

Gas Furnaces

Right for You

How can we say that Payne knows what's right for you? The answer is experience. D.W. Payne and sons started making the right products for their west coast customers back in 1914. Since that time, we've expanded nationwide with a brand that provides attractive, affordable products that work. These same principles apply to our gas furnaces. Because this solid lineup of comfort equipment carries the Payne name, you can be sure it's the right product at the right price.

Warm Up to Year-round Savings

When harsh, winter conditions outside drive you inside, it's great to know you can warm up with a reliable, efficient Payne furnace. But did you know your choice of furnaces can affect cooling efficiency as well? It can. That's why Payne is excited to offer a furnace that can actually increase your air conditioners' cooling efficiency by up to 1.5 SEER rating point*. Like miles-per-gallon ratings for a car, SEER ratings allow consumers to compare efficiency of air conditioners - the higher the number, the better the efficiency. So even though you have heating on your mind, don't forget that you can enjoy the total package of efficient, reliable Payne comfort all year long.

The PG8MEA and PG8JEA (low NOx)

deliver soothing comfort that's easy on the budget. These 80% AFUE furnaces easily save money on operation compared to older, less efficient models while delivering years of reliable performance backed by Payne. They continue to reduce monthly operating costs during the cooling season to provide lasting value for years to come.

As a consumer, you have a lot of choices when it comes to heating and cooling. With Payne, you can expect comfort and savings to continue for years because our products are designed, built and tested for long lasting operation.

*4-ton or smaller air conditioner, as compared to the Air Conditioning and Refrigeration Institute's Standard Coil ratings.

PG8MEA**

PAYNE

PAYNE

Payne is the Right Choice

Payne offers the right products at the right price, offering dependable, comfortable and efficient comfort season after season. So make the decision easy on yourself - choose Payne. When you do, you're choosing a long-standing history of indoor comfort products that are just right for you.

Our Warranty

The models PG8MEA and PG8JEA are covered with a 10-year limited parts warranty. Warranty applies to original owner of properly registered product.* Visit payne.com for details.

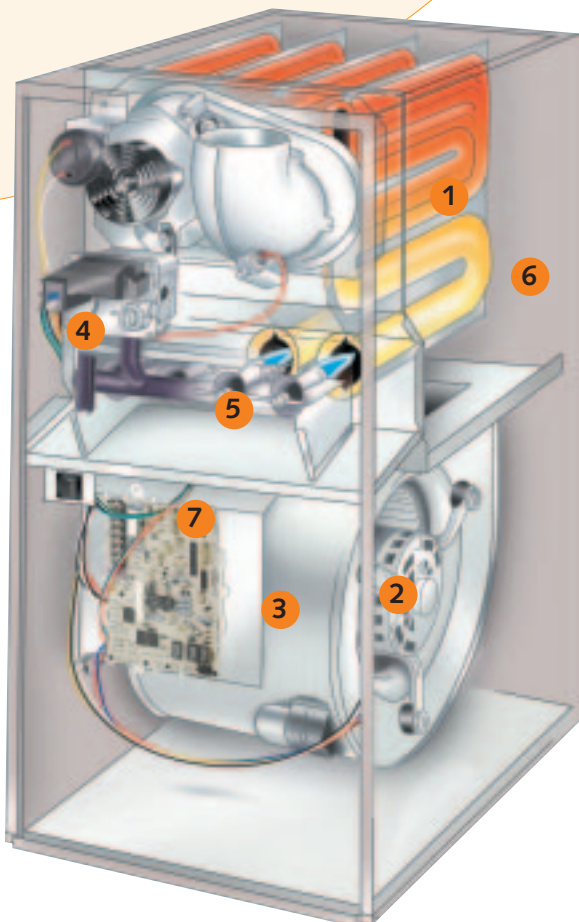

* Warranty period is 5years of not registered within 90 days. Products sold in California and Quebec automatically receive a 10-year warranty.

What You Get With Payne

- 1 Efficient, Lasting Comfort**
Payne's four-pass heat exchanger ensures high-efficiency heating. This key component is built to last and backed by a twenty-year limited warranty.
- 2 Smooth Operation**
You can relax in quiet comfort thanks to a soft mounted inducer motor which minimizes noisy vibrations.
- 3 Energy-saving Airflow**
The electronically controlled, programmable blower provides airflow optimized for your home's needs. The blower motor offers higher efficiency performance than most standard, PSC-type motors.
- 4 Quiet, Reliable Start-up**
A slow-opening gas valve quietly starts the heating cycle so you can enjoy the warm comfort of your home without distractions.
- 5 Money-Saving Efficiency**
Payne hot surface ignition improves the efficiency of furnace start-up and operation by eliminating the standing pilot light.
- 6 Attractive Finish**
The pre-painted, scratch-resistant cabinet resists corrosion for long-lasting good looks.
- 7 Precise Comfort Control**
You can count on accurate furnace control and performance with our reliable electronic control board that monitors furnace operation.

Easy Maintenance

Cleaning or changing the furnace filter regularly will greatly reduce the need for required maintenance of the system.

Your Total Comfort Connection with Payne

Air Conditioner and Gas Furnace System

An energy-efficient Payne furnace provides welcome warmth during winter's blustery chill. Add a Payne central air conditioner and properly matched evaporator coil and you can count on cool, soothing relief from summer's heat as well. It's a total system solution for indoor comfort you can count on all year long. And with the PG8MEA/PG8JEA you'll enjoy additional cooling efficiency during the cooling season.

Install Now, Pay Later with Payne Financing

If you're like many people, your need for comfort doesn't always match your immediate ability to pay for it. So Payne makes your life easier with 90 days of no-interest financing. Pay it off in 90 days, and pay no interest. Or, spread your payments over time with a reasonable finance charge. Either way, you can enjoy comfort now, when you need it. Credit provided by GE Capital Consumer Credit Card Company. For more details or to apply for Payne financing, go to www.Payne.com.
