The kitchens make and prepare recipes with the freshest ingredients and if you have the professional skills, and you know the difference between a hollandaise and a béarnaise sauce, able to fillet fresh fish, cook a medium rare steak, bake a pavlova or even toss a pizza or two, then let us know.

We understand you are here to work to travel, so let us help you take full advantage of your time in Europe and we will even help you in the planning of trips, from all the stories and tales we've seen!
