenty (20) days of the date of the notice the work shall be done by the City. At the time of mailing of notice to the property owner and the tenant, if any, the City shall obtain a receipt of mailing from the postal service, which receipt shall indicate the date of mailing and the name and address of the mailee(s). In addition, notice shall be
given by posting a copy of the notice on the property at least one time not less than ten (10) days prior to any hearing or action by the City. If the City Council anticipates summary abatement of graffiti in accordance with the provisions of this Section, the notice shall state that any accumulations of graffiti on the property occurring within one (1) year from and after the date of the notice may be summarily abated by the City without a hearing and further prior notice to the property owner or the tenant, if any, except by posting of notice at least one time on the property once not less than two (2) business days prior to such summary abatement.

4. A hearing may be held by the City Council to determine whether the accumulation of graffiti on the property has caused the property to become detrimental or a hazard to the health, safety, or general welfare of the public and the community;

5. Upon finding that the condition of the property constitutes a detriment or hazard, and that the property, the public, and the community would be benefitted by removal of such conditions, the agents of the City are granted the right of entry onto the property for the removal of the graffiti thereon and for performance of the necessary duties as a governmental function of the City.

6. The City hereby designates the zoning officer to perform the functions set forth in this Section. The property owner and the tenant, if any, shall have a right of appeal to the City Council from the decision of the zoning officer. Such appeal shall be taken by filing written notice of appeal with the City Clerk within ten (10) business days after the administrative order is rendered.

B. If a notice is given by the City to a property owner and tenant, if any, ordering graffiti to be removed from property within the municipal limits in accordance with the procedures provided for in subsection A of this Section, any subsequent accumulations of graffiti on the property occurring within a one (1) year period may be summarily abated without further prior notice to the property owner or the tenant, if any. However, prior to the summary abatement by the City, notice thereof shall be posted at least one time on the property not less than two (2) business days prior to such summary abatement. This subsection shall not apply if the records of the county clerk show that the ownership and/or tenancy of the
property was transferred after notice was given pursuant to subsection A of this Section.

C. Removal of graffiti by a City pursuant to the provisions of this Section shall be performed at the sole expense of the City. In removing the graffiti, the City shall restore the property as nearly as possible to the condition as it existed immediately prior to the graffiti being placed on the property.

D. Nothing in the provisions of this Section shall prevent the City from abating graffiti as a nuisance or otherwise exercising its police power to protect the health, safety, or general welfare of the public.

E. The City and its officers, employees or agents shall not be liable for any damages or loss of property due to the removal of graffiti performed pursuant to the provisions of this Section.

c. Any legible and complete permit application shall be submitted to the City Council at its next regular or special meeting. The granting or denial of the application shall be in the City Council’s sole discretion; however, the City Council shall not grant a permit unless they are satisfied that the event:

Re-submittals or revised site plans shall be limited to one (1) change per event. Notwithstanding the timely submittal of the amended site plan the carnival, circus or special event shall not be authorized to operate in accordance with and pursuant to said amended site plan until such time as the amended site plan is approved. 5. Safe and orderly movement of normal traffic shall not be substantially interrupted. The City may require the permit holder to provide additional signage for traffic control and safety-related issues, as deemed necessary by staff. If any circus, carnival, or special event is located adjacent to or abutting a state road, and it is the intent to block the state highway, written permission shall be obtained from the Department of Transportation prior to such event and submitted with the Application.

The City may require that the person or entity seeking a permit or to whom a permit is issued post a cash bond or deposit with the City against which the City may recover all such costs and expenses. Failure to post such a cash deposit or bond may result in the denial of the permit application or revocation of a previously issued permit. Events that are sponsored entirely, or in part, by the City of Tonkawa may, in the sole discretion of the City, be exempted from the requirement to post a cash deposit or bond for such City sponsored event. In the event that security precautions for the
event are materially different than those contained in the permit application or in the event public safety is or may be compromised, then such concerns shall first be communicated by a City representative to the permit holder or designee of the permit holder in an effort to expeditiously to resolve any such public safety concerns. In the event such public safety concerns are not adequately addressed, the City Manager or his or her duly appointed representative may revoke the permit;

10. Only one race or rally upon and across the roads, streets and thoroughfares of the City shall be allowed per day. Dates for such races or rallies shall be assigned by the Police Department and maintained in the office of the City Clerk. If two or more such race or rally events are planned for the same date, the special event permit will be awarded first to a race or rally event that is sponsored entirely by the City. In all other circumstances, the special event permit shall be awarded to the race or rally event that first submits a fully completed permit application for the date in question.

11. The permit will be valid for a maximum period of five (5) days.

12. All signs for a special event must conform with the ordinances in the code respecting signage.

13. It shall be unlawful for any person to "hawk" or waive patrons into a carnival, circus or special event.

c. the application is incomplete; or

d. the applicant fails to comply with or the proposed special event will violate a City code or other applicable law, unless the prohibited conduct or activity would be allowed under this ordinance; or
e. the applicant makes a false statement of material fact on an application for a special event permit; or

f. the applicant, or the operator of the event (the "Event Operator"), or the owner of the premises on which the event is planned (the "Property Owner") has had a special event permit revoked within the preceding twelve (12) months or the applicant, Event Operator or Property Owner have individually or collectively entered a plea of guilty and/or been convicted of two or more violations of a condition or a provision of a special event permit or of this section within the preceding eleven (11) months; or the proposed special event would unduly burden City services, and pose a risk to the public health, safety and welfare.

g. At the discretion of the City Council.

15. The City Manager may revoke a carnival, circus, or special event permit if:

a. the applicant fails to comply with or the carnival, circus, or special event is in violation of a condition or a provision of the permit or the site plan and any amended site plan, an ordinance of the City, or any other applicable law; or

b. the permit holder made a false statement of material fact on an application for a carnival, circus, or special event permit; or

c. the carnival, circus, or special event unduly burdens City services or unreasonably disrupts the public order and poses a risk to the public health, safety and welfare.

16. The granting of a special event permit does not relieve the applicant, Event Operator or Property Owner from complying with all other provisions of the City's Code of Ordinances (e.g., tent permits, building permits, electrical permits, food establishment and handling permits). All other permits and licenses required by code or other law for specific activities conducted in conjunction with or as a part of the carnival, circus, or special event must be applied for separately in a form satisfactory to the City.

17. A person commits an offense if he/she:
a. Commences or conducts a carnival, circus, or special event without the appropriate permits or fails to comply with any requirement or condition of a permit or this ordinance; or

b. Participates in a carnival, circus, or special event for which a permit has not been granted, or for which a permit has been suspended or revoked; or

BOARDS AND COMMISSIONS

DIVISION 1

PLANNING COMMISSION

Section 12-101 PLANNING COMMISSION CREATED.

There is hereby created a planning commission of the city. The commission shall be composed of five (5) members, nominated by the Mayor and confirmed by the city council. The Mayor shall be ex-officio member of the commission. Each appointed member shall hold office for a period of three (3) years, or until his successor takes office. The appointed members of the commission shall be nominated and appointed solely with reference to their fitness and without reference to party affiliation and shall serve without compensation. Members may be removed by the city council only for inefficiency, neglect of duty or malefaction in office. Vacancies occurring, otherwise than through the expiration of term, shall be filled
only for the un-expired terms by the Mayor with confirmation by the city council. The Mayor shall receive no compensation for his service on the commission.

SECTION 12-102 QUORUM.

Three (3) members of the planning commission shall constitute a quorum for the transaction of business. Any action taken shall be official when concurred in by not less than a majority of all appointed members of the planning commission present.

Note: Quorum amended on January 16, 2001 by Ordinance No. 2001-01A.

SECTION 12-103 ORGANIZATION AND RULES.

Each year the commission shall elect a chairman, a vice chairman and a secretary, and may create and fill such other offices as it may deem necessary. The term of the chairman, vice chairman, and secretary shall be one year. The planning commission shall adopt rules for the transaction of business and regulations necessary to effectuate the purposes of this Chapter 12 of the city code. (Prior Code, Sec. 16-6.)

SECTION 12-104 POWER TO EMPLOY STAFF.

The planning commission, subject to approval of the city council, shall have the power and authority to employ planners, engineers, attorneys, clerks and other help deemed necessary within the limits of the appropriation fixed by the city council. The salary and compensation of such employees shall be fixed by the city council and shall be paid out of the city treasury as are other officers and employees. Necessary expenses incurred by the commission shall be paid from the city treasury as other legal expenses of the city.

SECTION 12-105 POWERS AND DUTIES.

The planning commission shall have the power to prepare and recommend to the city council for adoption a comprehensive plan for the physical development of the city. In conducting its work, the planning commission may consider and investigate any subject matter tending to the development and betterment of the city and may make recommendations as it may deem advisable.
concerning the adoption thereof to the city council. The planning commission may make or cause to be made surveys, studies, maps and plans in the conduct of its activities. Before final action is taken by the city council on the location or design of any public buildings, statue, memorial, park, boulevard, street, alley, playground, public grounds, bridge or change in any location of any street or alley, such question shall be submitted to the planning commission for investigation and report. In the preparation of the comprehensive plan, the planning commission may from time to time prepare and recommend to the city council for adoption a part or parts thereof, which parts shall cover one or more major geographical divisions of the city or one or more major elements of the comprehensive plan. The planning commission may from time to time recommend extending, amending or changing any portion of the comprehensive plan.

SECTION 12-106 PURPOSES OF PLAN.

In the preparation of such plan, the planning commission may make careful and comprehensive surveys and studies of present conditions and future growth of the city with due regard to its relation to neighboring territory. The plan shall be made with the general purpose of guiding and accomplishing a coordinated, adjusted and harmonious development of the city and its environs which will, in accordance with present and future needs, best promote health, safety, morals, order, convenience, prosperity and general welfare, as well as efficiency and economy in the process of development; including, among other things, adequate provisions for traffic, the promotion of safety from fire and other dangers, adequate provision for light and air, the promotion of healthful and convenient distribution of population, the promotion of good civic design and arrangement, and wise and efficient expenditure of public funds.

SECTION 12-107 SUBDIVISION OF LAND.

The planning commission may prepare and recommend to the city council for adoption rules and regulations governing the subdivision of land within the corporate limits for the city. All plans, plats or replats of land laid out in lots, plots, blocks, streets, alleys or other ways intended to be dedicated to public or private use within the corporate limits of the city may first be submitted by the city council to the planning
commission for its recommendations. The disapproval of any such plan, plat or replat by the city council shall be deemed a refusal of the dedications shown thereon. No plat or replat of subdivision of land, or dedication of street or alley or other easement shall be entitled to record unless it bears the signature of the Mayor, attested by the City Clerk, certifying the approval and acceptance thereof by the city council.

SECTION 12-108 ZONING COMMISSION.

The planning commission shall also act as the zoning commission, which shall have the power to prepare and to recommend to the city council for adoption a zoning plan to regulate and restrict the height, number of stories and size of buildings and other structures, the percentage of lot that may be occupied, the size of yards, courts and other open spaces, the density of population, the location and use of buildings, structures and land for trade, industry, residence and other purposes.

SECTION 12-109 UNIFORMITY OF REGULATIONS.

The planning commission may recommend the division of the city into districts of such number, size and area as may be deemed best suited to carry out the zoning plan. All such regulations shall be uniform for each class or kind of buildings throughout each district, but the regulations in one district may differ from those in other districts.

SECTION 12-110 COMPREHENSIVE PLAN, PURPOSE OF REGULATIONS AND MATTERS CONSIDERED.

Zoning regulations shall be made in accordance with a comprehensive plan and designed to lessen congestion in the streets; to secure safety from fire, panic and other dangers; to promote health and the general welfare; to provide adequate light and air; to prevent the over-crowding of land; to avoid undue concentration of population; to facilitate the adequate provisions of transportation, water, sewerage, schools, parks, and other public requirements. Such regulations shall be made with reasonable consideration, among other things, as to the character of the district and its peculiar suitability for particular uses, and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout the municipality.
DIVISION 1

BOARD OF ADJUSTMENT

SECTION 12-121 BOARD OF ADJUSTMENT CREATED.

There is hereby created a board of adjustment consisting of five (5) members, who shall be appointed for a term of three (3) years and removable for cause by the city council upon written charges and after public hearing. The members of the City Council shall not be members of the Board of Adjustment. Vacancies shall be filled for the unexpired term of any members whose term becomes vacant. The board of adjustment in effect on the effective date of this section shall be constituted as the board of adjustment, with terms of three (3) years, or until their successors are appointed and qualified.

Note: Approved on June 16, 2015, by Ordinance No. 2015-02.

SECTION 12-122 MEETINGS AND PROCEDURES.

The board shall adopt rules in accordance with the provisions of this chapter. Meetings of the board shall be held at the call of the chairman and at such other times as the board may determine. The chairman, or in his absence, the acting chairman, may administer oaths and require the attendance of witnesses by subpoena. The board shall keep the minutes of its proceedings, showing the vote of each member upon each question, or if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the City Clerk and shall be a public record. The concurring vote of four (4) members of the board shall be necessary to reverse any order, requirement, decision or determination of any such administrative official, or to decide in favor of the applicant or any matter upon which it is required to pass under any such ordinance or code, or to effect any variation in such ordinance or code.

SECTION 12-123 APPEALS.

A. Appeals to the board of adjustment may be taken by any person aggrieved or by any officer, department, board or bureau of the municipality affected by any decision of the administrative officer. Such appeal shall be taken within thirty (30) days
after the decision by filing with the officer from whom the appeal is taken and with the City Clerk notice of appeal specifying the grounds therefore, and by paying a filing fee of Fifteen Dollars ($15.00) at the office of the City Clerk at the time the notice is filed. The officer from whom the appeal is taken shall forthwith transmit to the board all the papers constituting the record upon which the action appealed from was taken.

3. An appeal stays all proceedings in furtherance of the action appealed from unless the officer from whom the appeal is taken certifies to the board of adjustment after the notice of appeal has been filed with him that by reason of facts stated in the certificate a stay would in his opinion cause imminent peril to life or property. In such case, proceedings shall not be stayed otherwise than by a restraining order which may be granted by the board of adjustment or by a court of record on application and notice to the officer from whom the appeal is taken and on the cause shown.

4. Notice of public hearing before the board of adjustment shall be given by publication in a newspaper of general circulation in the municipality where the property is located and by mailing written notice by the city clerk to all owners of property within a three hundred (300) foot radius of the exterior boundary of the subject property. A copy of the published notice may be mailed in lieu of the written notice; however, the notice by publication and written notice shall be published and mailed at least ten (10) days prior to the hearing.

5. The notice, whether by publication or mail, of a public hearing before the board of adjustment shall contain:

1. Legal description of the property and the street address or approximate location in the municipality;

2. Present zoning classification of the property and the nature of the appeal or variance requested; and

3. Date, time and place of hearing.

6. At the hearing, any party may appear in person or by agent or by attorney.
The record of the meeting at which the variance or special exception was granted shall show that each element of a variance was established at the public hearing on the question, otherwise said variance or special exception shall be voidable on appeal to the district court.

SECTION 12-124 POWERS, APPEALS.

The board of adjustment shall have the powers to hear and decide appeals where it is alleged there is an error in any order, requirement, decision, or determination made by the administrative officer in the enforcement of the zoning regulations set forth in Sections 12-201 et seq. of this code.

SECTION 12-125 POWERS TO GRANT VARIANCES.

The board of adjustment shall have the power to authorize upon appeal in specific cases such variances from the terms of the zoning regulations in Sections 12-201 et seq. of this code as will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the provisions of the zoning regulations, will in any individual case, result in unnecessary hardship, so that the spirit of the zoning regulations shall be observed, public safety and welfare secured, and substantial justice done. Such variances may be granted in such individual case of unnecessary hardship upon a finding by the board of adjustment that:

1. At the time of the original adoption of the regulations there are extraordinary and exceptional conditions pertaining to the particular piece of property in question because of its size, shape, or topography, or other extraordinary or exceptional situation or condition of a specific piece of property;

2. The strict application of the zoning regulations to this particular and exceptional piece of property would create an unnecessary hardship, not self-imposed by the owner or developer;

3. Such conditions are peculiar only to the particular piece of property involved and not generally prevalent in the area;

4. Relief if granted, would not cause substantial detriment to the public good or impair the purposes and intent of the zoning regulations, provided, however, that no variance may be granted for a use of land or building or structure that is prohibited
by the zoning regulations set forth in Sections 12-201 et seq. of this code.

SECTION 12-126 POWERS RELATIVE TO EXCEPTIONS.

The board shall have the power to hear and decide special exceptions to the terms of this title upon which the board is required to pass under this title. Upon appeal, the board is empowered to permit the following exceptions:

1. To permit the extension of a district where the boundary line of a district divides a lot in single ownership as shown of record;

2. To interpret the provisions of this title where the street layout actually on the ground varies from the street layout as shown on the map fixing the several districts, which map is on file in the office of the City Clerk; and

3. To grant exceptions to the off-street parking requirements set forth in Sections 12-280 et seq. of this code when it is determined that the size and shape of the lot to be built on is such that off-street parking provisions could not be complied with, and that the proposed use will not create undue traffic congestion in the adjacent streets.

SECTION 12-127 EXERCISE OF POWERS

In exercising its powers the board may, in conformance with the provisions of this title, reverse or affirm, wholly or partly, or may modify the order, requirement, decisions or determination appealed from and may make such order, requirement, decision or determination as out to be made, and to that end shall have all the powers of the officer from whom the appeal is taken. In considering all appeals from rulings made under this title, the board shall, in making its findings on any specific case, determine the effect of the proposed change upon the supply of light and air to adjacent property, upon the congestion of the public streets, upon the public safety from fire and other hazards, upon the established property values within the surrounding area, and upon other factors relating to the public health, safety, comfort, morals, and general welfare of the people of the city. Every ruling made upon any appeal to the board shall be accompanied by a written finding of fact based upon the testimony received at
the hearing afforded by the board, and shall specify the reason for granting or denying the appeal.

SECTION 12-128 APPEAL TO DISTRICT COURT.

A. An appeal from any action, decision, ruling, judgment or order of the board of adjustment may be taken by any person or persons, jointly or severally aggrieved, or any taxpayer or any officer, department, board or bureau of the city to the district court by filing notice of appeal, with the City Clerk and with the board of adjustment within ten (10) days from the filing of the decision of the board, which notice shall specify the grounds of such appeal. Upon filing of the notice of appeal as herein provided, the board shall transmit to the court clerk the original or certified copy of all the papers constituting the record in the case, together with the order, decision or ruling of the board.

B. An appeal to the district court from the board of adjustment stays all proceedings in furtherance of the action appealed from, unless the chairman of the board of adjustment from which the appeal is taken certifies to the court clerk, after the notice of appeal has been filed, that by reason of facts stated in the certificate, a stay would in his opinion cause imminent peril to life or property. In such case, proceedings shall not be stayed otherwise than by a restraining order which may be granted by the district court or superior court upon application or notice to the administrative officer in charge of the enforcement of the terms and provisions of this title, and upon notice to the chairman of the board of adjustment from which the appeal is taken, and upon due cause being shown, the court may reverse or affirm, wholly or partly, or modify the decision brought up for review.

SECTION 12-129 EXPENSES.

Any person requesting a variance, special condition or any other relief from the Board of Adjustment shall pay an application fee of One Hundred Dollars ($100.00) to be used to defray any associated expenses, such as postage for notice to property owners within the 300' radius as required and all publication costs. The applicant shall further submit with its application a certified abstractor’s, registered professional engineer’s or registered land surveyors list of the names of all property owners within a three hundred feet (300') radius of the
exterior boundary of the territory on which the applicant seeks the amendment. The City will provide the stationary, labor, required notices, mailing and publication.

Note: Approved on June 16, 2015, by Ordinance No. 2015-02.

A. PURPOSE. By reason of potential adverse effect on public service, community appearance, environment, welfare, and to neighboring land uses, Site Plan Review and approval shall be required of development. For the purpose of assuring proper accessibility, circulation, functional relationships of use, and compatibility with adjoining and nearby development, no Building or Occupancy Permit shall be issued, nor use commenced, except in accordance with a Site Plan submitted and approved by the City.

B. INTENT. The Site Plan Review process recognizes that the developments to which it is made applicable, even though generally suitable for location in a particular district or on a particular site, are, because of their nature, size, complexity, or other indicators of probable impact, capable of adversely affecting the purposes for which these regulations are established, unless careful consideration has been given to critical design elements. Therefore, it is the intent of this process to insure that all elements are reviewed for compatibility with the provisions of these regulations. A Site Plan, much like a preliminary plat of subdivision, is intended to serve as a working document for the developer and the City. It shall provide sufficiently detailed information to allow an informed decision concerning the overall acceptability of the proposed development.

C. APPLICABILITY. Site Plan Review shall be required, as a precondition to the issuance of a Building or Occupancy Permit, in the following instance:

The development or establishment of any commercial or industrial use.

D. RESERVED.

E. DESIGN STANDARDS. The following design standards shall apply to any development requiring Site Plan Review:

1. Access. All developments requiring Site Plan Review shall have adequate and safe vehicular access to adjacent streets. All entrance and exit driveways to public streets
shall be located with due consideration for traffic flow so as to afford minimum conflict to traffic on public streets. All such entrances and exits shall be so located and designed so as to comply with the Traffic Control Policies of the City and in the case of State Highways, with the Oklahoma State Highway Commission's Driveway Regulations for Oklahoma Highways.

2. Drainage. Proper surface drainage shall be provided so that removal of surface waters will not adversely affect neighboring properties or the public storm drainage system and will, so far as practicable, avoid flooding, erosion, and detrimental depositing of silt, gravel or stone. Surface water shall be removed from all roofs, canopies and paved areas and disposed of in an appropriate drainage system. Surface water in all paved areas shall be disposed of in a manner approved by the City Manager or his designee.

3. Landscaping. Landscaping shall be included as an integral part of the development to provide a quality of life and amenities in keeping with the natural physical surroundings of the City. All developments shall be landscaped with trees, ornamental shrubs and green areas as approved by the Planning Commission.

4. Lighting. All lighting in parking areas, as part of signs and advertising or special lighting, shall be so arranged to avoid unreasonable reflection, glare, or radiation onto operators of motor vehicles, pedestrians, and neighboring land uses or properties. Outdoor lighting when provided, shall have an arrangement of reflectors and an intensity which will not interfere with adjacent land uses or the use of adjacent streets. No flickering, moving or flashing lights which would interfere with vehicular traffic shall be permitted.

5. Parking. The location, width and layout of interior drives shall be appropriate for the proposed interior circulation. The location and layout of accessory off-street parking and loading spaces shall provide for efficient circulation and the safety of pedestrians and vehicles. Said screening or barrier shall be dense landscaping, earthen berm, solid lumber or masonry fence, wall, or combination thereof. Solid lumber fencing shall be treated or painted in earth tone colors. More extensive screening may be required by the Planning Commission and City Council in instances where the above described screening does not adequately protect adjacent properties from unsightly or distractive activity. The screening shall be maintained in good condition. Prescribed screening need not be provided along a lot line if a building, fence, wall or dense landscaping of at least equivalent height, capacity, and maintenance exits immediately abutting on the opposite side of
said lot line. In addition, the Planning Commission and the City Council may require that existing landscaping and vegetation on the site which serves a partial or full screening be retained in order to satisfy the requirements of this Section.

8. Special Features. SECTION 12-382 PROCEDURE FOR AUTHORIZING USES PERMITTED ON REVIEW.

A. USES PERMITTED BY REVIEW. The development and administration of a Zoning Ordinance is based upon the division of the City into Zone Districts within which Districts the use of land and buildings and the bulk and position of buildings and structures in relation to the land are relatively uniform. It is recognized, however, that there are occasions when in addition to the principal permitted uses, other uses, hereinafter referred to as "USES PERMITTED BY REVIEW", because of their unique characteristics and because of the uniqueness of their proposed location, may be allowed after careful consideration of the impact of the particular uses upon the neighborhood and the public facilities thereon.

B. AUTHORIZATION. The City Council may grant a use that is listed under the USES PERMITTED BY REVIEW in a particular zone or as otherwise provided for after recommendation and at least one public hearing by the Planning Commission. The subject property will be required to be posted twenty (20) days prior to the public hearing. In addition, prior to the hearing, a written notice shall be mailed to all owners of real property located within a three hundred (300) foot radius of the exterior boundary of the property proposed for the use by review. The applicant shall, at his own cost, provide the City with a certified list of property owners from an abstractor,
together with a copy of any restrictive covenants that are applicable to the tract which is the subject of the use by review. The mailed and posted notices shall contain the:

2. Intent of General Description: That the USE PERMITTED BY REVIEW is consistent with the intent and purpose of the particular zone to promote public health, safety and general welfare.

3. Land Use Plan: That the USE PERMITTED BY REVIEW is in keeping with the Land Use Plan of the City.

D. APPLICATION. An application for a USE PERMITTED BY REVIEW shall be filed with the Zoning Officer. Any evidence as may be necessary to enable the Planning Commission and City Council to properly consider the request should accompany the application. The applicant for a USE PERMITTED BY REVIEW shall pay a fee in the same amount as the re-zoning application fee.

SECTION 12-383 PLANNING COMMISSION RECOMMENDATION REQUIRED; AMENDMENTS; APPLICATION FOR AMENDMENT; NOTICE AND PUBLIC HEARING; PLANNING COMMISSION ACTION; CITY ACTION; PROTESTS TO AMENDMENTS.

A. The regulations, restrictions, prohibitions and limitations imposed and the districts created may from time to time be amended, supplemented, changed, modified or repealed by ordinance, but no change shall be made until the planning commission, after notice and public hearing, files with the
City Council a report and recommendation on the proposed change.

B. The city council may, from time to time, on its own motion, or on petition from a property owner, or on recommendation of the planning commission, amend the regulations and districts herein established. Upon receipt of an application, the planning commission shall set a date for public hearing not less than twenty (20) days nor more than sixty (60) days from the date of filing. At least fifteen (15) days' notice of the date, time and place of the hearing shall be published in a newspaper of general circulation in the city. The notice shall include a map of the area to be affected which indicates street names or numbers, streams, or other significant landmarks in the area.

E. Except as authorized in subsection F of this section, in addition to the notice requirements provided for in subsection A hereinabove, a notice of a public hearing on any proposed zoning change, except by a municipality acting pursuant to subsection C of this section, shall be given twenty (20) days prior to the hearing by mailing written notices by the secretary of the planning commission, to all the owners of real property within a three hundred (300) feet radius of the exterior boundary of the territory contained in the application. ARTICLE 7

FLOOD DAMAGE PREVENTION

STATUTORY AUTHORIZATION FINDINGS OF FACT STATEMENT OF PURPOSE AND METHODS

SECTION 12-701 STATUTORY AUTHORIZATION.

The Legislature of the State of Oklahoma has in 82 O.S. §§1601-1618, as amended, delegated the responsibility to local
governmental units to adopt regulations designed to minimize flood losses. Therefore, the City Council of Tonkawa, Oklahoma, does ordain as follows to be effective on and after September 25, 2009.

SECTION 12-702 FINDINGS OF FACT.

1. The flood hazard areas of the City of Tonkawa, Oklahoma, are subject to periodic inundation which results in loss of life and property, health, and safety hazards, disruption of commerce and governmental services, and extraordinary public expenditures for flood protection and relief, all of which adversely affect the public health, safety and general welfare.

2. These flood losses are created by the cumulative effect of obstructions in floodplains which cause an increase in flood heights and velocities, and by the occupancy of flood hazards areas by uses vulnerable to floods and hazardous to other lands because they are inadequately elevated, floodproofed or otherwise protected from flood damage.

SECTION 12-703 STATEMENT OF PURPOSE.

It is the purpose of this Article to promote the public health, safety, and general welfare and to minimize public and private losses due to flood conditions in specific areas by provisions designed to:

1. Protect human life and health;

2. Minimize expenditure of public money for costly flood control projects;

3. Minimize the need for rescue and relief efforts associated with flooding and generally undertaken at the expense of the general public;

4. Minimize prolonged business interruptions;

5. Minimize damage to public facilities and utilities such as water, and gas mains, electric, telephone, and sewer lines, streets and bridges located in floodplains;

6. Help maintain a stable tax base by providing for the sound use and development of floodprone areas in such a manner
as to minimize future flood blight areas; and

7. Insure that potential buyers are notified that property is in a flood area.

SECTION 12-704 METHODS OF REDUCING FLOOD LOSSES.

In order to accomplish its purposes, this section uses the following methods:

1. Restrict or prohibit uses that are dangerous to health, safety or property in the times of flood, or in case of excessive increase in flood heights or velocities;

2. Require that uses vulnerable to floods, including facilities which serve such uses, be protected against flood damage at the time of initial construction;

3. Control the alteration of natural flood plains, stream channels, and natural protective barriers, which are involved in the accommodation of flood waters;

4. Control filling, grading, dredging, and other development which may increase flood damage;

5. Prevent or regulate the construction of flood barriers which will unnaturally divert flood waters or which may increase flood hazards to other lands.

DIVISION 2

DEFINITIONS

SECTION 12-705 DEFINITIONS.

Unless specifically defined below, words, or phrases used in this Article shall be interpreted to give them the meaning they have in common usage and to give this Article its most reasonable application.

“Accessory Structure” means structures which are on the same parcel of property as the principle structure and the use of which is incidental to the use of the principle structure (such as garages and storage sheds).
“Alluvial Fan Flooding” means flooding occurring on the surface of an alluvial fan or similar landform which originates at the apex and is characterized by high-velocity flows; active processes of erosion, sediment transport, deposition; and unpredictable flow paths.

“Apex” means a point on an alluvial fan or similar landform below which the flow path of the major stream that formed the fan becomes unpredictable and alluvial fan flooding can occur.

“Appeal” means a request for a review of the flood plain administrator's interpretation of this section or a request for a variance.

“Area of shallow flooding” means a designated AO or AH Zone in a community's flood insurance rate map (FIRM) with a one percent chance or greater annual chance of flooding to an average depth of one to three feet where a clearly defined channel does not exist, where the path of flooding is unpredictable and where velocity flow may be evident. Such flooding is characterized by ponding or sheet flow.

“Area of special flood hazard” is the land in the flood plain within a community subject to a one percent or greater chance of flooding in any given year. The area may be designated as Zone A, on the Flood Hazard Boundary Map (FHBM). After detailed rate making has been completed in preparation for publication of the FIRM, Zone A usually is refined into Zones, A, AE, AH, AO, or A1-99.

“Base Flood” means the flood having a one percent chance of being equaled or exceeded in any given year.

“Base Flood Elevation” means the elevation in feet above mean sea level of the base flood or one percent (1%) chance flood.

“Basement” means any area of the building have its floor sub-grade (below ground level) on all sides.

“Board” means the Oklahoma Water Resource Board.

condition or partial or complete inundation of normally dry land areas from:

a. The overflow of inland or tidal waters;

b. The unusual and rapid accumulation of runoff of surface waters from any source.

“Flood Insurance Rate Map (FIRM)” means an official map of a community, on which the Federal Emergency Management Agency has delineated both the areas of special flood hazards and the risk premium zones applicable to the community.

“Flood Insurance Study” is the official report provided by the Federal Emergency Management Agency. The report contains flood profiles, water surface elevation of the base flood, as well as the Flood Boundary-Floodway Map (FIRM and FBFM).

“Floodplain Administrator” means a person accredited by the Board and designed by the City Council of Tonkawa to administer and implement laws and regulations relating to the management of the floodplains.

“Flood plain or flood-prone area” means any land area susceptible to being inundated by water from any source (See definition of flooding).

“Flood plain management” means the operation of an overall program of corrective and preventive measures for reducing flood damage, including but not limited to emergency preparedness plans, flood control works and flood plain management regulations.

“Flood plain management regulations” means zoning ordinances, subdivision regulations, building codes, health regulations, special purpose ordinances (such as a flood plain ordinance, grading ordinance and erosion control ordinance) and other applications of police power. The term describes such state or local regulations, in any combination thereof, which provide standards for the purpose of flood damage prevention and reduction.

“Flood protection system” means those physical structural works for which funds have been authorized, appropriated, and expended and which have been constructed specifically to modify
flooding in order to reduce the extent of the areas within the City of Tonkawa subject to a "special flood hazard" and the extent of the depths of associated flooding. Such a system typically includes hurricane tidal barriers, dams, reservoirs, levees or dikes. These specialized flood modifying works are those constructed in conformance with sound engineering standards.

"Flood proofing" means any combination of structural and non-structural additions, changes, or adjustments to structures which reduce or eliminate flood damage to real estate or improved real property, water and sanitary facilities, structures and their contents.

"Floodway (Regulatory Floodway)" means the channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more one foot.

"Functionally dependent use" means a use which cannot perform its intended purpose unless it is located or carried out in close proximity to water. The term includes only docking facilities, port facilities that are necessary for the loading and unloading of cargo and passengers, and ship building and ship repair facilities, but does not include long-term storage or related manufacturing facilities.

"Highest adjacent grade" means the highest natural elevation of the ground surface prior to construction next to the proposed walls of a structure.

"Historical structure" means any structure that is:

a. Listed individually in the national Register of Historic Places (a listing maintained by the Department of Interior) or preliminarily determined by the Secretary of the Interior as meeting the requirements for individual listing on the National Register;

b. Certified or preliminarily determined by the Secretary of the Interior as contributing to the historical significance of a registered historic district or a district preliminarily determined by the Secretary to qualify as a registered historic district;
c. Individually listed on a state inventory of historic places in states with historic preservation programs which have been approved by the Secretary of Interior; or

d. Individually listed on a local inventory or historic places in communities with historic preservation programs that have been certified either:

1. By an approved state program as determined by the Secretary of the Interior or;

2. Directly by the Secretary of the Interior in states without approved programs.

“Levee” means a man-made structure, usually an earthen embankment, designed and constructed in accordance with sound engineering practices to contain, control, or divert the flow of water so as to provide protection from temporary flooding.

“Levee system” means a flood protection system which consists of a levee, or levees, and associated structures, such as closure and drainage devices, which are constructed and operated in accordance with sound engineering practices.

“Lowest floor” means the lowest floor of the lowest enclosed area (including basement). An unfinished or flood resistant enclosure, usable solely for parking of vehicles, building access or storage in an area other than a basement area is not considered a building's lowest floor; provided that such enclosure is not built so as to render the structure in violation of the applicable non-elevation design requirement of Section 60.3 of the National Flood Insurance Program regulations.

“Manufactured home” means a structure transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when connected to the required utilities. The term "manufactured home" does not include a "recreational vehicle".

“Manufactured home park or subdivision” means a parcel (or contiguous parcels) of land divided into two or more manufactured home lots for rent or sale.

“New construction” means, for the purpose of determining insurance rates, structures for which the "start of construction" commenced on or after the effective date of the initial FIRM or after December 31, 1974, whichever is later, and includes any subsequent improvements to such structures. For flood plain management purposes, "new construction" means structures for which the "start of construction" commenced on or after the effective date of a flood plain management regulation adopted by a community and includes any subsequent improvements to such structures.

“New manufactured home park or subdivision” means a manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including at a minim, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed on or after the effective date of flood plain management regulations adopted by a community.

“Recreational vehicle” means a vehicle which is (i) built on a single chassis; (ii) 400 square feet or less when measured at the largest horizontal projections; (iii) designed to be self-propelled or permanently towable by a light duty truck; and (iv) designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

“Start of construction” includes substantial improvement and means the date the building permit was issued, provided the actual start of construction, repair, reconstruction, placement, or other improvements was within 180 days of the permit date. The actual start means either the first placement of permanent construction of a structure on a site, such as the pouring of a slab or footings, the installation of piles, the construction of columns, or any work beyond the stage of excavation; or the placement of a manufactured home on a foundation. Permanent construction does not include land preparation, such as clearing, grading, and filling; nor does it include the installation of streets and/or walkways; nor
does it include excavation for basement, footings, piers or foundations or the erection of temporary forms; nor does it include the installation on property of accessory buildings, such as garages or sheds not occupied as dwelling units or not part of the main structure. For a substantial improvement, the actual start of construction means the first alteration of any wall, ceiling, floor, or other structural part of a building, whether or not that alteration affects the external dimensions of the building.

“Structure” means a walled and roofed building, including a gas or liquid storage tank, that is principally above ground, as well as a manufactured home.

“Substantial improvement” means any reconstruction, rehabilitation, addition or other improvement of a structure, the cost of which equals or exceeds 50 percent of the market value of the structure before “start of construction” of the improvement. This includes structures which have incurred "substantial damage", regardless of the actual repair work preformed. The term does not, however, include either, 1) any project for improvement of a structure to correct existing violations of state or local health, sanitary, or safety code specifications which have been identified by the local code enforcement official and which are the minimum necessary conditions, or 2) Any alteration of a "historic structure" provided that the alteration will not preclude the structure's continued designation as a "historic structure".

“Variance” is a grant of relief to a person from the requirements of this ordinance when specific enforcement would result in unnecessary hardship. A variance, therefore, permits construction, or development in a manner otherwise prohibited by this article. (For full requirements see Section 60.6 of the National Flood Insurance Program Regulations.)

“Violations” means the failure of a structure or other developments to be fully compliant with the community's flood plain management regulations. A structure or other development
without the elevation certificate, other certifications, or other evidence of compliance required in Section 60.3(b)(5), (c)(4), (c)(10) or (d)(3), is presumed to be in violation until such time as that documentation is provided.

“Water surface elevation” means the height, in relation to the National Geodetic Vertical Datum (NGVD) of 1929 (or other Datum, where specified), of floods of various magnitudes and frequencies in the flood plains of coastal or riverine areas.

9) When a regulatory floodway has not been designated the floodplain administrator must require that no new constructions, substantial improvements, or other developments (including fill) shall be permitted within Zones A1-30 and are on the community's FIRM, unless it is demonstrated that the cumulative effect of the proposed development, when combined with all other existing and anticipated development, will not increase the water surface elevation of the base flood more than one foot at any point within the community.

10. Under the provisions of 44 CFR Chapter 1, Section 65.12, of the National Flood Insurance Program regulations, a community may approve certain development in Zones A1-30, AE, AH, on the community’s FIRM which increases the water surface elevation of the base flood by more than one foot, provided that the community first completes all of the provisions required by Section 65.12.

11. Become accredited by the Board in accordance with Title 82 O.S. §§1601-1618, as amended.

12. After a disaster or other type of damage occurrence to structures in the City of Tonkawa determines if the residential & non-residential structures & manufactured homes have been substantially damaged and enforce the substantial improvement requirement.

him/her and may include, but not be limited to, plans in duplicate drawn to scale showing the location dimensions, and elevation of proposed landscape alterations, existing, and proposed structures, and the location of the foregoing in relation to areas of special flood hazard. Additionally, the following information is required:

E. Maintain a record of all such information in accordance with Division 4, Section 12-714.1.

2. Approval or denial of a development permit by the Floodplain Administrator shall be based on all of the provisions of this ordinance and the following relevant factors:

A. The danger of life and property due to flooding or erosion damage;

B. The susceptibility of the proposed facility and its contents to flood damage and the effect of such damage on the individual owner;

C. The danger that materials may be swept onto other lands to the injury of others;

D. The compatibility of the proposed use with existing and anticipated development;

E. The safety of access to the property in times of
flood for ordinary and emergency vehicles;

F. The costs of providing governmental services during and after flood conditions including maintenance and repair of streets and bridges, and public utilities and facilities such as sewer, gas, electrical, and water systems;

G. The expected heights, velocity, duration, rate of rise, and sediment transport of the flood waters and the effects of wave action, if applicable, expected at the site;

H. The necessity to the facility of a waterfront location, where applicable;

I. The availability of alternative locations, not subject to flooding or erosion damage, for the proposed use;

J. The relationship of the proposed use to the comprehensive plan for that area.

SECTION 12-716 VARIANCE PROCEDURE.

1. The appeal board as established by the City of Tonkawa shall hear and render judgment on requests for variances from the requirements of these regulations.

2. The appeal board or the Tonkawa City Council shall hear and render judgment on an appeal only when it is alleged is an error in any requirement, decision, or determination made by the Floodplain Administrator in the enforcement or administration of these regulations.

3. Any person or persons aggrieved by the decision of the appeal board may appeal such decision in the courts of competent jurisdiction.

4. The Floodplain Administrator shall maintain a record of all actions involving an appeal and shall report variances to the Federal Emergency Management Agency upon request.

5. Variances may be issued for the reconstruction, rehabilitation or restoration of structures listed on the National Register of Historic Places or the State Inventory of Historical Places, without regard to the procedures set forth in the remainder of these regulations and ordinances.
6. Variances may be issued for new construction and substantial improvements to be erected on a lot of one-half acre or less in size contiguous to and surrounded by lots with existing structures constructed below the base flood level, providing the relevant factors in Section 12-715.2 of this article have been fully considered. As the lot size increases beyond the one-half acre, the technical justification required for issuing the variance increases.

7. Upon consideration of the factors noted above and the intent of this section, the appeal board may attach such conditions to the granting of variances as it deems necessary to further the purpose and objectives of Section 12-703.

8. Variances shall not be issued within any designated floodway if any increase in flood levels during the base flood discharge would result.

9. Variances may be issued for the repair or rehabilitation of historic structures upon a determination that the proposed repair or rehabilitation will not preclude the structure’s continued designation as a historic structure and the variance is the minimum necessary to preserve the historic character and design of the structure.

10. Prerequisites for granting variances:

A. Variances shall only be issued upon a determination that the variance is the minimum necessary, considering the flood hazard, to afford relief.

B. Variances shall only be issued upon, (i) showing a good and sufficient cause; (ii) a determination that failure to grant the variance would result in exceptional hardship to the applicant, and (iii) a determination that the granting of a variance will not result in increased flood heights, additional threats to public safety, extraordinary public, or conflict with existing local laws or ordinances.

C. A written notice will be provided to any person granted a variance to build a structure below the base flood elevation, and that the cost of flood insurance will be commensurate with the increased risk resulting from the reduced lowest floor elevation.
11. Variances may be issued by a community for new construction and substantial improvements and for other development necessary for the conduction of a functionally dependent use provided that (i) the criteria outlined in Division 4, Section 12-716 (1)-(9) are met, and (ii) the structure or other development is protected by methods that minimize flood damages during the base flood and create no additional threats to public safety.

12. Any person seeking a variance shall file a petition with the Floodplain Administrator or the Tonkawa City Council, accompanied by a filing fee of Twenty-five Dollars ($25.00).

13. A copy of any variance issued shall be sent to the OWRB within fifteen (15) days of issuance.

DIVISION 5

PROVISIONS FOR FLOOD HAZARDS REDUCTION

SECTION 12-717 GENERAL STANDARDS.

In all areas of special flood hazards the following provisions are required for all new construction and substantial improvements:

1. All new construction or substantial improvements shall be designed (or modified) and adequately anchored to prevent flotation, collapse or lateral movement of the structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy;

2. All new construction or substantial improvements shall be constructed by methods and practices that minimize flood damage;

3. All new construction or substantial improvements shall be constructed with materials resistant to flood damage;

4. All new construction or substantial improvements shall be constructed with electrical, heating, ventilation, plumbing, and air conditioning equipment and other service facilities that are designed and/or located so as to prevent water from entering or accumulating within the components during conditions of flooding;
5. All new and replacement water supply systems shall be designed to minimize or eliminate infiltration of flood waters into the system and discharge from the systems into flood waters into the system; and,

6. New and replacement sanitary sewage systems shall be designed to minimize or eliminate infiltration of flood waters into the system and discharge from the systems into flood waters; and

7. On-site waste disposal systems shall be located to avoid impairment to them or contamination from them during flooding.

SECTION 12-718 SPECIFIC STANDARDS.

In all areas of special flood hazards where base flood elevation data has been provided as set forth in (i) Division 3, Section 12-707, (ii) Division 4, Section 12-714(8), or (iii) Division 5, Section 12-719 (4), the following provisions are required:

1. Residential construction—new construction and substantial improvements of any residential structure shall have the lowest floor (including basement), elevated to or above one foot above the base flood elevation. A registered professional engineer, architect, or land surveyor shall submit a certification to the floodplain administrator that the standard of this subsection as proposed in Article of the Subsection as proposed in Division 4, Section 12-715(1)A., is satisfied.

2. Nonresidential construction—new construction and substantial improvements of any commercial, industrial or other nonresidential structure shall either have the lowest floor (including basement) elevated to or above the base flood level or, together with attendant utility and sanitary facilities, be designed so that below the base flood level the structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy. A registered professional engineer or architect shall develop and/or review structural design, specifications, and plans for the construction, and shall certify that the
design and methods of construction, are in accordance with
accepted standards of practice as outlined in this subsection.
A record of such certification which includes the specific
elevation (in relation to mean seal level) to which such
structures are floodproofed shall be maintained by the
floodplain administrator.

3. Enclosures-new construction and substantial
improvements, with fully enclosed areas below the lowest floor
that are subject to flooding shall be designed to automatically
equalize hydrostatic flood force on exterior walls by allowing
for the entry and exit of floodwaters. Designs for meeting
this requirement must either be certified by a registered
professional engineer or architect or meet or exceed the
following minimum criteria;

A. A minimum of two openings having a total net area of
not less than one square inch for every square foot of enclosed
area subject to flooding shall be provided.

B. The bottom of all openings shall be no higher than
one foot above grade.

C. Openings may be equipped with screens, louvers,
valves, or other coverings or devices provided that they permit
the automatic entry and exit of floodwaters.

4. Manufactured homes.

A. Require that all manufactured homes to be placed
within Zone A, shall be installed using methods and practices
which minimize flood danger. For the purpose of this
requirement, manufactured homes must be elevated and anchored
to resist flotation, collapse, or lateral movement. Methods of
anchoring may include, but are not limited to; use of over-the-top or frame ties to ground anchors. This requirement is in
addition to applicable state and local anchoring requirements
for resisting wind forces.

B. Require that manufactured homes are placed or
substantially improved with Zones A1-30, AH, and AE on
Tonkawa’s FIRM on sites (i) outside of a manufactured home park
or subdivision, (ii) in a new manufactured home park or
subdivision, (iii) in an expansion to an existing manufactured
home park or subdivision, or (iv) in an existing manufactured
home park or subdivision on which a manufactured home has incurred “substantial damage” as a result of a flood, be placed on a permanent foundation so that the bottom of the structural I-Beam is elevated at or above one foot above the base flood elevation and be securely anchored to a foundation system to resist flotation, collapse and lateral movement.

C. Require that manufactured homes be placed or substantially improved on sites in an existing manufactured home park or subdivision with Zones A1-30, AH, and AE on Tonkawa’s FIRM that are not subject to the provisions of paragraph 4 of this section have the bottom of the structural I-Beam elevated at or above one foot above the base flood elevation elevated on reinforced piers or other foundation elements of at least equivalent strength that are securely anchored to resist flotation, collapse, and lateral movement support the manufactured home chassis.

5. Recreational Vehicles — Require that recreational vehicles placed on sites within Zones A1-30, AH, and AE on the community’s FIRM either:

A. Be on the site for fewer than 180 consecutive days,

B. Be fully licensed and ready for highway use, or

C. Meet the permit requirements of Division 4, Section 12-715 (1), and the elevation and anchoring requirements for “manufactured homes” in paragraph (4) of this section. A recreational vehicle is ready for highway use if it is on its wheels or jacking system, is attached to the site only by quick disconnect type utilities and security devices, and has no permanently attached additions.

6. Accessory Structures

A. Structure is low valued and represents a minimal investment.

B. Structure shall be small and not exceed 600 square feet in size.

C. Structure shall be unfinished on the interior.

D. Structure can be used only for parking and limited
storage.

E. Structure shall not be used for human habitation (including work, sleeping, living, cooking, or restroom areas).

F. Service facilities such as electrical and heating equipment must be elevated to or above one foot above the BFE or floodproofing.

G. Structure is constructed and placed on building sites so as to offer the minimum resistance to the flow of floodwaters.

H. Structure is designed to have low flood damage potential, i.e., constructed with flood resistance materials.

I. Structure is firmly anchored to prevent flotation, collapse and lateral movement.

J. Floodway requirements must be met in the construction of the structure.

K. Openings to relieve hydrostatic pressure during a flood shall be provided below the BFE.

L. Structure is to be located so as not to damage to adjacent and nearby structures.

SECTION 12-719 STANDARDS FOR SUBDIVISION PROPOSALS.

1. All subdivision proposals including manufactured home parks and subdivisions shall be consistent with this Division 1, 12-702, 12-703 and 12-704 of these regulations.

2. All proposals for the development of subdivisions including manufactured home parks and subdivision shall meet development permit requirements of Division 3, Section 12-708; Division 4, Section 12-715; and the provisions of Division 5.

3. Base Flood elevation data shall be generated for subdivision proposals and other proposed development including manufactured home parks and subdivisions which is greater than 50 lots or 5 acres, whichever is lesser, if not otherwise provided pursuant to Division 3, Section 12-707 or Division 4, Section 12-714(8) of this Article.
4. All subdivision proposals including manufactured home parks and subdivisions shall have adequate drainage provided to reduce exposure to flood hazards.

5. All subdivision proposals including manufactured home parks and subdivisions shall have public utilities and facilities such as sewer, gas, electrical, and water systems located and constructed to minimize or eliminate flood damage.

SECTION 12-720 STANDARDS FOR AREAS OF SHALLOW FLOODING (AO/AH ZONES).

Located within the areas of special flood hazard established in Division 3, Section 12-707, are areas designated as shallow flooding. These areas have special flood hazards associated with base flood depths of 1 to 3 feet where a clearly defined channel does not exist and where the path of flooding is unpredictable and where velocity flow may be evident. Such flooding is characterized by ponding or sheet flow; therefore, the following provisions apply;

1. All new construction and substantial improvements of residential structures have the lowest floor (including basement) elevated above the highest adjacent grade at least as high as the depth number specified in feet on the community's FIRM (at least two feet if no depth number is specified);

2. All new construction and substantial improvements of nonresidential structures;

   (a) Have the lowest floor (including basements) elevated above the highest adjacent grade at least as high as the depth number specified in feet on Tonkawa’s FIRM (at least two feet if no depth number is specified), or;

   (b) Together with attendant utility and sanitary facilities be designed so that below the base flood level the structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads of effects of buoyancy.

3. Registered professional engineer or architect shall submit a certification to the Floodplain Administrator that the
standards of this Division 4, as proposed in Section 12-715, are satisfied.

4. Require within Zones AH, or AO adequate drainage paths around structures on slopes, to guide flood waters around and away from proposed structures.

DIVISION 6

Section 12-821 PENALTIES FOR NONCOMPLIANCE.

No structure or land shall be hereinafter constructed, located, extended, converted, or altered without full compliance with the terms of this article and other applicable regulations. Violation of the provisions of this article by failure to comply with any of its requirements (including violations of conditions and safeguards established in connection with conditions) shall constitute a misdemeanor. Any person who violates any ordinance contained in this article or fails to comply with any of its requirements shall upon conviction thereof be fined not more than $500.00 plus court costs and penalty assessments, for each violation, and in addition shall pay all the costs and expenses involved in the case. Nothing herein contained shall prevent the City of Tonkawa officials from taking such other lawful actions as may be necessary to prevent or remedy any violation.

ARTICLE 8

ARTICLE 6

AMBULANCE SERVICES.

SECTION 13-601 SERVICE AUTHORIZE

The city is authorized to engage in emergency ambulance services via the Tonkawa Ambulance Service of the city ambulance department. The City is authorized to enter into the Agreement with Noble County Ambulance District and Noble County dated December 18, 2012.

SECTION 13-602 ADMINISTRATION.

The fire chief of the city, under the supervision of the City Manager, shall have day to day operational and administrative responsibilities for the ambulance service. Subscription rates, fees and charges for services, as well as policies of the ambulance service shall be approved by the city council.

SECTION 13-603 DEFINITIONS.

For the purpose of this chapter, the following definitions shall apply:

1. “Emergency” means a life threatening situation which requires that a patient be transported to a medical facility for immediate care;

2. “Medical facility” means an Oklahoma-licensed physician’s office or an accredited hospital;

3. “Medically Necessary” means a non-life threatening situation which requires that a patient be transported to or from a medical facility by ambulance.

4. “No-Cost” means all ambulance services shall be
billed to the patient’s insurance and the City will accept what payment is received from that insurance and waive any remaining balance on emergency and medically necessary ambulance services.

5. “Non-subscriber” means a person who does not purchase a subscription for emergency ambulance service for himself and those persons residing in his household;

6. “Subscriber” means a person who purchases a subscription to receive no-charge emergency and medically necessary ambulance service for themselves and those persons residing in his household;

7. “Transfer” means a non-life threatening situation whereby a patient is transported to a medical facility for medical tests or examination, or when a patient is transported from a medical facility to the patient’s place of residence.

**SECTION 13-604 SERVICES TO BE RENDERED.**

A. Emergency ambulance service will be the primary service provided by the ambulance service. Emergency ambulance services will be provided based upon the prevailing “Rules and Guidelines of the Tonkawa Ambulance Service” which are revised and modified as necessary by the City Council.

B. “Medically Necessary Service”: Medically necessary ambulance service will be the secondary service provided by the Tonkawa Ambulance Service. Medically necessary ambulance services will be provided when doing so will not compromise the Service’s ability to provide emergency services and will be based upon the prevailing “Rules and Guidelines of the Tonkawa Ambulance Service” which are revised and modified as necessary by the City Council.

C. Transfer ambulance service will be the secondary service provided by the ambulance service. Transfer ambulance service will be provided when doing so will not compromise the service’s ability to provide emergency ambulance services, and based upon the prevailing “Rules and Guidelines of the Tonkawa Ambulance Service” which are reviewed and modified as necessary by the city council.

D. A copy of the latest version of the “Rules and
Guidelines of the Tonkawa Ambulance Service” shall be on file in the office of the City Clerk.

SECTION 13-605 CHARGES FOR SERVICES.

A. Subscribers may receive no-charge emergency and medically necessary ambulance service during the period of their subscription. Non-emergency ambulance service will be billed at the prevailing rates for service which the City Council has established.

B. Non-subscribers will be billed for ambulance services at the rates as provided in Chapter 18, Section 13-605.

C. The ambulance service is to be as financially self-supporting as possible. To that end:

1. Each person who receives ambulance service is considered the primary person responsible for the payment of all services rendered. They shall agree to provide all insurance information and sign all necessary documents. Failure to comply will void the subscription and the patient shall be billed 100% of the current charges.

2. Payment in full for service is expected in a timely manner after services are rendered. The city is dedicated to taking all necessary steps to collect all outstanding accounts. The failure to pay an outstanding account for ambulance services shall be considered reasonable grounds to refuse non-emergency transfer ambulance service;

3. Those persons who receive no-charge emergency and medically necessary ambulance services as provided in Sections A and B of Section 13-606 are offered no-charge emergency and medically necessary ambulance services provided that the subscriber is not delinquent in the payment of city electric services. In the event the city disconnects electrical service for non-payment for a period of time in excess of forty-eight (48) hours, then the subscriber shall be considered a non-subscriber and shall be responsible for the payment of any ambulance services provided while the subscriber is delinquent in the payment for electrical services.

D. The City rates for ambulance services shall be established by resolution of the City Council.
SECTION 13-606 SUBSCRIPTIONS.

A. Those persons who are electric customers of the city at occupied, single-family residential service locations in the corporate limits of the city will be assessed a subscriber fee as set by the council as a monthly fee for no-charge emergency and medically necessary ambulance service.

B. Those persons who are year-round electric customers of the city at occupied, single-family residential service locations not within the corporate limits of the city may choose to be assessed at a rate set by the council as a monthly fee for no-charge emergency and medically necessary ambulance services.

C. Those persons who reside in group living facilities such as nursing homes and dormitories within the corporate limits of the city and do not receive a monthly electric bill for their individual place of residence may subscribe for no-charge emergency and medically necessary ambulance services by paying the annual subscription fee in June of each year.

D. Those persons who reside outside the corporate limits of the city but within the ambulance service response area may subscribe for no-charge emergency and medically necessary ambulance services by paying the annual subscription fee in June of each year.

SECTION 13-607 COLLECTION OF AMBULANCE FEE.

All ambulance services will be billed to the patient’s insurance carrier(s). The City will accept what the insurance pays for emergency and medically necessary ambulance service and waive the remaining balance. Charges for transfer service will not be waived. Payments received from subscribers shall first be applied to any delinquent or current monthly ambulance service fees. All receipts thereafter shall be applied toward the payment of electrical service charges of the subscriber.

Note: These sections pertaining to ambulances were amended by Ordinance 1995-05 approved on the 15th day of August, 1995.

SECTION 14-102  UNLAWFUL TO INJURE TREES AND SHRUBBERY.

It is unlawful for any person to injure any tree or shrubbery on a street or alley in the City; provided that this shall not prohibit the lawful and proper care and removal of such trees and shrubbery.

SECTION 14-108 NOTICE; PENALTY.

If any property owner, occupant or agent of such property shall fail or refuse to repair or clean off the sidewalk abutting or adjacent to the property owned or occupied by him within seventy-two (72) hours after notice served on him by any police officer, health officer, or any other agent of the City, the property owner or occupant or agent so failing or refusing
after notice so to do, to repair or clean off such sidewalk, shall be deemed guilty of an offense.

SECTION 14-109 NO OBSTRUCTIONS TO INTERFERE WITH DRAINAGE.

It is unlawful for any person, firm, or corporation to obstruct any street, sidewalk, or alley, by placing any approach driveway or other obstruction or substance whatever that will obstruct or prevent the natural flow of water, into the storm sewers or drains, or dam the same so as to back any water upon the streets, alleys, sidewalks, or gutter.

SECTION 14-110 INJURY; DRIVING OVER CURBING AND CROSSINGS.

Any person who shall willfully or wantonly cut or break or remove, or in any manner displace any curbing, guttering, or who shall recklessly or intentionally, drive any vehicle loaded with asphalt materials, lumber or building materials, or any kind, into or on the curbing, or concrete guttering of any paved street, shall be guilty of an offense.

SECTION 14-111 OWNER OF VEHICLE RESPONSIBLE FOR DAMAGE TO STREET.

This shall not be applicable to deterioration caused by normal vehicular use of such streets and alleys. B. Whenever any telephone, telegraph, or electric light and power company or any other person with authority to use the streets for such purposes, desires to string any wires or cables along or across any of the street parking, or other public place, such person shall make application to the City. If the Mayor determines that it is necessary for the proper stringing of the wires to trim or cut any such trees, and the same can be done without serious injury to the trees, he shall issue his written permit, stating the nature and extent of such trimming or cutting, which shall be filed with the City Clerk as heretofore provided. All such trimming or cutting shall be done under the direct supervision and control of the Mayor some competent person designated by him.

Vehicles shall move to the right or left only as necessary in slowing or stopping adjacent to the curb, in passing slow moving vehicles or making a proper approach for a turn, and this only after the driver has first ascertained that such movement can be made safely and has signaled for a change of course.

C. Upon a roadway which has been divided into three (3) lanes, a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and such center lane is clear of traffic within a safe distance, or in preparation for a left turn, or

D. Official signs may be erected directing the slow-moving traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway. Drivers of vehicles shall obey the directions of every such sign.

direction or any vehicle overtaken. In every instance the overtaking vehicle must return to the right-hand side of the roadway before coming within one hundred (100) feet of any vehicle approaching from the opposite direction.

B. No vehicle at any time shall be driven to the left side of the roadway under the following conditions:

If each vehicle is required to slow, the vehicle coming from the right shall have the right-of-way. If each vehicle is required to take caution, the vehicle coming from the right shall have the right-of-way. If one vehicle is required to slow and the other to take caution, the one required to take caution shall have the right-of-way. In any event, a vehicle which has already entered the intersection shall have the right-of-way over one which has not entered the intersection.

Section 15-541 THROUGH STREETS.

A. City personnel, subject to such direction as the Council may give, may designate any street or part of a street a through street.

B. Whenever the City designates and describes a through street, the stop sign, or yield sign if deemed more appropriate, shall be placed and maintained on every street intersecting a through street, or intersecting that portion thereof, unless traffic at such intersection is controlled at all times by traffic control signals.

C. At the intersection of two (2) such through streets or at the intersection of a through street and a heavy traffic street not so designated, stop signs shall be erected at the approaches of either of the streets as may be determined by the City if deemed desirable.
Section 15-542 INTERSECTIONS WHERE STOP OR YIELD REQUIRED.

The City Manager, subject to any directions given by the Council by motion or resolution, is hereby authorized to determine and designate intersections upon other than through streets where particular hazards exist and to determine whether:

1. Vehicles shall stop at one or more entrances to any such stop intersection, in which event he shall cause to be erected a stop sign at every such place a stop is required; or

The driver having so yielded may then proceed and the drivers of all other vehicles approaching the intersection shall yield to the vehicle so proceeding. A driver who enters a yield intersection without stopping and has or causes a collision with a pedestrian at a crosswalk or a vehicle in the intersection shall prima facie be considered not to have yielded as required herein. The provisions of this Section shall not release the drivers of other vehicles approaching the intersection at such a distance as not to constitute immediate hazard from the duty to drive with due care to avoid a collision. 1. Green alone, "Go":
   a. Vehicular traffic facing the signal, except when prohibited, may proceed straight through or turn right or left unless an official sign at such place prohibits such turn, but any vehicle and any pedestrian lawfully within the intersection or adjacent crosswalk at the time the signal displays green shall have the right-of-way over such vehicular traffic; and
   b. Pedestrian traffic, facing a green signal may proceed across the roadway within any marked or unmarked crosswalk unless a "walk" signal indicator is operating;

2. Steady yellow or amber alone, "caution":
   a. The showing of such signal color following green shall constitute a warning that the "red" or "stop" signal will be exhibited immediately thereafter; and
   b. Vehicles facing the signal shall stop before entering the near side crosswalk or at the limit line, if it is marked, unless the vehicle is so near the limit line when the "caution" signal first flashes that a stop cannot be made in safety, in which event vehicle may proceed cautiously through the intersection and clear the same before the "red" signal flashes;

3. Red alone, "stop":
   a. Vehicular traffic facing the signal stop before entering the crosswalk and shall remain standing until green or "go" is shown alone. Except where official signs are erected prohibiting such turns, vehicles in the right traffic lane, after making a full stop as required, may enter the intersection cautiously and make a right turn, but such vehicles shall yield the right-of-way to any pedestrians or other traffic in the intersection and the turn shall be made so as not to interfere in any way with traffic proceeding on a green signal indication on the cross street; and
b. Pedestrians facing the signal shall not enter or cross the roadway when such movement interferes with traffic proceeding on a green signal indication on the cross street, or when the movement cannot be made in safety. No pedestrian facing such signal shall enter the roadway until the green or "go" is shown alone unless authorized to do so, by a pedestrian "walk" signal;

4. Steady red with green arrow:

a. Vehicular traffic facing such signal when in the proper traffic lane may cautiously enter the intersection only to make the movement indicated by the arrow, but shall yield the right-of-way to pedestrians lawfully within a crosswalk and to other traffic lawfully using the intersection. If the movement indicted by the green arrow is a left turn, the left turn shall be made only on the red with green arrow signal; and

b. No pedestrian facing such signal shall enter the roadway until the green or "go" is shown alone unless authorized so to do by a pedestrian "walk" signal; and

5. Green arrows alone. Section 15-606 PEDESTRIANS; SIGNAL INDICATORS; REGULATIONS:

Special pedestrian control signals exhibiting the words "walk," "wait" or "don't walk" shall regulate pedestrian movement as follows:

b. Pedestrians shall not proceed in conflict with traffic, but may activate the signal control switch,
and shall wait until steady red alone is shown before entering the roadway or intersection controlled by the signal;

2. "Steady yellow alone":
   a. Vehicular traffic facing the signal is thereby warned that the red of "stop" signal will be exhibited immediately thereafter, and such vehicular traffic shall not enter or be crossing the intersection or pass the signal when the red or "stop" signal is exhibited; and
   b. No pedestrian shall enter the roadway or intersection on which the signal controls vehicular traffic until steady red alone is shown;

3. "Steady red":
   a. Vehicular traffic facing the signal shall stop before entering the crosswalk on the near side of the intersection, and shall remain standing until flashing yellow is shown alone;
   b. Pedestrians may proceed across the road controlled by the signal, and shall be given the right-of-way by the drivers of all vehicles; and

4. "Steady red and steady yellow combined":
   a. Vehicular traffic facing the signal is thereby warned that the flashing yellow signal will be exhibited immediately thereafter, and that such vehicular traffic shall remain standing until the flashing yellow is shown alone; and
   b. Pedestrians are thereby warned that the flashing yellow signal is about to be shown, and shall not enter the signal-controlled roadway or intersection, or in a direction which conflicts with the movement of vehicular traffic; but any pedestrian who has partially completed his crossing shall proceed to the nearest sidewalk or safety island, and shall be given the right-of-way by the drivers of all vehicles.

In case any railway company shall occupy an alley with its track or tracks, such company shall improve, gutter, drain, and grade such alley, and shall surface or pave it with the same material which is to be, or has been, used on the alley, or with such other satisfactory material as the council by motion or resolution may approve. When the tracks of any railroad company cross any street that is being or has been paved, the company shall pave as much of the street as is occupied by its track or tracks and two (2) feet on each side, using the same material as is to be, or has been, used on the street, or such other satisfactory material as the council by motion or resolution may approve. When more than one track crosses a street within a distance of one hundred (100) feet, measuring from inside rail to inside rail, the railroad company shall grade, gutter, drain, and curb the street area between its tracks, and surface or pave it with the same material which the city is to use or has used, on the street. Railroad companies shall keep all such improvements made by them in a good state of repair at all times.

Section 16-103 CLIMBING ON TRAINS.

It is unlawful for any person to climb upon, hold to, or in any manner attach himself to, any railway train, locomotive, or railway car, while such is in motion within the city, unless such person is acting in line of duty; or to board any train or railroad car, including a passenger, freight, or other car, except with a proper ticket or the permission of the person in charge of the train or car or in line of duty.

C. Where grade crossings of any railroad tracks are protected by automatic crossing gates with arms or by wig-wag signals within the city, all trains passing through any grade crossings so protected shall not exceed a speed of fifty (50) miles per hour. Such automatic crossing gates or wig-wag signals shall close each and every grade crossing to highway traffic for a period of at least thirty (30) seconds before any train, or part of train, shall occupy the grade crossing.

Section 16-105 CROSSING GATES OR SIGNALS.

Any and all railroad companies which are now operating and which shall hereafter operate, any railroad line or lines within the corporate limits, or through the corporate limits, of the city, are hereby authorized to erect and install automatic crossing gates, with arms, at all railroad grade crossings in the city.
Section 16-106 TRAINS BLOCKING STREETS.

UTILITY SYSTEMS GENERALLY

SECTION 17-101 LEASE OF SYSTEMS.

The City leased its water, electric and sewer systems to the Tonkawa Municipal Authority, (hereinafter "authority") a public trust. The trust has the power to set rates and otherwise to regulate the water, sewer, electric and sanitation systems. The motions and resolutions adopted by the trust replace any ordinances which the City had relating to these matters. For the motions and resolutions passed by the public trust, please refer to the minutes of the Tonkawa Municipal Authority. A copy of the trust indenture relating to the leasing of these systems is on file in the office of the City Clerk.

Ed. Note: See also special ordinances for various ordinances setting rates and governing the utilities.

Ed. Note: Water, sewer and electric systems are leased from the City and regulated by the Authority. The ordinances and indenture grant to the Authority the ability to govern these utilities.

SECTION 17-102 ACCESS TO CITY AND AUTHORITY AGENTS.

A. It is unlawful and an offense for any person to obstruct or deny access to or prevent the reading of water and electric meters in the City by the City or authority, its agents, employees, or officers by parking any vehicle or place any obstruction over or on top of the water meter covers or to permit any vehicle to be parked or located above or on top of the water meters. Each day's continuation of any such violation shall be deemed a separate offense.

B. It is unlawful to make threats of any type to officers, agents, or employees of the City or authority in the performance of their duties or to prevent the officers, agents, or employees from performing their official duties in reading the water meters or by limiting the access to water meters in any other manner not limited to those mentioned above.
SECTION 17-103  RULES ADOPTED, PENALTY.

The rules, regulations or rates of the Tonkawa Municipal Authority, as amended from time to time, are hereby adopted and incorporated herein by reference. Any violation of the rules, regulations or rates is punishable as provided in Section 1-108 of this code.

ARTICLE 2

BILLINGS AND GENERAL PROVISIONS

SECTION 17-201  UTILITY FEES AND BILLINGS IN GENERAL.

All fees and charge in connection with any customer's use of the sanitary sewer system, the water facility system, the collection and disposal of refuse and garbage, or the electrical service system are billed in accordance with applicable rates set by motion or resolution of the authority. All fees and charges owing for any of these utility services shall be billed monthly. The utility bills submitted under the terms of this section are payable on or before the past due date which is printed on the bill.

SECTION 17-202  UTILITY TAPS AND CONNECTIONS; FEES; UTILITY DEPOSITS; RECONNECTION FEE.

A. The authority shall approve any request for a water tap and connection, a sewer tap to an existing line or a sewer tap, any new line and any electrical service connection. Prior to granting this approval, the customer shall have paid the deposit and connection or charge as applicable and set by motion or resolution. The deposit shall serve as a guarantee for the payment of charges for utility service and other amounts owed in connection with the utility service. It shall be held in trust by the authority. When a customer's utility service is disconnected, the deposit or any part of such amount deposited which remains after all such charges and amounts due the authority have been satisfied, shall be returned to the customer, or to the authority if unclaimed by the customer, after notice as required by law.

B. Deposits shall be required as follows:

  Residential Customers:
$30.00 water deposit if no electric service

Property Owner/Electric and Water Deposit:

$60.00 with letter of good credit acceptable to the City Manager

$100.00 without letter of good credit

Non-Property Owner/Electric and Water Deposit:

$75.00 with letter of good credit acceptable to the City Manager

$150.00 without letter of good credit

Electric and Water Deposit if applicant left an unpaid bill with the City after termination of service or was ever charged in the municipal court with unauthorized connection or theft of services: $450.00

Commercial or Industrial Customers

Minimum of 1.5 (one and one half) months average billing (based upon previous 12 months actual billing history or based on structure of similar size or occupancy if no history exists) with a minimum deposit of $100.00.

A separate deposit shall be required for each service location, and shall be made in the name of the occupant of each service location. The use of a “floating” deposit is authorized under the following conditions:

1. Property owners shall make a sufficient number of “floating” deposits to comply with the requirement for a separate deposit for each service location.

2. The use of a “floating” deposit is authorized only for the purpose of allowing owners of multiple properties to receive electric service for short periods of time to allow for the cleaning and/or maintenance needs of the property.

No person, firm, partnership business or corporation shall be permitted to assign, transfer or “sign over” the deposit previously made with the City to any person, firm, partnership
business or corporation. A new electric customer shall make his own cash deposit in accordance with this section.

C. Any person making an application for utility service shall make a deposit with his application or meter as set out by the City.

D. The deposit shall be held by the City Clerk, and if at any time the person making the deposit should desire to discontinue the use of utility services, he shall notify the City Clerk, in writing, and shall accompany his application with all arrears, if any, and in case the application is not accompanied with the charges, then the authority shall deduct from the deposit the amount of utility charges against the meter and the balance, if any shall be returned to the person making the application. The City shall be authorized in the default of the application to pay such bills upon termination of service, to charge the same against any meter deposit provided for, and when the amount of such charge shall exceed the amount of the deposit, the City shall be authorized to discontinue the services until such arrears have been paid in full. Payment in a timely manner is defined as payment by the due date.

E. A fee for reconnection of any city utility service in the amount of Twenty Dollars ($20.00) shall be paid prior to the reconnection of such service where the service has been turned off or a meter has been disconnected by the City for any reason. The reconnection fee plus payment in full of the outstanding bill and penalties will be charged and collected prior to restoration of service. For each cut-off thereafter, the utility customer shall be required to post an additional $50.00 deposit prior to the re-establishment of service.

SECTION 17-203 OTHER UTILITY FEES OR CHARGES.

The authority from time to time by motion or resolution has the power to establish rates and charges governing all aspects of the utility services, including monthly service fees, connection fees and charges, and deposits.

SECTION 17-204 APPLICATION FOR SERVICE.

Any person desiring to have premises connected with the electrical distribution system of the City, shall make application to the City which application shall contain the
name of the applicant, the lot and block number, the address, the kind of building and the name of the owner or account. When the application has been properly filed and deposit made as set forth, the City shall inspect the premises, and if they conform with the rules and regulations of the City for the distribution of electrical current, the application shall be approved and the installation made. For a new customer, a reasonable time, normally not to exceed three (3) months time, shall be allowed to determine his service requirements before definitely selecting the appropriate rate schedule. Once selected, a rate adapted to his service may not change to another rate within a twelve (12) month period unless there is a substantial change in the character or conditions of his service.

SECTION 17-205 CONSUMER TO ADVISE OF CORRECT ADDRESS.

Every utility consumer, whether he is the owner or tenant, shall keep the utility department advised as to his correct mailing address. Failure to receive utility bills shall not be a valid excuse for failure to pay same when due.

SECTION 17-206 JOINT BILLING.

The monthly charges to any premises for utility services shall be billed monthly on a single bill or statement to each owner or occupant liable therefor; provide however, that such bill or statement shall separately state the charges for each utility service rendered to the premises.

SECTION 17-207 DUE DATE AND PENALTY FOR PAYMENT.

Utility bills shall be rendered monthly by the City, and all bills shall be due and payable on the 1st of the month ("due date"). If any bill is not paid by the 15th of the month, a penalty of ten percent (10%) of the bill shall be added thereto.

Section 17-208 NOTICE OF INTENTION TO TERMINATE SERVICE.

Utility consumers’ bills will be computed at the net rates and shall be payable on or before the date as set out in Section 17-207, each and every month. Bills of all utility customers not paid by 5:00 P.M. on the 15th of each and every month, or in the event that the 15th falls on a weekend or holiday, then on the first business day after the weekend or
holiday ("penalty date"), will be classified as delinquent and shall be subject to an additional charge equivalent to ten percent (10%) of the billing (excluding taxes). If any utility bill, or part thereof, shall remain unpaid on the eighth day after the penalty date or if one or more of the enumerated reasons as provided by Section 17-209 permitting termination of utility service is alleged to have occurred, the city shall give written notice of the enumerated reason for termination to the occupant of the premises for which such bill was rendered, who shall be deemed the agent of the owner of the premises for the purpose of notice, by mailing such written notice to the customer at the address provided to the City by the customer, specifying the amount due, with penalties and/or setting out specifically the enumerated reason for termination of utility service, and advising of the utility department's intention to terminate service on a date not less than forty-eight (48) hours (exclusive of Saturday, Sunday and holidays) after the posting or affixing of such notice. Such notice shall also contain a statement to the effect that the owner or occupant may request a hearing before a trust officer or employee within such forty-eight (48) hour period and state the telephone number at city hall where such officer or employee may be contacted to request such a hearing.

Section 17-209 ENUMERATED REASONS FOR TERMINATION OF UTILITY SERVICE; TERMINATION OF SERVICE; RECONNECTION SERVICE CHARGE.

A. The City may disconnect and terminate service to a utility customer for any of the following reasons:

1. Nonpayment of all or any portion of an undisputed bill or a bill which is no longer disputed or for which the city’s dispute process has been completed.

2. Failure to comply with the terms and conditions of a payment agreement as provided for in Section 17-210.

3. Failure to post a deposit as prescribed by City Code.

4. Failure to make application for service.

5. Misrepresentation of identity or facts for the purpose of obtaining service or use of an alias, trade name, business name, relative’s name or another person’s name as a device to escape payment of an unpaid obligation for city service provided to the utility customer. For purpose of further
interpretation of this subsection, the failure of a previous owner or occupant at the premises to pay an unpaid or delinquent account shall not constitute grounds for termination, unless the previous occupant remains an occupant or user of the City service at the premises, and in such event, the service may be properly terminated.

6. Unauthorized use of a city utility accomplished through bypassing of the City’s measuring equipment or tampering with wires, meters, pipes or other City equipment.

7. Whenever the City has reason to believe that continued service will create a health or safety hazardous condition on the utility customer’s premise that is dangerous to persons or property.

8. Refusal to grant access at reasonable times for the purpose of installation, inspection, maintenance, replacement, or reading of City equipment installed upon the premises of the utility consumer, or obstructed city easement of right-of-way, or maintaining any obstruction that would deny access for these premises.

9. Potential adverse effect of the service required by the consumer on the service of other utility customers of the City, provided the utility customer has been notified and given a reasonable opportunity to correct the adverse effect.

10. Abandonment of the premises served.

11. Upon request of the utility customer.

12. Causing an injury or threatening to cause an injury to an employee of the City or the family of an employee of the City or the property of the City for the purpose of preventing a City employee from engaging in activities authorized by law or in retaliation for such activities.

13. Violation of federal, state or local laws or regulations through use of the services.

14. Causing damages to City’s utility service or realted property.

B. If a utility bill remains unpaid, in whole or in part, or such service is subject to disconnection allegedly based on
one of the enumerated reasons set out in subsection A hereinabove, after service of the required termination notice and the appropriate time period of such notice has expired, and if:

1. No hearing before a trust officer or employee has been requested; or

2. After such hearing such charges are found to be properly imposed and/or the enumerated reasons found to have occurred;

then the utility service may be terminated.

C. A reconnection fee in the amount of as set by the authority, plus payment in full of the outstanding bill and penalties will be charged and collected prior to restoration of service. For each cut-off thereafter, the utility customer shall be required to post an additional $50.00 deposit prior to the re-establishment of service.

Section 17-210  PAYMENT ARRANGEMENTS.

The city officer or employee may make payment arrangements with any utility customer who have had continuous utility service with the City for at least one year and who makes a personal visit to city hall before the termination date as set out in Section 17-208. If payment arrangements are desired and approved by the city officer or employee, the utility customer may be required to sign a written agreement acknowledging the owed amount and agreeing to the payment arrangements. If the utility customer's gross bill, including any subsequent months service incurred after signing a payment arrangement contract, is not totally paid within the previously agreed upon payment arrangement date, the city may terminate the utility service.

SECTION 17-211  PERSONNEL MAY INSPECT PRIVATE PREMISES.

Authority personnel in the service of the utility systems may enter any private premises served by the water, electricity, sewer or other utility systems at any reasonable time, and inspect the pipes, lines, fixtures and connections on the premises.

SECTION 17-212  RURAL UTILITY USERS.
A. Every person being furnished utility services by the City, outside the corporate City limits of the City, shall be deemed and known as a "rural user."

B. Rural water service will be granted only after a request has been made therefor, in writing, addressed to the City Council of the City. Water extensions outside of the City limits of the City will not be made except on property on which the City has an easement, which has been granted the City or dedicated for public use. Such rural use shall have the prior approval of the City Council of the City; and all such extensions, lines, valves, fittings and connections shall be dedicated to the City for rural water service. All water extensions outside of the City shall be subject to the City plumbing code, and after inspection, shall be accepted by the City Council of the City, before being put in service.

C. In the event the City Council of the City determines by resolution, duly adopted and approved, that there is a water shortage in the City, and that it would be in the best interest of the inhabitants of the City, to disconnect all water connections to rural users, those persons, firms or corporations shall be disconnected from the water system of the City, from and after being given a three (3) days written notice thereof by the City Clerk.

SECTION 17-213 CITY'S RIGHTS AND RESPONSIBILITIES.

A. When an application for utility services has been approved, the City shall cause to be installed a meter or tap as appropriate, and connect the same with the authority for utility service. The City, at all times, shall have the right to enter upon the premises for the purpose of inspecting, maintaining, (including tree-trimming), reading of meters, and for the purpose of repair or adjustments of meters, lines and wires of the authority. The application and the installation of a meter or tap on the premises shall constitute a contract and agreement between the City and the persons making the application to pay for utility services applied for at the rate and manner specified by the City. The City does specifically reserve the right to charge and collect the rate and enforce the penalties in the manner herein provided, to change the rates at any time by ordinance or resolution, to temporarily discontinue the service at any time, without notice to the customer when necessary for repairs or some other emergency at the discretion of the City. Unreasonable impediments to the
reading of any utility meter shall constitute sufficient grounds for discontinuation of service (following proper notice) until the impediment has been removed by the customer or his agent to the satisfaction of the City.

B. The City will use reasonable diligence to supply steady and continued service at the point of delivery, but will not be liable to the customer for any damages occasioned by irregularities or interruptions. The City may, without further notice, discontinue service to any customer when a defective condition of wiring or equipment upon the premises of the customer results, or is likely to result, in danger to life or property, or interfere with proper service. In order to make repairs or changes in the City's facilities for supplying utility service, or some other emergency, the City reserves the right without incurring any liability therefore to suspend service without notice to the customer for such periods as may be reasonably necessary.

SECTION 17-214 CUSTOMER REGULATIONS AND RESPONSIBILITIES.

A. The customer will not sell the utility service purchased from the City to any other person unless the rate schedule under which he is served provides for such a resale. The customer will not be permitted to extend or connect the installation of lines across or under a street, alley or other public space in order to obtain service for adjacent property through one meter or tap unless such adjacent property is a part of the same business, actually continuous except for intervening public space.

B. The customer will be responsible for all damage to, or loss of, the City's property located upon his premises, unless occasioned by causes beyond his control, and shall not permit anyone who is not an agent of the City to remove or tamper with the City's property.

SECTION 17-215 COLLECTION FEE.

Whenever the City or its public trust authority refers an unpaid debt or an unpaid account receivable to a collection agency, including but not limited to an unpaid fee, penalty, interest, or other sum due, or a court penalty, cost, fine or fee in cases in the municipal court in which the accused has failed to appear or otherwise failed to satisfy a monetary obligation ordered by the court (hereinafter collectively referred to as an “unpaid debt or account”), a collection fee
in the amount of thirty-five percent (35%) of the unpaid debt or account shall be assessed and collected.

SECTION 17-216 METHOD FOR REVIEW AND RECALCULATION OF UTILITY RATES.

A. Rates, fees and charges for all utility services shall be based upon an analysis of the actual cost of services to the City for providing each such utility service, to include operation, maintenance, repair, replacement and necessary additions to each such utility system.

B. It is the purpose of this section to assure the recovery of costs from users of the City’s utility systems for sustaining and improving the utility services established herein, including the provision of a reasonable profit.

C. As soon as practicable following the receipt and acceptance of each successive year’s fiscal audit, the City’s financial consultant shall analyze the actual cost of services to the City/Tonkawa Municipal Authority for providing each such utility service. Such written analysis shall include a revised set of rates, fees and charges for all municipal utility services. Such written analysis shall thereafter be submitted to the City Council/Trustees as a part of the annual municipal/authority budget preparation together with a corresponding rate resolution.

D. If any revised rate resolution is approved and immediately thereafter posted, the new rate shall be implemented at the billing immediately following such approval or as soon as practical thereafter.

ARTICLE 3

In any case where theft is committed, the City shall have the right at the expense of the owner to install a boot and lock for the water meter and pit as a precaution against further theft.
SECTION 17-304  FAILURE OF WATER SUPPLY.

All fire hydrants and public hydrants of all kinds are directly under the control of the City. Any person, firm, or corporation who shall tamper with or secure water from any of these places in any other way than that for which they are intended shall be guilty of an offense and shall be punished accordingly.

SECTION 17-308  RESERVOIR, PUMPING AND FILTER PLANTS, TANKS AND TOWERS.

It is an offense and unlawful for any party or parties to loiter around, climb upon, or tamper in anyway with the tower and pressure tank or pumping station and filter plant. No party or parties shall loiter about the reservoir or drainage canals, climb upon the dam, hunt, fish, use boats on, or bathe, or wade in the reservoirs or drainage canals; and the reservoirs or drainage canals shall be under the supervision of the City. In case of emergency caused by a shortage of water in the City water system, it shall be the duty of the Mayor to give immediate notice, by publication in a newspaper of general circulation in the City, to the customers of the water system, restricting the use of water obtained from the water system, as the Mayor may designate for so long as such water shortage shall last. Thereafter, and until the Mayor proclaims that the emergency is at an end, it shall be unlawful for any person, corporation or entity, directly or indirectly, to use water obtained from the water system for any purpose or use specifically prohibited by the public notice.
