SOPREMA
GROUP

WARM ROOF WITH VAPOUR BARRIER SYSTEM

Project type: Refurbishment and new build
 Substrate: Concrete
 Installation: Torch applied
 Warranty: 25 Year

Component	Product
A Primer	Elastocol 500
B Vapour barrier	Sopravap Alu Activa 2
C Thermal insulation	Sopratherm
D Vented underlayer	Sopralene Flam Venti 250 TF
E Waterproofing membrane	Sopralene Optima C3 GmF
F Angle fillet	
G Underlayer	Sopralene Flam 250 TF
H Waterproofing membrane	Sopralene Optima C3 GmF
I Termination bar	
J Liquid flashing	Alsan 770 TX System

COLD APPLIED SINGLE LAYER OVERLAY SYSTEM

Project type: Refurbishment
 Substrate: Existing bitumen or asphalt
 Installation: Cold bonded
 Warranty: 20 Year

Component	Product
A Cold applied adhesive	Sopracol Liquid
B Waterproofing membrane	Sopralene Optima C3 GmF
C Angle fillet	
D Waterproofing membrane	Sopralene Optima C3 GmF
E Termination bar	
F Liquid flashing	Alsan 770 TX System

SOPRALENE OPTIMA AVANTAGES

- + Elastic and flexible down to -30 ° C
- + Longevity recognised for over 40 years
- + Optimum adhesion
- + Exceptional dimensional stability
- + High puncture resistance
- + Attractive finish

SOPRALENE OPTIMA WATERPROOFING SYSTEMS

The Sopralene Optima waterproofing systems have been developed in accordance with the demand for premium quality, high performance waterproofing. These systems have been designed for ultimate longevity, ease of application and superior performance.

SOPREMA have a wide range of systems available to suit all projects. Bespoke and hybrid systems can be specified to achieve specialist and complex project requirements.

Sopralene Optima is a unique and versatile product that is easy to install in both summer and winter.

SOPRALENE OPTIMA

SOPREMA has long been the manufacturer of choice for waterproofing membranes, based on high quality SBS modified bitumen, in the highly competitive waterproofing market. Over 100 years of experience in the field of elastomeric bitumen led Soprema to the development of Sopralene Optima.

Sopralene Optima outperforms other SBS modified bitumen membranes with its bespoke bitumen blend, optimum adhesion and resistance to extreme temperatures down to -30 ° C. This gives the product excellent ageing characteristics and the coloured ceramic granules give the membrane a particularly striking aesthetic appearance.

INSTALLATION

Sopralene Optima can be torch applied on multi layer systems and also cold bonded on single layer refurbishment waterproofing systems.

CERTIFICATION

Sopralene Optima is BBA certified. We know from experience that roofs waterproofed with Sopralene Optima have a life span of over 40 years. Sopralene Optima is manufactured according to the principles of sustainable construction, respecting the environment, human resources and the economy!

COMPLIMENTARY SYSTEM COMPONENTS

Depco bituminous outlets

Soprema paving support plots

A full range of ancillary system components and accessories are available to compliment Sopralene Optima waterproofing systems, all of which are covered by the Sopracover Warranty.

SOPRACOVER WARRANTY

15 to 25 year warranties are available for Sopralene Optima as standard, determined by the system specified.

All SOPREMA products are installed by approved contractors to ensure a consistent standard of workmanship. There are no minimum surface area or project value requirements to qualify for the Sopracover warranty.
