COVID-19 IMPACT REPORT
SINCE MARCH 23, 2020

“It’s like your doors never closed,” said a parent after seeing her daughter struggle from being out of the classroom and having our staff open the door to better communication and understanding of the remote learning process.

“I’m happy that my child comes to an organization that cares so much.” Club Parent

MEALS & GROCERIES
5,455 Grab and Go Meals Distributed
Many Club members rely on our meal service while participating in programs throughout the year. The grab and go service was designed to supplement the meals kids, and adults, were missing during our closure. With its popularity, meal service has continued. Thanks to our community partners, in addition to the daily meals, thousands of dollars worth of groceries have been distributed at no cost to families in need of frozen meats and non-perishables.

SAFETY PROTOCOLS
• Limited Enrollment
• Small program groups
• Temperature checks
• Social distancing
• Hourly hand washing
• Staff wearing masks
• All facilities sanitized

EMERGENCY CHILD CARE
25 Avg. Children/Week
From May 18 to June 12 we operated, in a limited capacity, as an approved Emergency Child Care site providing a safe, fun and affordable program option for children of essential workers.

EDUCATIONAL SUPPORT
800+ Virtual Classroom Help Sessions
Our program staff created a supplemental education program to combat academic learning loss and provided educational support and resources during the remote learning period. Our Spanish-speaking families utilized the program not only as assistance with classroom help, but as a resource to break the communication barrier between themselves and their school teachers.

WELLNESS CHECKS
300+ Family Outreach Calls
During the initial weeks of the pandemic, program staff contacted Club families to check on their well-being and specific needs they had. Club members who were struggling with remote learning were connected to our virtual classroom help sessions; staff members served as liaisons, connecting and improving communication between families and teachers; and we provided donated tablets so our kids could remain connected with teachers and mentors.

SOCIAL ENGAGEMENT
• 43 Virtual Daily Activity Posts with hundreds of fun activities, craft ideas, coloring pages, puzzles and more!
• 35 Video Messages
• 2 New Instagram Pages - one for the Club and one for Teens
• 82 Facebook Posts
• 2,678 Facebook Followers

SUMMER PROGRAMS
230 Children & Teens Being Served Every Week
We are excited to serve more children during the summer months!
Strict guidelines are being followed to ensure everyone’s safety; group sizes are smaller, parents must drop off at camp, temperature checks take place daily and staff are wearing masks, especially when they can’t be six feet apart. We can accommodate 180 campers at Camp Foster, 30 kindergarteners and first graders at the Union Street Clubhouse and 20 teens. A waitlist exists for summer programs, which operates June 16 through August 28.

DOING Whatever It Takes FOR OUR KIDS, FAMILIES & COMMUNITY
