AKACHOCHIN

ABOUT THE VENUE

If you are looking for the perfect place to hold a private function in South Wharf, it would be Akachochin's pleasure to accommodate you and all of your guests. We'll organise your function from beginning to end and give you a night to remember for all of the right reasons.

Akachochin is a sleek, elegant restaurant, named for the red paper lanterns that hang outside traditional Japanese Izakayas. It's indicative of the restaurant as a whole - traditional methods and years of history colliding with modern produce in a modern setting.

The restaurant itself is modern, elegant, appropriately minimalist in its approach. Inside, it's all flattering lighting, marble sushi bar, and high ceilings.

We can create the perfect function packs and menus to suit your individual needs, full of the most delicious Japanese cuisine in the city.
