## Thinking of a Casino Theme Party for your next event!

**Great Decision!** Casino Parties are a fantastic way to get all of your guests involved. They are interactive, social and most importantly fun. Anyone can feel like James Bond with thousands of dollars of chips in the hand for gaming. A Casino Night Event is an unbeatable reward to your employees, to thank your clients, to celebrate a birthday or prepare a successful casino fundraiser for your organization. A Casino Party works great as well as a social event as a team activity where else can you see mail and a clerk going head to head with the CEO at the same casino table.

# A Casino Party is?

A Casino Party (also known as a Casino Night, Vegas Night, or Monte Carlo Night) is an event where guests experience the fun and excitement of playing in a real casino, but instead of going to the casino, the casino comes to you.

Casino Parties feature game tables much like the ones you would see and in a real casino, as well as professional dealers to run the games.

Casino Parties are usually a 4 hr event . At the beginning your guests will receive a predetermined amount of casino scrip (play money) or chips. Unlike Las Vegas, however, no real money is won as a result of gaming. At the end of the event, players become eligible to win prizes:

There are many ways to award prizes. However, the most common ones are:

1.- Three Top Winners

2.- Exchanging their casino winnings/chips for raffle tickets for a :

- Raffle Drawing: The tickets are placed in a raffle drum where winning prizes are drawn.
- Tricky Tray (Chinese Auction): Raffle tickets are placed on multiple baskets each representing a prize. This allows players to enter to win the prizes they will like to win
