**Dick Gregory**

Professor Walter Williams is the founder of the Ancient Egyptian Museum and the Society of New Scholars (SUNS) in Chicago, Illinois. He is a historian, independent researcher, and author. He wrote the book, "The Historical Origin of Christianity". The thesis of his book is: "There has never been a man who ever walked the earth in human form of any race, creed, or color by the name of Jesus Christ." Professor Williams is also the author of the soon to be published book, "The Historical Origin of Islam". The thesis of this book is: "The traditional Prophet Muhammad of Islam never existed."

Dick Gregory entered the national comedy scene in 1961 when Chicago’s Playboy Club (as a direct request from publisher Hugh Hefner) booked him as a replacement for white comedian, “Professor” Irwin Corey. Until then Gregory had worked mostly at small clubs with predominantly black audiences (he met his wife, Lillian Smith, at one such club). Such clubs paid comedians an average of five dollars per night; thus Gregory also held a day job as a postal employee. His tenure as a replacement for Corey was so successful (at one performance he won over an audience including southern white convention goers) that the Playboy Club offered him a contract extension from several weeks to three years. By 1962 Gregory had become a nationally known headline performer, selling out nightclubs, making numerous national television appearances, and recording popular comedy albums.

Gregory recently escaped death when a massive tree fell on his car in a storm in Washington D.C. crushing it completely, causing him to have to be extricated from the car by emergency crews. One witness said, “I knew the driver and his passengers had died when I saw the tree fall.” Gregory said, “I knew that God had more work for me to do when I saw the tree falling. ” He saved his own life by driving into the oncoming lanes of traffic.

Gregory’s friend, Ted Terry, initiated his first website in 1998, dickgregory.com, which has now been redesigned and updated to include many of Gregory’s books and record albums, CDs, and other information for those who want interact with the incomparable Dick Gregory. His most recent book, Callus On My Soul, (Longstreet Press, Atlanta, Ga.) which became a best-seller within weeks of publication, is an autobiography that updates his earlier autobiography (Nigger), because as Dick says, “I’ve lived long enough to need two autobiographies which is fine with me. I’m looking forward to writing the third and fourth volumes as well.”
