STEEL FABRICATION & MECHANICAL EQUIPMENT FOR GENERAL INDUSTRY, MINING & CONSTRUCTION

The steel fabrication and screw conveying equipment specialists in Brisbane

Quality and experience you can rely on since 1978

Maxworthy Fabrication QLD is an independent privately owned Australian Steel Fabrication Company established in 1978, to provide quality Fabricated Steel and Mechanical Equipment to all industries including, General Industry, Bulk Material Handling, Mineral Processing, Mining and Construction.

Why Not give us an opportunity to offer you a quotation on your next fabrication requirement. One of experienced staff will be more than happy to assist.

## OUR MISSION

To ensure that all contracts are completed on time, within budget and to provide our customers with the best quality and service that we can possibly give without compromising safety. Recently Achieved ISO 9001:2008 Registration AU1065

## LOCATION

Our office and Fabrication Workshop is located at 12 Oasis Crt Clontarf on the Northern Outskirts of Brisbane. We are situated close to all amenities including the Brisbane Airport, Port of Brisbane and the National Highway. We have successfully supplied quality steel fabricated products to many projects throughout Queensland, interstate and overseas.

## CAPABILITIES & EXPERIENCE

Maxworthy Fabrication can also supply a complete service by offering the Supply and Installation of Wear Resistant Linings such as Alumina Tile, Bisaloy, Polyurethane and Rubber Lining. Protective Coatings such as Wet Paint Systems, Powder Coating and Hot Dip Galvanizing can also be offered.

## SERVICES

### GENERAL FABRICATION

Fabrication of Hoppers, Tanks, Bins, Chutes, frames, poles, brackets, cleats etc.

No job too small or large, we are only limited by our capacity.

### CONVEYING EQUIPMENT

35 years of experience in the fabrication of screw conveyors, screw flights, bucket elevators and belt conveyors.

### MECHANICAL FABRICATION

All types of mechanical fabrication, assembly, fitting of bearings, shafts, drives and gearboxes.

### STRUCTURAL FABRICATION

Fabrication of light to medium structural steel, platforms, hand rail, stairways, column, beams, posts.

### WEAR RESISTANT LINING

A full range of wear resistant lining including: Alumina tile, Polyurethane, Bisaloy and rubber lining can be offered.

### WELDING, INSPECTION AND NDT

Welding qualifications and procedures can be tailored to individual client requirements as well as complete inspection and test services by NATA approved inspectors, stress relieving & heat treatment can also be offered.

### PROTECTIVE COATING

Wet paints, powder coating, and hot dip galvanising.

### HANDLING AND LOGISTICS

From 1-tonne Ute to a semi-trailer load, we can load and deliver your equipment on time.

### ON-SITE INSTALLATION AND MAINTENANCE

With a fleet of fully equipped site vehicles and a team of experience tradesmen, we can offer a comprehensive on-site service, backed up by our workshop facilities.

PIPE WORK

## EQUIPMENT & CAPACITY

7600 m2 of fully fenced secure factory and office facilities with 2100m2 of concrete floor space, 8mtr high under roof, 6mtr under hook, 1500 m2 of external concrete hardstand and 150m2 of modern office space.

1 x 10 & 1 x 5 ton overhead bridge crane, 2 x 4 ton forklift, 1 x 6 ton flat bed truck Break press, guillotine, plate rolls, cropper, punch & shears, band saws, cold saw, radial drills, lathe and milling, welding and machining. 20 qualified trades people supported by 5 on the office management team.

35 years of experience in the fabrication of Bulk Storage and Transfer Equipment including Tanks, Bins, Chutes, Hoppers, Silos, General Plate and Pipe Fabricated Equipment. Conveying equipment such as Screw Conveyors, Bucket Elevators, Conveyor Pulley's, discharge heads, tail frames, take up frames, elevator buckets. Structural steel Platforms,

Basically,  
you  
design it,  
we can  
build it.

#### GENERAL FABRICATION & ENGINEERING

PLATE WORK | PIPE WORK | TANKS | SILOS  
HOPPERS | BINS | CHUTES | DUCTING | CONES  
TRANSITIONS | BEAMS | POSTS | WELDING  
MILD STEEL | STAINLESS STEEL | SPECIAL STEEL  
ON SITE INSTALLATION & MAINTENANCE

#### CONVEYING & MECHANICAL EQUIPMENT

SCREW CONVEYORS | SCREW FLIGHTS  
BELT CONVEYORS | CHAIN CONVEYORS  
BUCKET ELEVATORS | CONVEYOR PULLEYS

#### OTHER SERVICES & CAPABILITIES

MACHINING | PRESSING | ROLLING | PUNCHING  
CROPPING | CUTTING | DRILLING | WELDING  
PROTECTIVE COATING | GALVANIZING  
POLYURETHANE, RUBBER, ALUMINA TILE &  
BISALOY WEAR RESISTANT LINING

#### PROCESSING EQUIPMENT

BRAKE PRESS | GUILLOTINE | BAND SAW  
COLD SAW | PLATE ROLLS | PUNCH & SHEARS  
RADIAL DRILLS | PROFILE CUTTING | LATHES  
ENGINEERING EQUIPMENT

PROVIDING QUALITY STEEL FABRICATION  
& MECHANICAL EQUIPMENT FOR GENERAL  
INDUSTRY, MINING & CONSTRUCTION.
