The PMCC program is an accelerated class geared toward preparation for the American Academy of Professional Coders (AAPC) National Exam. The test lasts five hours and forty minutes and consists of 150 questions.

Each week students will be given chapters to work on at home. A minimum of 10 hours will be required to complete the week's assignments. This "homework" will be reviewed and any concerns can be addressed during the next class.

**Week 6 — Midterm Exam
(50 questions)**

**Week 10 — Final Exam
(50 questions)**

Certificates of Completion are awarded once the course is successfully completed
