

How secure is my information through Health365?

Your security is our highest priority. You and your healthcare provider have absolute control over who can access your data.

None of your health information is stored by us. We simply provide a channel, guarded by multiple layers of encryption, which connects you with the data stored by your GP.

Your information is protected by a user name and password. You will be asked to change the initial password with your own password when you sign up.

To get started just ask at reception.

Health
365

This new online service lets you:

- ➡ Make appointments with your GP or nurse
- ➡ Order repeat prescriptions
- ➡ Access your medical records
- ➡ Track your laboratory results
- ➡ Monitor your personal follow-up plan

The new convenient and secure way to manage your healthcare online.

What is Health365?

Health365 is an online service provided in partnership with your GP. It gives you secure access to your own medical records and a wide range of other services that make it easy to manage your own healthcare. You can also be authorised to view other family members' records on the same account (e.g. children or dependents).

What can I do with Health365?

Access all these services anytime, anywhere online from your PC, tablet, or smartphone:

- ➔ Make appointments with your GP or nurse any time of the day or night
- ➔ Order repeat prescriptions
- ➔ Access the records held by your GP, including medical history, regular medications and immunisations
- ➔ Access the consultation notes your doctor makes about your visits
- ➔ View and track your test results
- ➔ Get a list of scheduled events (e.g. due dates for check-ups and follow-up care).

What does it cost?

There is no cost to you for this service, it is sponsored by your practice.

How do I get access to Health365?

It's easy. Just talk to your GP's receptionist. They can sign you up and send you a confirmation email. Once you receive the email, just follow the link to the website and enter the user name and password provided.
